

These additional questions are sponsored by the NCES.

This survey provides information on public/private elementary and secondary school enrollment, and characteristics of private school students and their families, which is used for tracking historical trends and for policy planning and support. This survey is the only source of national data on the age distribution and family characteristics of college students, and the only source of demographic data on preprimary school enrollment. As part of the Federal Government's efforts to collect data and provide timely information to local governments for policymaking decisions, the survey provides national trends in employment and progress in school.

The data are used by Federal agencies; state, county, and city governments; and private organizations responsible for education to formulate and implement education policy. They are also used by employers and analysts to anticipate the composition of the labor force in the future. The NCES will use the data concerning language proficiency, disabilities, and grade retention to study the phenomenon of children being retained in grade.

**Submission for OMB Review;  
Comment Request**

The Department of Commerce (DOC) has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* U.S. Census Bureau.

*Title:* Survey of Income and Program Participation 1996 Panel Wave 12.

*Form Number(s):* SIPP/CAPI Automated Instrument; SIPP-161205(L) Director's Letter.

*Agency Approval Number:* 0607-0813.

*Type of Request:* Revision of a currently approved collection.

*Burden:* 44,228 hours.

*Number of Respondents:* 77,700.

*Average Hours Per Response:* 100,250.

*Needs and Uses:* The Census Bureau conducts the Survey of Income and Program Participation (SIPP) to collect information from a sample of households concerning the distribution of income received directly as money or indirectly as in-kind benefits. SIPP data are used by economic policymakers, the Congress, state and local governments, and Federal agencies that administer social welfare and transfer payment programs such as the Department of Health and Human Services, the Department of Housing and Urban Development, and the Department of Agriculture.

The SIPP is a longitudinal survey, in that households in the panel are interviewed at 4-month intervals or waves over the life of the panel, making the duration of the panel about 4 years. The next panel of households will be introduced in the year 2000.

The survey is molded around a central core of labor force and income questions, health insurance questions, and questions concerning government program participation that remain fixed throughout the life of the panel. The core questions are asked at Wave 1 and are updated during subsequent interviews. The core is supplemented with additional questions or topical modules designed to answer specific needs.

This request is for clearance of the topical modules to be asked during Wave 12 of the 1996 Panel. The core questions and topical modules for Waves 1-11 have already been cleared. The topical modules for Wave 12 are: Assets, Liabilities, and Eligibility; Children's Well-Being; Medical Expenses/Utilization of Health Care;

Work-Related Expenses; and Child Support Paid. Wave 12 interviews will be conducted from December 1999 through March 2000. Additionally, we will conduct a Wave 13 interview with a 1/4 portion of the 1996 SIPP panel during April 2000 in order to obtain complete calendar year data for 1999. This interview will collect only core data; no topical module will be administered.

Monetary incentives to encourage non-respondents have been incorporated into the 1996 Panel since Wave 1. The incentives have been approved by OMB for use on a test basis. Wave 12 also includes an incentive plan.

*Affected Public:* Individuals or households.

*Frequency:* Every 4 months.

*Respondent's Obligation:* Voluntary.

*Legal Authority:* Title 13 U.S.C., Section 182.

*OMB Desk Officer:* Linda Hutton, (202) 395-7858.

In addition, unless otherwise indicated, all citations to the Department's regulations are to the current regulations, codified at 19 CFR Part 351 (1999).

### Background

On August 19, 1993, the Department published in the **Federal Register** (58 FR 44162) the antidumping duty orders on certain corrosion-resistant carbon steel flat products and certain cut-to-length carbon steel plate from Canada. Based on timely requests by petitioners and respondents in both proceedings, the Department published its initiation of these antidumping duty administrative reviews covering the period of August 1, 1997 through July 31, 1998 (63 FR 51893) on September 29, 1998.

### Extension of Time Limits for Preliminary Results

Because of the complexities enumerated in the Memorandum from Joseph A. Spetrini to Robert S. LaRussa, Extension of Time Limit for the Preliminary Results of Antidumping Administrative Reviews: Certain Corrosion-Resistant Carbon Steel Flat Products and Certain Cut-to-Length Carbon Steel Plate From Canada, dated July 30, 1999, it is not practicable to complete these reviews within the time limits mandated by section 751(a)(3)(A) of the Act.

Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time limits for the preliminary results 7 days to August 6, 1999. The final results continue to be due 120 days after the publication of the preliminary results.

Dated: July 30, 1999.
