

SOCIAL SECURITY ADMINISTRATION**Agency Information Collection****Activities: Proposed Request, Comment Request and Emergency Consideration Request**

In compliance with Public Law 104-13, the Paperwork Reduction Act of 1995, SSA is providing notice of its information collections that require submission to the Office of Management and Budget (OMB). Social Security Card Fee Survey—0960-NEW. The Social Security Administration (SSA) processes over 11 million applications per year for replacement Social Security Number (SSN) cards. SSA is proposing to conduct a survey of a random sample of applicants who request a replacement SSN card to obtain information on reasons for replacing the SSN card and

willingness to pay a fee for a replacement card. SSA is evaluating whether to charge a fee for replacement cards (other than for a name change) and will use the information from the survey to develop policy on when it would be appropriate to charge a fee for a replacement SSN card.

Number of Respondents: 3,600.

Frequency of Response: Once.

Average Burden Per Response: 5 minutes.

Estimated Annual Burden: 300 hours.

Form SSA-4290 is used by SSA to collect information from State or alternate providers of vocational rehabilitation services regarding participation in a rehabilitation program by an individual whose medical condition has improved and whose participation has ceased. This information is necessary to determine whether the individual's improved medical condition meets the statutory requirements for continued eligibility for benefit payments. The respondents are State Vocational Rehabilitation agencies or alternate providers of vocational rehabilitation services.
