

Classification

This final rule has been determined to be not significant for purposes of E.O. 12866.

The Chief Counsel for Regulation of the Department of Commerce has certified to the Chief Counsel for Advocacy of the Small Business Administration that this rule would not have a significant economic impact on a substantial number of small entities. No comments were received regarding this certification. As a result, a regulatory flexibility analysis was not prepared.

List of Subjects in 50 CFR Part 622

Fisheries, Fishing, Puerto Rico, Reporting and recordkeeping requirements, Virgin Islands.

Dated: August 16, 1999.

Andrew A. Rosenberg,

Deputy Assistant Administrator for Fisheries, National Marine Fisheries Service.

For the reasons set out in the preamble, 50 CFR part 622 is amended as follows:

PART 622—FISHERIES OF THE CARIBBEAN, GULF, AND SOUTH ATLANTIC

1. The authority citation for part 622 continues to read as follows:

Authority: 16 U.S.C. 1801 *et seq.*

2. In § 622.37, paragraph (c)(2) is revised to read as follows:

§ 622.37 Minimum sizes.

* * * * *

(c) * * *

(2) King mackerel in the Gulf, South Atlantic, or Mid-Atlantic—24 inches (61.0 cm), fork length, except that a vessel fishing under a quota for king mackerel specified in § 622.42(c)(1) may possess undersized king mackerel in quantities not exceeding 5 percent, by weight, of the king mackerel on board.

* * * * *

3. In § 622.39, paragraph (c)(1)(ii) is revised to read as follows:

§ 622.39 Bag and possession limits.

* * * * *

(c) * * *

(1) * * *

(ii) Gulf migratory group king mackerel—2, except that for an operator or crew member of a charter vessel or headboat, the bag limit is 0.

* * * * *

4. In § 622.41, paragraph (c)(3)(ii)(A) is revised to read as follows:

§ 622.41 Species specific limitations.

* * * * *

(c) * * *

(3) * * *

(ii) * * * (A) The minimum allowable mesh size for a gillnet used to fish for Spanish mackerel in the Gulf, Mid-Atlantic, or South Atlantic EEZ is 3.5 inches (8.9 cm), stretched mesh.

(1) A vessel in the Gulf EEZ, or having fished on a trip in the Gulf EEZ, with a gillnet on board that has a mesh size less than 3.5 inches (8.9 cm), stretched mesh, may not possess on that trip any Spanish mackerel.

(2) A vessel in the South Atlantic or Mid-Atlantic EEZ, or having fished on a trip in such EEZ, with a gillnet on board that has a mesh size less than 3.5 inches (8.9 cm), stretched mesh, may possess or land on the day of that trip no more than 500 lb (227 kg) of incidentally caught Spanish mackerel.

* * * * *

5. In § 622.42, paragraphs (c)(1)(ii) and (c)(2)(ii) are revised to read as follows:

§ 622.42 Quotas.

* * * * *

(c) * * *

(1) * * *

(ii) *Atlantic migratory group.* The quota for the Atlantic migratory group of king mackerel is 3.12 million lb (1.42 million kg). No more than 0.40 million lb (0.18 million kg) may be harvested by purse seines.

* * * * *

(2) * * *

(ii) *Atlantic migratory group.* The quota for the Atlantic migratory group of Spanish mackerel is 3.63 million lb (1.65 million kg).

* * * * *

6. In § 622.44, paragraph (a)(2)(iv) is added, and paragraph (a)(2) introductory text, the headings of paragraphs (a)(2)(i) and (a)(2)(ii), and the first sentence of paragraph (b)(2) are revised to read as follows:

§ 622.44 Commercial trip limits.

* * * * *

(a) * * *

(2) *Gulf group.* Commercial trip limits are established in the eastern and western zones as follows. (See § 622.42(c)(1)(i) for specification of the eastern and western zones and § 622.42(c)(1)(i)(A)(3) for specifications of the subzones in the eastern zone.)

(i) *Eastern zone—Florida east coast subzone.* * * *

(ii) *Eastern zone—Florida west coast subzone.* * * *

* * * * *

(iv) *Western zone.* In the western zone, king mackerel in or from the EEZ may be possessed on board or landed from a vessel for which a commercial

permit for king mackerel has been issued, as required under § 622.4(a)(2)(ii), from July 1, each fishing year, until a closure of the western zone's fishery has been effected under § 622.43(a)—in amounts not exceeding 3,000 lb (1,361 kg) per day.

(b) * * *

(2) For the purpose of paragraph (b)(1)(ii) of this section, the adjusted quota is 3.38 million lb (1.53 million kg). * * *

* * * * *

BILLING CODE 3510-22-F

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****50 CFR Part 679**

[Docket No. 990304062-9062-01; I.D. 081399B]

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Ocean Perch in the West Yakutat District of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific ocean perch in the West Yakutat District of the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the 1999 total allowable catch (TAC) of Pacific ocean perch in this area.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), August 16, 1999, through 2400 hrs, A.l.t., December 31, 1999.

FOR FURTHER INFORMATION CONTACT: Mary Furuness, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 1999 TAC of Pacific ocean perch in the West Yakutat District of the GOA was established by the Final 1999 Harvest Specifications of Groundfish for the GOA (64 FR 12094, March 11, 1999) as 820 metric tons (mt), determined in accordance with § 679.20(c)(3)(ii). The

directed fishery for Pacific ocean perch in the West Yakutat District was closed under § 679.20(d)(1)(iii) on July 19, 1999 (64 FR 39090, July 21, 1999), and reopened on August 15, 1999 (notification of reopening filed with the Office of the Federal Register August 13, 1999).

In accordance with § 679.20(d)(1)(i), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the 1999 TAC for Pacific ocean perch will be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 670 mt, and is setting aside the remaining 150 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for Pacific ocean perch in the West Yakutat District.

Maximum retainable bycatch amounts may be found in the regulations at § 679.20(e) and (f).

Classification

This action responds to the best available information recently obtained from the fishery. It must be implemented immediately to prevent overharvesting the 1999 TAC of Pacific ocean perch for the West Yakutat District of the GOA. A delay in the effective date is impracticable and contrary to the public interest. Further delay would only result in overharvest. NMFS finds for good cause that the implementation of this action should not be delayed for 30 days. Accordingly, under 5 U.S.C. 553(d), a delay in the effective date is hereby waived.

This action is required by 50 CFR 679.20 and is exempt from review under E.O. 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 16, 1999.

Gary C. Matlock,

*Director, Office of Sustainable Fisheries,
National Marine Fisheries Service.*

50 CFR Part 679

[Docket No. 990304062-9060-01; I.D. 081699B]

Fisheries of the Exclusive Economic Zone Off Alaska; Deep-Water Species Fishery by Vessels Using Trawl Gear in the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting directed fishing for species that comprise the deep-water species fishery by vessels using trawl gear in the Gulf of Alaska (GOA). This action is necessary because the third seasonal apportionment of the 1999 Pacific halibut bycatch allowance specified to the deep-water species fishery in the GOA has been caught.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), August 17, 1999, until 1200 hrs, A.l.t., October 1, 1999.

FOR FURTHER INFORMATION CONTACT: Mary Furuness, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The Pacific halibut bycatch allowance for the GOA trawl deep-water species fishery, which is defined at § 679.21(d)(3)(iii)(B), was established by the Final 1999 Harvest Specifications of Groundfish for the GOA (64 FR 12094, March 11, 1999) for the third season, the period July 4, 1999, through September 30, 1999, as 400 metric tons. The GOA trawl deep-water species fishery was

closed under § 679.20(d)(iii) on July 21, 1999 (64 FR 40293, July 26, 1999), and reopened on August 6, 1999 (64 FR 43296, August 10, 1999).

In accordance with § 679.21(d)(97)(i), the Administrator, Alaska Region, NMFS, has determined that the third seasonal apportionment of the 1999 Pacific halibut bycatch allowance specified for the trawl deep-water species fishery in the GOA has been caught. Consequently, NMFS is prohibiting directed fishing for the deep-water species fishery by vessels using trawl gear in the GOA. The species and species groups that comprise the deep-water species fishery are: rockfish as defined at § 679.2, deep water flatfish (Dover sole, Greenland turbot, and deepsea sole), rex sole, arrowtooth flounder, and sablefish.

Maximum retainable bycatch amounts may be found in the regulations at § 679.20(e) and (f).

Classification

This action responds to the best available information recently obtained from the fishery. It must be implemented immediately in order to prevent overharvesting the third seasonal apportionment of the 1999 Pacific halibut bycatch allowance specified for the trawl-deepwater species fishery in the GOA. A delay in the effective date is impracticable and contrary to the public interest. The third seasonal apportionment of the Pacific halibut bycatch allowance has been caught. Further delay would only result in overharvest. NMFS finds for good cause that the implementation of this action cannot be delayed for 30 days. Accordingly, under 5 U.S.C. 553(d), a delay in the effective date is hereby waived.

This action is required by § 679.21 and is exempt from review under E.O. 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 17, 1999.
