SUPPLEMENTARY INFORMATION:

Background.—These investigations are being instituted in response to a petition filed on June 29, 1999, by an incorporated consortium of independent domestic crude petroleum oil producers.

Participation in the investigations and public service list.—Persons (other than petitioners) wishing to participate in the investigations as parties must file an entry of appearance with the Secretary to the Commission, as provided in §§ 201.11 and 207.10 of the Commission's rules, not later than seven days after publication of this notice in the **Federal Register**. Industrial users and (if the merchandise under investigation is sold at the retail level) representative consumer organizations have the right to appear as parties in these investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to these investigations upon the expiration of the period for filing entries of appearance.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.—Pursuant to § 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in these investigations available to authorized applicants representing interested parties (as defined in 19 U.S.C. 1677(9)) who are parties to the

investigations under the APO issued in the investigations, provided that the application is made not later than seven days after the publication of this notice in the **Federal Register**. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Conference.—The Commission's Director of Operations has scheduled a conference in connection with these investigations for 9:30 a.m. on July 20, 1999, at the U.S. International Trade Commission Building, 500 E Street SW., Washington, DC. INTERNATIONAL TRADE COMMISSION

[Investigation No. AA1921–111 (Review)]

Roller Chain from Japan

Determination

On the basis of the record¹ developed in the subject five-year review, the United States International Trade Commission determines, pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)) (the Act), that revocation of the antidumping finding on roller chain from Japan would not be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission instituted this review on July 6, 1998 (63 FR 36440), and determined on October 8, 1998, that it would conduct a full review (63 FR 56048, October 20, 1998). Notice of the scheduling of the Commission's review and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on November 25, 1998 (63 F.R. 65221). Since all requests by interested parties to appear at the hearing were withdrawn before its scheduled date, no hearing was held in this review.

The Commission transmitted its determination in this review to the Secretary of Commerce on July 1, 1999. The views of the Commission are contained in USITC Publication 3203 (July 1999), entitled Roller Chain from Japan: Investigation No. AA1921–111 (Review).

By order of the Commission.

Issued: July 1, 1999.
