## FEDERAL COMMUNICATIONS COMMISSION

### 47 CFR Part 76

[CS Docket No. 96-85; FCC 99-57]

#### Implementation of the Cable Act Reform Provisions of the Telecommunications Act of 1996

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule; announcement of effective date.

**SUMMARY:** The Commission's amendments to 47 CFR 76.952 and 47 CFR 76.990, which contain information collection requirements, will become effective on August 31, 1999. These amendments, which were published in the **Federal Register** on July 2, 1999, relate to implementation of provisions of the Telecommunications Act of 1996. **EFFECTIVE DATE:** The amendments to 47 CFR 76.952 and 47 CFR 76.990, published at 64 FR 35948 will become effective on August 31, 1999.

**FOR FURTHER INFORMATION CONTACT:** Nancy Stevenson or Marjorie Reed Greene, Cable Services Bureau, (202) 418-7200.

#### SUPPLEMENTARY INFORMATION:

1. On March 29, 1999, the Commission released a Report and Order, a summary of which was published in the **Federal Register**. See 64 FR 35948, July 2, 1999. The Report

and Order implements the Cable Act Reform provisions of the Telecommunications Act of 1996. Because the rules imposed new information collection requirements, the amendments to 47 CFR 76.952 and 47 CFR 76.990 could not become effective until approved by the Office of Management and Budget ("OMB"), and no sooner than August 31, 1999. OMB approved these rule changes on June 16, 1999.

2. The **Federal Register** summary stated that the Commission would publish a document announcing the effective date of the rule changes requiring OMB approval. The amendments to 47 CFR 76.952 and 47 CFR 76.990 become effective on August 31, 1999. This publication satisfies the statement that the Commission would publish a document announcing the effective date of the rule changes requiring OMB approval.

## FEDERAL COMMUNICATIONS COMMISSION

### 47 CFR Part 76

[CS Docket No. 96-85; FCC 99-57]

#### Implementation of the Cable Act Reform Provisions of the Telecommunications Act of 1996; Correction

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule; correction.

**SUMMARY:** On July 2, 1999, the Commission published a final rule which implemented provisions of the Telecommunications Act of 1996 that reform several parts of Title VI of the Communications Act of 1934, including a provision concerning notice by cable operators to subscribers of service and rate changes. This document corrects that rule by removing an incorrect amendment and publishing the correct amendment.

**EFFECTIVE DATE:** August 31, 1999.

**FOR FURTHER INFORMATION CONTACT:** Nancy Stevenson or Marjorie Reed Greene, Cable Services Bureau, (202) 418-7200.

#### SUPPLEMENTARY INFORMATION:

On March 29, 1999, the Commission released a Report and Order, a summary of which was published in the **Federal Register**. See 64 FR 35948, July 2, 1999.

In that rule, published in the **Federal Register** on July 2, 1999, an amendment was made to 47 CFR 76.1603(e). The amendment to 47 CFR 76.1603(e) should have instead been made to 47 CFR 76.964(b). The Commission has released, and will soon publish in the **Federal Register**, a Report and Order (FCC 99-12) which redesignates 47 CFR 76.964(b) as 47 CFR 76.1603(e). The change the Commission made to the rule published on July 2, 1999 anticipated that the requirement had previously been moved. This document corrects that error.

Federal Communications Commission.

**Magalie Roman Salas,**

*Secretary.*

The rule published on July 2, 1999 at 64 FR 35948, is corrected as follows:

### PART 76—[CORRECTED]

1. On page 35951, in the third column, amendatory instruction 17 and the amendment to § 76.1603(e) are removed.

2. The following amendatory instruction and amendment are added in its place:

17. Section 76.964 is amended by revising paragraph (b) to read as follows:

#### § 76.964 Written notification of changes in rates and services.

\* \* \* \* \*

(b) To the extent the operator is required to provide notice of service and rate changes to subscribers, the operator may provide such notice using any reasonable written means at its sole discretion.

### National Oceanic and Atmospheric Administration

#### 50 CFR Part 635

[I.D. 072999A]

#### Atlantic Highly Migratory Species Fisheries; Atlantic Bluefin Tuna

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Adjustment of General category daily retention limit on previously designated restricted-fishing days.

**SUMMARY:** NMFS has determined that the Atlantic bluefin tuna (BFT) General category restricted-fishing day (RFD)

schedule should be adjusted, i.e., certain RFDs should be waived, in order to allow for maximum utilization of the General category June-August subquota. Therefore, NMFS increases the daily retention limit from zero to one large medium or giant BFT on the following previously designated RFDs for 1999: August 8, 9, 15, and 16.

**DATES:** Effective August 2, 1999.

**FOR FURTHER INFORMATION CONTACT:** Pat Scida or Brad McHale, 978-281-9260.

**SUPPLEMENTARY INFORMATION:**

Regulations implemented under the authority of the Atlantic Tunas Convention Act (16 U.S.C. 971 *et seq.*) and the Magnuson-Stevens Act (16 U.S.C. 1801 *et seq.*) governing the harvest of BFT by persons and vessels subject to U.S. jurisdiction are found at 50 CFR part 635. General category effort controls (including time-period subquotas and RFDs) are specified annually under §§ 635.23(a) and 635.27(a). The 1999 General category effort controls were implemented June 1, 1999 (64 FR 29806, June 3, 1999).

**Adjustment of Daily Retention Limit for Selected Dates**

Under § 635.23 (a)(4), NMFS may increase or decrease the daily retention limit of large medium and giant BFT over a range from zero (on RFDs) to a maximum of three per vessel to allow for maximum utilization of the quota for BFT. Based on a review of dealer reports, daily landing trends, and the availability of BFT on the fishing grounds, NMFS has determined that adjustment to the RFD schedule, and therefore an increase of the daily retention limit for selected previously designated RFDs, is necessary. Therefore, NMFS adjusts the daily retention limit for August 8, 9, 15, and 16, 1999, to one large medium or giant BFT per vessel. NMFS has selected these days in order give adequate advanced notice to fishery participants and NMFS enforcement.

The intent of this adjustment is to allow for maximum utilization of the June-August subquota (specified under § 635.27(a)) by General category participants in order to help achieve optimum yield in the General category fishery, to collect a broad range of data for stock monitoring purposes, and to be consistent with the objectives of the HMS FMP.

**Classification**

This action is taken under § 635.23(a)(4) and is exempt from review under E.O. 12866.

**Authority:** 16 U.S.C. 971 *et seq.* and 1801 *et seq.*

Dated: August 2, 1999.

**Fisheries off West Coast States and in the Western Pacific; West Coast Salmon Fisheries; Commercial Closure From Fort Ross to Point Reyes, CA; Inseason Adjustment from Cape Flattery to Leadbetter Point, WA**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Closure; inseason adjustment (transfer); request for comments.

**SUMMARY:** NMFS announces that the commercial salmon fishery in the area from Fort Ross to Point Reyes, CA, was closed at midnight, July 12, 1999. The Northwest Regional Administrator, NMFS (Regional Administrator), has determined that the commercial quota of 2,500 chinook salmon has been reached. In addition, 2,500 chinook salmon will be transferred from the May/June commercial troll fishery between the U.S.-Canada border and Cape Falcon, Oregon, to the July through September fishery between Cape Flattery and Leadbetter Point, WA. These actions are necessary to conform to the 1999 management measures and are intended to ensure conservation of chinook salmon.

**DATES:** Closure effective 2400 hours local time (l.t.), July 12, 1999. Transfer effective August 5, 1999. Comments will be accepted through August 20, 1999.

**ADDRESSES:** Comments may be mailed to William Stelle, Jr., Regional Administrator, Northwest Region, NMFS, NOAA, 7600 Sand Point Way NE., Bldg. 1, Seattle, WA 98115-0070; or to Rodney R. McInnis, Acting Regional Administrator, Southwest Region, NMFS, NOAA, 501 W. Ocean Blvd., Suite 4200, Long Beach, CA 90802-4132. Information relevant to this document is available for public review during business hours at the Office of the Regional Administrator, Northwest Region, NMFS.

**SUPPLEMENTARY INFORMATION:**

**Closure of the Test Fishery**

Regulations governing the ocean salmon fisheries at 50 CFR 660.409(a)(1) state that, when a quota for the commercial or the recreational fishery, or both, for any salmon species in any portion of the fishery management area is projected by the Regional Administrator to be reached on or by a certain date, NMFS will, by notification issued under 50 CFR 660.411, close the commercial or recreational fishery, or both, for all salmon species in the portion of the fishery management area to which the quota applies as of the date the quota is projected to be reached.

In the 1999 management measures for ocean salmon fisheries (64 FR 24078, May 5, 1999), NMFS announced that the commercial fishery for all salmon, except coho, in the area between Fort Ross (38°31'00" N. lat.) to Point Reyes, CA (test fishery inside 6 nm [11.1 km]) would open on July 1 through the earlier of July 14 or attainment of a 2,500 chinook quota.

Daily landings of chinook salmon from July 1 to 8 ranged from 0 to 300 fish, with 1 to 22 boats participating daily. On Friday, July 9, participation increased to 49 boats, with most boats catching the 30-fish limit early in the day, and total landings for the day were over 1,100 fish. California Department of Fish and Game (CDFG) staff recognized the increased effort and anticipated the quota would be met by Saturday but were unable to close the fishery until Monday, July 12, 1999. The information regarding the attainment of the quota was distributed to the commercial fish buyers and fishermen on Saturday morning, and a voluntary closure was encouraged by the CDFG. In response to CDFG concerns, most fishermen chose to respect the voluntary closure; participation dropped from 51 boats on Saturday to 4 boats on Sunday. As of July 11, 1999, the total landings of chinook were 3,144, 644 fish over the quota.

In order to provide notification to the fishing fleet, the fishery was closed at midnight, July 12. In making this decision, the Regional Administrator consulted with representatives of the Pacific Fishery Management Council and the CDFG. The State of California will manage the commercial fishery in state waters adjacent to this area of the exclusive economic zone (EEZ) in accordance with this Federal action.
