

ACTION: Segregation Terminated, Recreation and Public Purpose Lease/Conveyance.

SUMMARY: The following described public land in Las Vegas, Clark County, Nevada was segregated on July 23, 1997 for exchange purposes under serial number N-61855. The exchange segregation on the subject lands will be terminated upon publication of this notice in the **Federal Register**. The land has been examined and found suitable for lease/conveyance for recreational or public purposes under the provisions of the Recreation and Public Purposes Act, as amended (43 U.S.C. 869 *et seq.*). Clark County proposes to use the lands for a public park.

Mount Diablo Meridian, Nevada

Containing 80.00 acres, more or less, located at Lone Mountain Road and Jensen Street.

The land is not required for any federal purpose. The lease/conveyance is consistent with current Bureau planning for this area and would be in the public interest. The lease/patents, when issued, will be subject to the provisions of the Recreation and Public Purposes Act and applicable regulations of the Secretary of the Interior, and will contain the following reservations to the United States:

1. A right-of-way thereon for ditches or canals constructed by the authority of the United States, Act of August 30, 1890 (43 U.S.C. 945).

2. All minerals shall be reserved to the United States, together with the right to prospect for, mine and remove such deposits from the same under applicable law and such regulations as the Secretary of the Interior may prescribe and will be subject to:

1. Easements in accordance with the Clark County Transportation Plan.

2. Those rights for distribution line purposes which have been granted to Kern River Gas Company by Permit No. N-42581 under the Act of February 25, 1920 (30 U.S.C. 185, sec. 28).

3. Those rights for distribution line purposes which have been granted to Nevada Power Company by Permit No. N-59043 under the Act of October 21, 1976 (43 U.S.C. 1761).

4. Those rights for roadway purposes which have been granted to Clark County by Permit No. N-59198 under the Act of October 21, 1976 (43 U.S.C. 1761).

5. Those rights for roadway purposes which have been granted to Clark County by Permit No. N-60728 under the Act of October 21, 1976 (43 U.S.C. 1761).

6. Those rights for roadway purposes which have been granted to Clark County by Permit No. N-60903 under the Act of October 21, 1976 (43 U.S.C. 1761).

7. Those rights for distribution line purposes which have been granted to Nevada Power Company by Permit No. N-61629 under the Act of October 21, 1976 (43 USC 1761).

8. Those rights for distribution line purposes which have been granted to Las Vegas Valley Water District by Permit No. N-62096 under the Act of October 21, 1976 (43 USC 1761).

Detailed information concerning this action is available for review at the office of the Bureau of Land Management, Las Vegas Field Office, 4765 W. Vegas Drive, Las Vegas, Nevada.

Upon publication of this notice in the **Federal Register**, the above described land will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for lease/conveyance under the Recreation and Public Purposes Act, leasing under the mineral leasing laws and disposals under the mineral material disposal laws.

For a period of 45 days from the date of publication of this notice in the **Federal Register**, interested parties may submit comments regarding the proposed lease/conveyance for classification of the lands to the Las Vegas Field Office Manager, Las Vegas Field Office, 4765 Vegas Drive, Las Vegas, Nevada 89108.

Classification Comments

Interested parties may submit comments involving the suitability of the land for a park site. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Application Comments

Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for a park site.

Any adverse comments will be reviewed by the State Director.

In the absence of any adverse comments, the classification of the land described in this Notice will become effective 60 days from the date of publication in the **Federal Register**. The lands will not be offered for lease/conveyance until after the classification becomes effective.

Dated: July 8, 1999.

Notice of Availability of the Decision Notice and Finding of No Significant Impact for the Environmental Assessment of Restoration Alternatives for the March 28, 1993, Colonial Pipeline Oil Spill Near Reston, Virginia

ACTION: Notice of availability of the Decision Notice (DN) and Finding of No Significant Impact (FONSI) for the Environmental Assessment of Restoration Alternatives for the March 28, 1993, Colonial Pipeline Oil Spill near Reston, Virginia.

SUMMARY: Pursuant to the Council on Environmental Quality regulations, the Trustees, representing the National Park Service, U.S. Fish and Wildlife Service, Commonwealth of Virginia, and District of Columbia, prepared and made available for a 30-day public review the Draft Restoration Plan and Environmental Assessment for the Colonial Pipeline Oil Spill, Reston, Virginia (the EA). During the review period, the Trustees held a public meeting in Herndon, Virginia, to discuss the EA. See the notice of availability for the EA published in the **Federal Register** on October 23, 1998 (63 FR 56939).

After the end of the 30-day public availability period, the Trustees selected the preferred alternative, described in Sections 3.1 and 3.2 of the EA, and determined that the implementation of the preferred alternative will not cause a significant environmental impact (FONSI). In making that selection and determination, the Trustees considered the information and analysis contained in the EA and the comments received during the 30-day public availability period. As a result, the Trustees adopted certain modifications to the preferred

alternative. Those modifications are described in the DN/FONSI and will be incorporated in the Final Restoration Plan and Environmental Assessment.

The preferred alternative contains both primary and compensatory restoration actions. Natural recovery is the primary restoration action selected to return injured natural resources to their baseline conditions. A package of multiple compensatory restoration actions, including various wildlife habitat and recreational use enhancement projects, was selected to replace the interim loss of natural resource services. The goal of primary and compensatory restoration is to make the environment and the public whole for injuries to, or loss of, natural resources and services resulting from the oil spill.

SUPPLEMENTARY INFORMATION: Requests for copies of the DN/FONSI, or for any additional information, should be directed to Daniel Hamson, National Park Service, Environmental Quality Division, 1849 C Street, NW (Mail Stop 2749), Washington, DC 20240, Telephone: (202) 208-7504.

Dated: July 14, 1999.

Notice of Intent to Prepare an Environmental Impact Statement for a Roads and Trails Management Plan for Big Fork National River and Recreation Area, Kentucky and Tennessee

SUMMARY: Road and trail uses are among the most serious and volatile issues facing Big South Fork National River and Recreation Area (BISO) personnel. Therefore, the National Park Service (NPS) has decided to prepare a Roads and Trails Management Plan (RTMP) which will include an Environmental Impact Statement (EIS). While roads and trails provide appropriate access to resources and recreational opportunities, their use often involves resource impacts, user conflicts, and carrying capacity concerns. Strong pressures exist to develop additional trails, and there are strongly held positions of various user groups concerning the amounts, locations, and types of roads and trails that are needed. Road and trail standards are needed. The RTMP will address these concerns

and needs and provide guidance to BISO personnel. The EIS will provide an environmental evaluation of system options. The RTMP is considered a follow-up implementation effort to BISO's General Management Plan (GMP) which is nearing completion.

DATES: The NPS currently estimates formulating and evaluating alternatives by December 31, 1999, and comments would be most helpful prior to that date. Comments concerning roads and trails that were furnished by the public during the GMP process will be fully considered for development of the draft RTMP/EIS and need not be resubmitted. The public will be furnished an opportunity to review the draft RTMP/EIS and submit comments. Written comments and suggestions on the RTMP/EIS will be accepted anytime during the process.

FOR FURTHER INFORMATION CONTACT: Superintendent, Big South Fork National River and Recreation Area, 4564 Leatherwood Road, Onieda, Tennessee 37841, Telephone (423) 569-2404.

Dated: July 9, 1999.
