RIN 2115-AE46

Special Local Regulations; Tall Stacks 1999; Ohio River Mile 467.0-475.0, Cincinnati, OH

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: Special local regulations are being adopted for Tall Stacks 1999. This event will be held from 6 a.m. on October 13, 1999 through 12:01 a.m. on October 18, 1999 on the Ohio River near Cincinnati, Ohio. These regulations are needed to provide for the safety of life on navigable waters during the event.

DATES: These regulations are effective from 6 a.m. on October 13, 1999, until 12:01 a.m. on October 18, 1999.

ADDRESSES: Unless otherwise indicated, all documents referred to in this document are available for review at Marine Safety Office, Louisville, 600 Martin Luther King Jr. Place, Room 360, Louisville, KY 40202-2230.

FOR FURTHER INFORMATION CONTACT: Lieutenant Jeff Johnson, Chief, Port Management Department, USCG Marine Safety Office, Louisville, KY at (502) 582-5194, ext. 39.

SUPPLEMENTARY INFORMATION:

Regulatory History

In accordance with 5 U.S.C. 553, a notice of proposed rule making for these regulations has not been published, and good cause exists for making them effective in less than 30 days from the date of publication. Following normal rule making procedures would be impracticable. The details of the event were not finalized in sufficient time to publish proposed rules in advance of

the event or to provide for a delayed effective date.

Background and Purpose

The marine event requiring this regulation is Tall Stacks 1999, which is a national celebration of the steamboating era in America. The event is sponsored by the Greater Cincinnati Tall Stacks Commission. There will be boat races and parade cruises on the Ohio River between miles 467.0 to 475.0, mid-channel. Non-participating vessels will be able to transit the area when the river is reopened after each race and parade cruise.

Regulatory Evaluation

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. The Office of Management and Budget has not reviewed it under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this rule to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary because of the event's short duration.

Small Entities

The Coast Guard finds that the impact on small entities, if any, is not substantial. Therefore, the Coast Guard certifies under section 605(b) of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, that this temporary rule will not have a significant economic impact on a substantial number of small entities because of the event's short duration and the regularly scheduled river openings during the event.

Collection of Information

This rule contains no information collection requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Federalism Assessment

The Coast Guard has analyzed this action in accordance with the principles and criteria of Executive Order 12612 and has determined that this rule does not raise sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Environmental Assessment

The Coast Guard considered the environmental impact of this rule and concluded that under section 2-1, paragraph (34)(h) of Commandant

Instruction M16475.1C, this rule is excluded from further environmental documentation.

National Oil and Hazardous Substances Contingency Plan; National Priorities List Update

AGENCY: Environmental Protection Agency.

ACTION: Notice of deletion of the Neal's Dump Superfund site From the National Priorities List (NPL).

SUMMARY: The Environmental Protection Agency (EPA) announces the deletion of the Neal's Dump Superfund Site in Indiana from the National Priorities List (NPL). The NPL is appendix B of 40 CFR part 300, which is the National Oil and Hazardous Substances Contingency Plan (NCP), which EPA promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), as amended. This action is being taken by EPA and the State of Indiana, because it has been determined that Responsible Parties have implemented all appropriate response actions required. Moreover, EPA and the State of Indiana have determined that remedial actions conducted at the site to date remain protective of public health, welfare, and the environment.

EFFECTIVE DATE: October 4, 1999.

FOR FURTHER INFORMATION CONTACT: Thomas Alcamo at (312) 886–7278 (SR–6J), Remedial Project Manager or Gladys Beard at (312) 886–7253, Associate Remedial Project Manager, Superfund Division, U.S. EPA—Region V, 77 West Jackson Blvd., Chicago, IL 60604. Information on the site is available at the local information repository located at: The Monroe County Public Library, 303 E. SUPPLEMENTARY INFORMATION: The site to be deleted from the NPL is: Neal's Dump Superfund Site located in southeast Owen County, Indiana. A Notice of Intent to Delete for this site was published August 26, 1999 (64 FR 46632). The closing date for comments on the Notice of Intent to Delete was September 24, 1999. EPA received no comments and therefore no Responsiveness Summary was prepared.

The EPA identifies sites which appear to present a significant risk to public health, welfare, or the environment and it maintains the NPL as the list of those sites. Sites on the NPL may be the subject of Hazardous Substance Response Trust Fund (Fund-) financed remedial actions. Any site deleted from the NPL remains eligible for Fund-financed remedial actions in the unlikely event that conditions at the site warrant such action. Section 300.425(e)(3) of the NCP states that Fund-financed actions may be taken at sites deleted from the NPL in the unlikely event that conditions at the site warrant such action. Deletion of a site from the NPL does not affect responsible party liability or impede agency efforts to recover costs associated with response efforts.
