#### SUPPLEMENTARY INFORMATION:

**OMB Control Number:** 3060-0734.

**Title:** Implementation of the Telecommunications Act of 1996: Accounting Safeguards Under the Telecommunications Act of 1996.

**Form Number:** SEC 10-K.

**Type of Review:** Revision.

**Respondents:** Business or other for-profit entities.

**Number of Respondents:** 168 respondents.

**Estimated Time Per Response:** 1074.6 hours per response (avg.).

**Total Annual Burden:** 180,547 hours.

**Estimated Annual Reporting and Recordkeeping Cost Burden:** \$633,000.

**Frequency of Response:** Annually, Biennially, On occasion, Recordkeeping.

**Needs and Uses:** In Accounting Safeguards Under the Telecommunications Act of 1996, Report and Order in CC Docket No. 96-150 (Report and Order), the Commission addressed the accounting safeguards necessary to satisfy the requirements of section 260 and 271 through 276 of the Telecommunications Act of 1996. The Report and Order prescribed the way incumbent local exchange carriers (ILECs), including the Bell Operating Companies (BOCs), must account for transactions with affiliates involving, and allocate costs incurred in the provision of, both regulated telecommunications services and nonregulated services, including telemessaging, interLATA telecommunications and information services, telecommunications equipment and customer premises equipment manufacturing, electronic publishing, alarm monitoring services and payphone service. The Commission concluded that its current cost allocation rules generally satisfy the 1996 Act's accounting safeguards requirements when ILECs, including the BOCs, provide services permitted under sections 260 and 271 through 276 on an in-house basis. The Commission also concluded that its current affiliate transactions rules generally satisfy the 1996 Act's accounting safeguards requirements when ILECs, including the BOCs, are required to, or choose to, use an affiliate to provide services permitted under sections 260 and 271 through 276. In the Report and Order, the Commission also modified its affiliate transaction rules to provide greater protection against subsidization of competitive activities by subscribers to regulated telecommunications services. Section 274(F) establishes a reporting requirement for separate electronic publishing affiliates created pursuant to section 274. In the Report and Order, the Commission concluded that its rules should require those section 274 affiliates that already file an SEC Form 10-K to file a copy with this Commission. For those section 274 affiliates that were not required to file a Form 10-K with the SEC, the Commission required them to file an identical form with us. In CC Docket No. 98-81, released June 30, 1999, the Commission modified the holding in the

Report and Order and concluded that the information contained in the limited version of the SEC Form 10-K, with certain modifications, is sufficient to enable the Commission to monitor electronic publishing affiliates' compliance with the section 274 requirements. The Commission concludes that the information contained in the limited version of SEC Form 10-K, with certain modifications, will enable the Commission to monitor the electronic publishing affiliate's compliance with the section 274 requirements. The Commission modify the limited Form 10-K filing requirements to exclude Item 5 and include Item 10. The information collections will enable the Commission to ensure that the subscribers to regulated telecommunications services do not bear the costs of these new nonregulated services and that transactions between affiliates and carriers will be at prices that do not ultimately result in unfair rates being charged to ratepayers.
