Rule 2010 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure provides that, to eliminate unnecessary expense or improve administrative efficiency, the Secretary may establish a restricted service list for a particular phase or issue in a proceeding.¹ The restricted service list should contain the names of persons on the service list who, in the judgment of the decisional authority establishing the list, are active participants with respect to the phase or issue in the proceeding for which the list is established.

The Commission staff is consulting with the California State Historic Preservation Officer (hereinafter, SHPO) and the Advisory Council on Historic Preservation (hereinafter, Council) pursuant to the Council's regulations, 36 CFR Part 800, implementing Section 106 of the National Historic Preservation Act, as amended, (16 U.S.C. Section 470 f), to prepare a memorandum of agreement for managing properties potentially eligible for inclusion in the National Register of Historic Places at Project No. 77.

¹ 18 CFR 385.2010.

The memorandum of agreement, when executed by the Commission, the SHPO, and possibly by the Council, would satisfy the Commission's Section 106 responsibilities for the proposed amendment filed by the Pacific Gas & Electric Company to protect and maintain the anadromous fishery in the Upper Eel River. The Commission's responsibilities pursuant to Section 106 for the above project would be fulfilled through the memorandum of agreement, which the Commission proposes to draft in consultation with certain parties listed below. The executed memorandum of agreement would be incorporated into any Orders amending the license.

Pacific Gas & Electric, as licensee for Project No. 77, is invited to participate in consultations to develop the memorandum of agreement and to sign as a concurring party to the memorandum of agreement.

For purposes of commenting on the memorandum of agreement, we propose to restrict the service list for the aforementioned amendment as follows:

Ms. Rhonda Shiffman, Pacific Gas & Electric Company, Mail Code N11C, P.O. Box 770000, San Francisco, CA 94177

Any person on the official service list for the above-captioned proceeding may request inclusion on the restricted service list, or may request that a restricted service list not be established, by filing a motion to that effect within 15 days of this notice date.

An original and 8 copies of any such motion must be filed with the Secretary of the Commission (888 First Street, NE, Washington, DC 20426) and must be served on each person whose name appears on the official service list. If no such motions are filed, the restricted service list will be effective at the end of the 15-day period. Otherwise, a further notice will be issued ruling on the motion.

Needs and Uses: In Accounting Safeguards Under the Telecommunications Act of 1996, Report and Order in CC Docket No. 96-150 (Report and Order), the Commission addressed the accounting safeguards necessary to satisfy the requirements of section 260 and 271 through 276 of the Telecommunications Act of 1996. The Report and Order prescribed the way incumbent local exchange carriers (ILECs), including the Bell Operating Companies (BOCs), must account for transactions with affiliates involving, and allocate costs incurred in the provision of, both regulated telecommunications services and nonregulated services, including telemessaging, interLATA telecommunications and information services, telecommunications equipment and customer premises equipment manufacturing, electronic publishing, alarm monitoring services and payphone service. The Commission concluded that its current cost allocation rules generally satisfy the 1996 Act's accounting safeguards requirements when ILECs, including the BOCs, provide services permitted under sections 260 and 271 through 276 on an in-house basis. The Commission also concluded that its current affiliate transactions rules generally satisfy the 1996 Act's accounting safeguards requirements when ILECs, including the BOCs, are required to, or choose to, use an affiliate to provide services permitted under sections 260 and 271 through 276. In the Report and Order, the Commission also modified its affiliate transaction rules to provide greater protection against subsidization of competitive activities by subscribers to regulated telecommunications services. Section 274(F) establishes a reporting requirement for separate electronic publishing affiliates created pursuant to section 274. In the Report and Order, the Commission concluded that its rules should require those section 274 affiliates that already file an SEC Form 10-K to file a copy with this Commission. For those section 274 affiliates that were not required to file a Form 10-K with the SEC, the Commission required them to file an identical form with us. In CC Docket No. 98-81, released June 30, 1999, the Commission modified the holding in the
