## NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

### 48 CFR Parts 1804, 1812 and 1852

#### Central Contractor Registration (CCR)

**AGENCY:** National Aeronautics and Space Administration (NASA).

**ACTION:** Proposed rule.

**SUMMARY:** This is a proposed rule to amend the NASA FAR Supplement (NFS) to include a requirement for vendors and contractors to register

through the DoD Central Contractor Registration (CCR) System.

**DATES:** Comments should be submitted on or before December 6, 1999.

**ADDRESSES:** Interested parties should submit written comments to Diane Thompson, NASA Headquarters Office of Procurement, Analysis Division (Code HC), Washington, DC, 20546. Comments may also be submitted by email to dthomps@hq.nasa.gov.

#### SUPPLEMENTARY INFORMATION:

##### A. Background

NASA is in the process of converting to a new Agency-wide accounting software system that will include financial and procurement data. This new software system is referred to as the Integrated Financial Management (IFM) System and will allow NASA to carry out its financial management functions, execute financial operations of the Agency, and report on the Agency's financial status to internal and external customers. The IFM system requires that a specific number, referred to as the vendor number, be entered for each vendor. This identifier will be used by finance for payment purposes as well as by procurement for other business information such as size standard, company address, tax identification number and DUNS number. Currently, the Department of Defense requires all of its vendors to be registered in the CCR database. When a vendor registers in CCR, they are assigned a Commercial and Government Entity (CAGE) code, which is the vendor identifier that NASA has chosen for its new accounting software system.

##### B. Regulatory Flexibility Act

This proposed rule is not expected to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, because an estimated two thirds of NASA vendors are already registered in the Defense Logistics Agency/Defense Logistics Information Service (DLA/DLIS) CCR System. Therefore, an initial Regulatory Flexibility Analysis has not been prepared. Comments from small entities concerning the affected NASA FAR Supplement subparts will be considered in accordance with 5 U.S.C. 601.

##### C. Paperwork Reduction Act

An Office of Management and Budget (OMB) approval for data collection is
