

specifies that members must represent the following:

- Primary and secondary education (one of whom shall be a classroom teacher)—two members.
- Colleges and universities—two members.
- Not-for-profit organizations involved in environmental education—two members.
- State departments of education and natural resources—two members.
- Business and industry—two members.

• Senior Americans—one member.

Members are chosen to represent the various geographic regions of the country, and the Council shall have minority representation. The professional backgrounds of Council members include scientific, policy, and other appropriate disciplines. Each member of the Council shall hold office for a one (1) to three (3) year period, which runs from November to November of each calendar year. Members are expected to participate in up to two (2) meetings per year and monthly or more conference calls per year. Members of the Council shall receive compensation and allowances, including travel expenses, at a rate fixed by the Administrator.

There are currently five (5) vacancies on the Advisory Council that must be filled.

- Business and Industry—one vacancy (Nov. 1999–Nov. 2002).
- College and University—one vacancy (Nov. 1999–Nov. 2002).
- State Department of Education—one vacancy (Nov. 1999–Nov. 2002).
- Non-Profit Organization—one vacancy (Nov. 1999–Nov. 2002).
- Primary/Secondary Education (must be an in-service classroom teacher)—one vacancy (Nov. 1999–Nov. 2002).

EPA particularly seeks candidates with demonstrated experience and/or knowledge in any of the following environmental education issue areas:

- Integrating environmental education into state and local education reform and improvement;
- State, local and tribal level capacity building;
- Cross-sector partnerships; leveraging resources for environmental education;
- Design and implementation of environmental education research
- Professional development for teachers and other education professionals; and
- Targeting under-represented audiences, including low-income and multi-cultural audiences, senior citizens, and other adults.

Additional Considerations:

The Council is looking for individuals who demonstrate the following:

- Ability to make the time commitment.
- Strong leadership skills.
- Strong analytical and writing skills.
- Ability to stand apart and evaluate programs in an unbiased fashion.
- Team players.
- Conviction to follow through and to meet deadlines.
- Ability to review items on short notice.

DATES: Applications to fill the existing vacancies on the Council must be submitted no later than September 24, 1999. The application must include the following:

- Name/address/phone/e-mail of applicant.
- 1–2 page resume (Please do not exceed 2 pages.)
- Two (2) letters of support for the applicant.
- One (1) page statement of “How the candidate is qualified.” This must not exceed one (1) page.
- One (1) page statement by the applicant on his/her personal perspective on environmental education. This must not exceed one (1) page.

ADDRESSES: Submit nominations to Ginger Keho, Advisory Council Coordinator, Office of Environmental Education, Office of Communications, Education and Media Relations (1704), U.S. EPA, 401 M Street, SW., Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT: Ginger Keho at the above address, or call (202) 260–4129. E-mail address: keho.ginger@epamail.epa.gov

SUPPLEMENTARY INFORMATION: The Council provides the Administrator with advice and recommendations on EPA implementation of the National Environmental Education Act. In general, the Act is designed to increase public understanding of environmental issues and problems, and to improve the training of environmental education professionals. EPA will achieve these goals, in part, by awarding grants and/or establishing partnerships with other Federal agencies, state and local education and natural resource agencies, not-for-profit organizations, universities, and the private sector to encourage and support environmental education and training programs. The Council is also responsible for preparing a national biennial report to Congress that will describe and assess the extent and quality of environmental education, discuss major obstacles to improving environmental education, and identify

the skill, education, and training needs for environmental professionals.

Dated: July 30, 1999.

David L. Cohen,

Acting Associate Administrator, Office of Communications, Education and Media Relations.

ENVIRONMENTAL PROTECTION AGENCY

[OPPTS–51926; FRL–6077–2]

Certain New Chemicals; Receipt and Status Information

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Section 5 of the Toxic Substances Control Act (TSCA) requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory) to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a premanufacture notice (PMN) or an application for a test marketing exemption (TME), and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from March 1, 1999, to March 19, 1999, consists of the PMNs and TMEs, both pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

These notices were inadvertently excluded when the Agency announced its receipt of PMNs and TME's for March 1999.

FOR FURTHER INFORMATION CONTACT: Christine Augustyniak, Associate Director, Environmental Assistance Division (7408), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460; telephone numbers: 202–554–1404 and TDD: 202–554–0551; e-mail address: TSCA-Hotline@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Does This Action Apply to Me?

This action is directed to the public in general. As such, the Agency has not attempted to describe the specific entities that this action may apply to.

Although others may be affected, this action applies directly to the submitter of the premanufacture notices addressed in the action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed in the "FOR FURTHER INFORMATION CONTACT" section.

II. How Can I Get Additional Information, Including Copies of This Document and Other Related Documents?

A. *Electronically.* You may obtain copies of this document and certain other available documents from the EPA Internet Home Page at <http://www.epa.gov/>. On the Home Page select "Laws and Regulations" and then look up the entry for this document under the "Federal Register - Environmental Documents." You can also go directly to the "Federal Register" listings at <http://www.epa.gov/homepage/fedrgstr/>.

B. *In person.* The Agency has established an official record for this action under docket control number OPPTS-51926. The official record consists of the documents specifically referenced in this action, any public comments received during an applicable comment period, and other information related to this action, including any information claimed as confidential business information (CBI). This official record includes the documents that are

physically located in the docket, as well as the documents that are referenced in those documents. The public version of the official record does not include any information claimed as CBI. The public version of the official record, which includes printed, paper versions of any electronic comments submitted during an applicable comment period, is available for inspection in the TSCA Nonconfidential Information Center, North East Rm. B-607, Waterside Mall, 401 M St., SW., Washington, DC. The Center is open from 12 noon to 4 p.m., Monday through Friday, excluding legal holidays. The telephone number of the Center is 202-260-7099.

C. *By phone.* If you need additional information about this action, you may also contact the person identified in the "FOR FURTHER INFORMATION CONTACT" section.

III. Why is EPA Taking This Action?

Section 5 of TSCA requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory) to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a PMN or an application for a TME, and to publish periodic status reports on the chemicals

under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from March 1, 1999, to March 19, 1999, consists of the PMNs, both pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

IV. Receipt and Status Report for PMNs

This status report identifies the PMNs, both pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period. If you are interested in information that is not included in the following tables, you may contact EPA as described in Unit II above to access additional non-CBI information that may be available.

In table I, EPA provides the following information (to the extent that such information is not claimed as CBI) on the PMNs received by EPA during this period: the EPA case number assigned to the PMN; the date the PMN was received by EPA; the projected end date for EPA's review of the PMN; the submitting manufacturer; the potential uses identified by the manufacturer in the PMN; and the chemical identity.

Proposed Administrative Penalty Assessments and Opportunity to Comment

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Notice of Proposed Assessment
of Clean Water Act Class I
Administrative Penalty and opportunity
to comment.

SUMMARY: EPA is providing notice of a
proposed administrative penalty for
alleged violations of the Clean Water
Act. EPA is also providing notice of
opportunity to comment on the
proposed penalty.

EPA is authorized under section
309(g) of the Act, 33 U.S.C. 1319(g), to
assess a civil penalty after providing the
person subject to the penalty notice of
the proposed penalty and the
opportunity for a hearing, and after
providing interested persons notice of
the proposed penalty and a reasonable
opportunity to comment on its issuance.
Under section 309(g), any person who
without authorization discharges a
pollutant to a navigable water, as those
terms are defined in section 502 of the
Act, 33 U.S.C. 1362, may be assessed a
penalty in a "Class I" administrative
penalty proceeding. Class I proceedings
under section 309(g) are conducted in
accordance with proposed consolidated
rules of practice governing the
administrative assessment of civil
