

- (1) Discuss status of navigation light certification rulemaking.
- (2) Discuss the navigation light lens size grant study.
- (3) Review the Navigation Rules regarding the use of innovative navigation light units.
- (4) Discuss marking to indicate certification of navigation lights.

#### Procedural

All meetings are open to the public. Please note that the meetings may close early if all business is finished. At the Chairs' discretion, members of the public may make oral presentations during the meetings. If you would like to make an oral presentation at a meeting, please notify the Executive Director no later than October 15, 1999. Written material for distribution at a meeting should reach the Coast Guard no later than October 15, 1999. If you would like a copy of your material distributed to each member of the committee or subcommittee in advance of a meeting, please submit 25 copies to the Executive Director no later than October 8, 1999.

#### Information on Services for Individuals with Disabilities

For information on facilities or services for individuals with disabilities or to request special assistance at the meetings, contact the Executive Director as soon as possible.

Dated: September 15, 1999.

**Terry M. Cross,**

*Rear Admiral, US Coast Guard, Assistant Commandant for Operations, Acting.*

#### Aging Transport Systems Rulemaking Advisory Committee; Meeting

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of public meeting.

**SUMMARY:** This notice announces a public meeting of the FAA's Aging Transport Systems Rulemaking Advisory Committee.

**DATES:** The meeting will be held October 13-14, 1999, beginning at 9 a.m. on October 13. Arrange for oral presentations by October 6.

**ADDRESSES:** The meeting will be at the Bessie Coleman Conference Center, Federal Aviation Administration, 800 Independence Ave., SW., Washington, DC.

**FOR FURTHER INFORMATION CONTACT:** Effie M. Upshaw, Office of Rulemaking, ARM-209, FAA, 800 Independence Avenue, SW, Washington, DC 20591, Telephone (202) 267-7626, FAX (202) 267-5075.

**SUPPLEMENTARY INFORMATION:** Notice is hereby given of a meeting of the Aging

Transport Systems Rulemaking Advisory Committee in the Bessie Coleman Conference Center, Federal Aviation Administration, 800 Independence Ave., S.W., Washington, DC.

The agenda will include:

- Opening remarks.
- Discussion of working group activities including reports on the nonintrusive inspections and progress on development of intrusive inspections.
- Presentation on ATA Chapter wire codes.
- Presentation on the potential effects of aging on high energy radiated fields and lightning protection systems.
- Presentation on the International Maintenance Review Board.

Attendance is open to the interested public but will be limited to the space available. The public must make arrangements by October 6, 1999, to present oral statements at the meeting. The public may present written statements to the committee at any time by providing 20 copies to the Executive Director, or by bringing the copies to him at the meeting. Public statements will only be considered if time permits. In addition, sign and oral interpretation as well as a listening device, can be made available if requested 10 calendar days before the meeting.

Issued in Washington, DC on September 14, 1999.

**Anthony F. Fazio,**

*Director, Office of Rulemaking.*

### Federal Aviation Administration

#### Notice of Intent to Rule on Application (99-03-C-00-RDM) to impose and use the revenue from a passenger facility charge (PFC) at Roberts Field-Redmond Municipal Airport, submitted by the City of Redmond, Redmond, Oregon

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of Intent to Rule on Application.

**SUMMARY:** The FAA proposes to rule and invites public comment on the application to impose and use PFC revenue at Roberts Field-Redmond Municipal Airport under the provisions of 49 U.S.C. 40117 and Part 158 of the Federal Aviation Regulations (14 CFR 158).

**DATES:** Comments must be received on or before October 22, 1999.

**ADDRESS:** Comments on this application may be mailed or delivered in triplicate to the FAA at the following address: J. Wade Bryant, Manager; Seattle Airports District Office, SEA-ADO; Federal Aviation Administration; 1601 Lind Avenue SW, Suite 250; Renton, Washington 98055-4056.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Ms. Carolyn S. Novick, A.A.E., Airport Manager, at the following address: City of Redmond, P.O. Box 726, Redmond, OR 97756.

Air Carriers and foreign air carriers may submit copies of written comments previously provided to Roberts Field-Redmond Municipal Airport, under section 158.23 of Part 158.

**FOR FURTHER INFORMATION CONTACT:** Ms. Mary Vargas, (425) 227-2660; Seattle Airports District Office, SEA-ADO; 1601 Lind Avenue SW, Suite 250; Renton, Washington 98055-4056. The application may be reviewed in person at this same location.

**SUPPLEMENTARY INFORMATION:** The FAA proposes to rule and invites public comment on the application (99-03-C-00-RDM) to impose and use PFC revenue at Roberts Field-Redmond Municipal Airport, under the provisions of 49 U.S.C. 40117 and Part 158 of the Federal Aviation Regulations (14 CFR Part 158).

On September 15, 1999, the FAA determined that the application to impose and use the revenue from a PFC submitted by City of Redmond, Redmond, Oregon, was substantially complete within the requirements of section 158.25 of Part 158. The FAA will approve or disapprove the application, in whole or in part, no later than December 17, 1999.

The following is a brief overview of the application.

Level of the proposed PFC: \$3.00.

Proposed charge effective date: December 1, 2000.

Proposed charge expiration date: April 1, 2004.

Total requested for use approval: \$1,021,900.

Brief description of proposed project: Impose and Use: Reconstruct taxiway "F" North and construct exit taxiway and holding apron; Installation of Distance-to-go signs on runway 10/28 & REILS on runway 4; Construct Building for storage & Maintenance of Airport Snow & Ice Control Equipment & Materials; Reconstruct taxiway "F" South & Relocate taxiway "H."

Class or classes of air carriers which the public agency has requested not be

required to collect PFC's: Air taxi/commercial operators.

Any person may inspect the application in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT** and at the FAA Regional Airports Office located at: Federal Aviation Administration, Northwest Mountain Region, Airports Division, ANM-600, 1601 Lind Avenue SW., Suite 315, Renton, WA 98055-4056.

In addition, any person may, upon request, inspect the application, notice and other documents germane to the application in person at the Roberts Field-Redmond Municipal Airport.

Issued in Renton, Washington on September 15, 1999.

**Warren D. Ferrell,**

*Acting Manager, Planning, Programming and Capacity Branch, Northwest Mountain Region.*

## DEPARTMENT OF TRANSPORTATION

### Federal Highway Administration

#### PA 23 Subcorridor: Lancaster County, Pennsylvania

**AGENCY:** Federal Highway Administration (FHWA), DOT.

**ACTION:** Notice of Intent.

**SUMMARY:** The FHWA is issuing this notice to advise the public that an environmental impact statement will be prepared for the PA 23 Subcorridor in Earl Township, East Earl Township, East Lampeter Township, Manheim Township, Upper Leacock Township, and New Holland Borough, Lancaster County, Pennsylvania.

**FOR FURTHER INFORMATION CONTACT:** Deborah Suci Smith, Environmental Specialist, Federal Highway Administration, 228 Walnut Street, Room 536, Harrisburg, Pennsylvania 17101-1720, Telephone: 717-221-3785, or Mark Malhenzie, Project Manager, Pennsylvania Department of Transportation 2140 Herr Street, Harrisburg, Pennsylvania, 17103, Telephone 717-783-5080.

**SUPPLEMENTARY INFORMATION:** The FHWA, in cooperation with the Pennsylvania Department of Transportation (PennDOT) and the Lancaster County Planning Office, will prepare an environmental impact statement (EIS) to identify and evaluate alternatives which address transportation problems within the PA 23 Subcorridor. The proposed project would involve improvements to

transportation conditions in the PA 23 Subcorridor from the PA 23/U.S. Route 30 interchange on the west to U.S. Route 322 on the east.

A Notice of Intent was previously published in the **Federal Register** on February 27, 1987, to advise the public that an EIS would be prepared to identify and evaluate alternatives to provide a viable means of relieving traffic congestion on PA 23 and U.S. Route 30 in Lancaster County. Public concerns redirected the scope of the project and a revised Notice of Intent was published on June 16, 1988. The intent of the second Notice was to advise the public that separate EIS's would be prepared to identify and evaluate alternatives to relieve traffic congestion on PA 23 and U.S. Route 30 independently.

In 1997, the Lancaster County Transportation Coordinating Committee (Lancaster County MPO) was the lead agency for the PA 23 Corridor Major Investment Study (MIS), consistent with the requirements of the Intermodal Surface Transportation Efficiency Act of 1991. The PA 23 Corridor Study MIS gathered various types of data which resulted in the identification of transportation needs and will lead to the development of alternatives. Typical areas of concern identified by various members of the public and resource agencies during the MIS studies include, but are not limited to, the following: socioeconomic and land use impacts; the unique social sub-groups; effects on cultural, and natural resources; agricultural preservation; roadway safety; business-industry; tourism; and economic stability.

The PA 23 Corridor Study MIS demonstrated present and future transportation problems in the PA 23 Subcorridor from U.S. Route 30 to the U.S. Route 322 intersection east of New Holland, a distance of approximately 21.5 km (13.4 miles). Transportation needs in the PA 23 Subcorridor include congestion, decreasing levels of service, traffic diversion from PA 23 to local roads, uncontrolled access to adjacent driveways and connecting roads, and a mix of motorized and non-motorized means of travel. Improvements to the corridor are considered necessary to provide for the existing and projected transportation demands.

A range of transportation alternatives, including No-Build, Transportation Systems Management (TSM), Traffic Control Measures (TCM), and Travel Demand Management (TDM), Transit, Widening, and Relocation alternatives will be developed consistent with land use strategies to address the identified transportation needs. The development

of alternatives will be based on traffic demands, engineering requirements, environmental and socioeconomic constraints, the county's growth management plan, and public input. Public involvement and inter-agency coordination will be maintained throughout the development of the EIS.

To insure that the full range of issues related to this proposed action are addressed and that all significant issues are identified, comments and suggestions are invited from interested parties. Comments or questions concerning this proposed action and the EIS should be directed to the FHWA at the addresses listed above.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program.)

Issued on: September 14, 1999.

**Deborah Suci Smith,**

*Environmental Specialist, Federal Highway Administration, Harrisburg, Pennsylvania.*

### Federal Highway Administration

#### Environmental Impact Statement; Morrison County, Minnesota

**AGENCY:** Federal Highway Administration (FHWA), DOT.

**ACTION:** Notice of Intent.

**SUMMARY:** The FHWA is issuing this notice to advise the public that an environmental impact statement (EIS) will be prepared for the proposed reconstruction of Trunk Highway 371 (TH 371) in Morrison County, Minnesota.

**FOR FURTHER INFORMATION CONTACT:** Cheryl Martin, Federal Highway Administration, Galtier Plaza, Box 75, 175 East Fifth Street, Suite 500, St. Paul, Minnesota 55101-2904, Telephone (651) 291-6120; or Roger Risser, Project Manager, Minnesota Department of Transportation—District 3, 1991 Industrial Park Road, Baxter, Minnesota 56425, Telephone (218) 828-22482 V, (651) 296-9930 TTY.

**SUPPLEMENTARY INFORMATION:** The FHWA, in cooperation with the Minnesota Department of Transportation, will prepare an EIS on a proposal to improve TH 371 between County State Aid Highway (CSAH) 46 north of Little Falls to 0.8 kilometer north of CSAH 48 in Morrison County,
