

Avenue and Newfield Avenue to downtown Hartford. The nearest boarding point is on Flatbush Avenue approximately 800 feet from the subject property. The proposed project will have no significant adverse impacts on transportation services in the community.

There will be no significant increase in demand for local medical, emergency, fire and police services from the proposed project. The primary care facility located closest to the subject property is the St. Francis Memorial Hospital. There are also private medical facilities located throughout the Hartford area. Security services at the Hartford Job Corps will be provided by the center's staff, with two personnel on the day shift, three on evening shift, and two on the night shift. Police services to the proposed subject property will be provided by the Hartford Police Department, which is located approximately six (6) miles from the subject property. The state police assist the city police and county sheriff as necessary.

The City of Hartford will provide fire protection. The closest fire station to the project site is the Hartford Fire Department Station located at Pearl Street, which is approximately 0.25 miles from the project site. Backup assistance will be provided by the fire station at 611 Liberty Street. The Hartford Fire Department is a full time emergency response agency providing 24-hour service. The Hartford area utilizes the 911 emergency call system for all emergencies including fire and police. All emergency services in the area are adequate to meet the needs of the proposed Job Corps Center.

The proposed project will not have a significant adverse sociological effect on the City of Hartford community. The area is characterized by a fairly diverse ethnicity, and offers numerous educational and recreational opportunities. Similarly, the proposed project will not have a significant adverse affect on demographic and

socioeconomic characteristics of the area.

The alternatives considered in the preparation of this EA were as follows: (1) No Action; (2) Construction at an Alternate Site; and (3) Continue Construction as Proposed. The "No Action" alternative was not selected. The "Alternate Site" alternative was not selected. The U. S. Department of Labor solicited proposals for new Job Corps Center sites on March 10, 1998, and received five proposals. Of the five site proposals, the only site within the State of Connecticut was the subject property on Overlook Terrace. Due to the suburban location, the lack of alternative construction sites, and the absence of any identified adverse environmental impacts from locating a Job Corps Center at the subject property, the "Continue Construction as Proposed" alternative was selected.

Based on the information gathered during the preparation of the EA, no environmental liabilities, current or historical, were found to exist on the proposed Job Corps Center site. The construction of a Job Corps Center on the undeveloped parcel located off of Overlook Terrace within the Charter Oak Business Park in Hartford, Connecticut, will not create any significant adverse impacts on the environment.

Dated at Washington, DC, this 6th day of October, 1999.

Mary Silva,

Director of Job Corps.

Investigations Regarding Certifications of Eligibility To Apply for NAFTA Transitional Adjustment Assistance

Petitions for transitional adjustment assistance under the North American

Free Trade Agreement—Transitional Adjustment Assistance Implementation Act (Pub. L. 103-182), hereinafter called (NAFTA-TAA), have been filed with State Governors under Section 250(b)(1) of Subchapter D, Chapter 2, Title II, of the Trade Act of 1974, as amended, are identified in the Appendix to this Notice. Upon notice from a Governor that a NAFTA-TAA petition has been received, the Director of the Office of Trade Adjustment Assistance (OTAA), Employment and Training Administration (ETA), Department of Labor (DOL), announces the filing of the petition and takes action pursuant to paragraphs (c) and (e) of Section 250 of the Trade Act.

The purpose of the Governor's actions and the Labor Department's investigations are to determine whether the workers separated from employment on or after December 8, 1993 (date of enactment of Pub. L. 103-182) are eligible to apply for NAFTA-TAA under Subchapter D of the Trade Act because of increased imports from or the shift in production to Mexico or Canada.

The petitioners or any other persons showing a substantial interest in the subject matter of the investigations may request a public hearing with the Director of OTAA at the U.S. Department of Labor (DOL) in Washington, D.C. provided such request if filed in writing with the Director of OTAA not later than October 25, 1999.

Also, interested persons are invited to submit written comments regarding the subject matter of the petitions to the Director of OTAA at the address shown below not later than October 25, 1999.

Petitions filed with the Governors are available for inspection at the Office of the Director, OTAA, ETA, DOL, Room C-4318, 200 Constitution Avenue, NW, Washington, DC 20210.

Signed at Washington, DC this 4th day of October, 1999.

Grant D. Beale,

Program Manager, Office of Trade Adjustment Assistance.

NATIONAL CREDIT UNION ADMINISTRATION

Federal Credit Union Bylaws

AGENCY: National Credit Union Administration (NCUA).

ACTION: Notice of Federal Credit Union Bylaws.

SUMMARY: This notice advises the public of the final changes to the federal credit union (FCU) bylaws. The changes consolidate the two manuals which currently contain the FCU bylaws into one manual and eliminate or modernize several bylaws. This action is necessary because several of the bylaws had become outdated or obsolete.

DATES: The Federal Credit Union Bylaws are effective October 14, 1999.

FOR FURTHER INFORMATION CONTACT: Mary F. Rupp, Staff Attorney, Office of General Counsel, National Credit Union Administration, 1775 Duke Street, Alexandria, Virginia 22314-3428 or telephone: (703) 518-6553.

SUPPLEMENTARY INFORMATION:

Background

On December 17, 1998, the NCUA Board issued a Notice and Request for Comment on proposed Federal Credit Union (FCU) Bylaws. 64 FR 187 (January 4, 1999). The proposed bylaws were drafted after reviewing comments in response to a Request for Comment. 62 FR 11778 (March 13, 1997). Those commenters supported the bylaws being published as a manual rather than a regulation, consolidating the bylaws into one publication, deleting outdated and obsolete bylaws, and not requiring FCUs to adopt the revised bylaws.

The proposal was drafted in accordance with those comments. As a result, the proposed bylaws are more user friendly for FCUs. All of the information is now in one place; plain English is used; provisions that are outdated are deleted; and provisions that are operational or covered in the Accounting Manual or regulations are deleted, unless it was determined that because of their importance they should also be included in the bylaws.

Summary of Comments

The Board received 24 comments in response to its proposal. The seven commenters that specifically comment on the revised format of consolidating the bylaws in one publication applaud the Board's effort to make the bylaws more user friendly. Several commenters also comment favorably on the Board's decision to remove operational issues from the bylaws. Some of those commenters suggest other areas that could be removed because they are operational. These are discussed below. Overall the comments were favorable.

Article I, Name—Purposes

Section 2. This provision states the purpose of the credit union is "to
