The Assistant Secretary for Planning and Evaluation; Cooperative Agreement With the National Campaign to Prevent Teen Pregnancy

The Office of the Assistant Secretary for Planning and Evaluation (ASPE) announces that it will award a sole source cooperative agreement to the National Campaign to Prevent Teen Pregnancy (the National Campaign).

The purpose of this cooperative agreement is to assist, collaboratively with the National Campaign in the development of a teen pregnancy

prevention technical assistance guide for states and local communities. This agreement will also assist in supporting a series of technical assistance meetings aimed at teaching state and community representatives how best to use the guide.

Authorizing Legislation

This cooperative agreement is authorized under Section 241 of the Public Health Service Act.

Background

Assistance will be provided to the National Campaign to Prevent Teen Pregnancy. No other applications are solicited. ASPE is responsible for coordinating the Department's National Strategy to Prevent Teen Pregnancy. In this role, ASPE convenes and chairs an interdepartmental workgroup on teen pregnancy prevention and completes a yearly Report to Congress on the progress of the National Strategy. ASPE believes that the Campaign is uniquely qualified to work with ASPE to develop teen pregnancy prevention technical assistance for the following reasons:

1. The National Campaign to Prevent Teen Pregnancy is a nonpartisan organization dedicated to integrating a broad spectrum of perspectives in addressing the issue of teen pregnancy prevention. The National Campaign was initiated in 1996 as a result of President Clinton's challenge that "parents and leaders across the country join together in a national campaign against teen pregnancy to make a difference." In response to the President's call, a group of private citizens created the National Campaign, a nonprofit effort led by a distinguished board. The National Campaign's work is conducted through four task forces and a small staff. The task forces are comprised of experts in a wide variety of fields related to teen pregnancy prevention. The mission of the National Campaign is to prevent teen pregnancy by supporting values and stimulating actions that are consistent with a pregnancy-free adolescence. Its chief goal is to reduce the teenage pregnancy rate by one-third by the year 2005.

2. The National Campaign staff has been working with states and local communities over the last three years. In the course of their work in states, and during daily phone calls they receive in their Washington office. Staff has fielded hundreds of requests for technical assistance. This has led the National Campaign to identify the need for a "tool kit" to support the implementation of successful teen pregnancy prevention programs. Staff used the questions most often asked by

grass-roots leaders to guide the choice of topics for this tool kit.

3. The Campaign's Research and Evaluation Task Force is uniquely positioned to provide the best research-based information available on teen pregnancy prevention strategies. The Campaign's State and Local Action Task Force has a unique ability to test the materials for the user-friendliness and applicability at the grassroots level. The State and Local Action Task force will also be highly instrumental in the dissemination of the tool kit.

Approximately \$115,000 is available fiscal year 1999 for this cooperative agreement.

Where to Obtain Additional Information

If you are interested in obtaining additional information regarding this project, contact Mrs. Sonia Chessen, ASPE, U.S. DHHS, 200 Independence Avenue, SW. Room 450-G. Washington, DC 20201 or telephone (202) 690-8471.

Hanford Health Projects Inter-Tribal Council; Public Meeting

Public meeting of the Inter-tribal Council on Hanford Health Projects (ICHHP) in association with the Citizens Advisory Committee on Public Health Service (PHS) Activities and Research at Department of Energy (DOE) Sites: Hanford Health Effects Subcommittee.

Name: Public meeting of the Inter-tribal Council on Hanford Health Projects (ICHHP) in association with the Citizens Advisory Committee on PHS Activities and Research at DOE Sites: Hanford Health Effects Subcommittee (HHES).

Time and Date: 9 a.m.-4:30 p.m., July 21, 1999.

Place: DoubleTree Hotel Spokane City Center, North 322 Spokane Falls Court,

Spokane, Washington 99201, telephone 509/455-6285.

Status: Open to the public, limited only by the space available. The meeting room accommodates approximately 50 people.

Background: Under a Memorandum of Understanding (MOU) signed in October 1990 and renewed in November 1992 between ATSDR and DOE. The MOU delineates the responsibilities and procedures for ATSDR's public health activities at DOE sites required under sections 104, 105, 107, and 120 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or "Superfund"). These activities include health consultations and public health assessments at DOE sites listed on, or proposed for, the Superfund National Priorities List and at sites that are the subject of petitions from the public; and other health-related activities such as epidemiologic studies, health surveillance, exposure and disease registries, health education, substance-specific applied research, emergency response, and preparation of toxicological profiles.

In addition, under an MOU signed in December 1990 with DOE and replaced by an MOU signed in 1996, the Department of Health and Human Services (HHS) has been given the responsibility and resources for conducting analytic epidemiologic investigations of residents of communities in the vicinity of DOE facilities, workers at DOE facilities, and other persons potentially exposed to radiation or to potential hazards from non-nuclear energy production and use. HHS has delegated program responsibility to CDC. Community Involvement is a critical part of ATSDR's and CDC's energy-related research and activities and input from members of the ICHHP is part of these efforts. The ICHHP will work with the HHES to provide input on American Indian health effects at the Hanford, Washington site.

Purpose: The purpose of this meeting is to address issues that are unique to tribal involvement with the HHES, including a presentation and discussion on the DOE Richland Indian Office, Columbia River Pathways study, update on tribal cooperative agreements, and agency updates.

Matters to be Discussed: Agenda items will include a dialogue on issues that are unique to tribal involvement with the HHES. This will include updating tribal members of the cooperative agreement activities in environmental health capacity building and providing support for tribal involvement in and representation on the HHES.

Agenda items are subject to change as priorities dictate.

Contact Persons for More Information: Leslie C. Campbell, Executive Secretary HHES, or Marilyn Palmer, Committee Management Specialist, Division of Health Assessment and Consultation, ATSDR, 1600 Clifton Road, NE M/S E-56, Atlanta, Georgia 30333, telephone 1-888/42-ATSDR (28737), fax 404/639-6075.

The Director, Management Analysis and Services office has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and
