[Docket No. RP00-21-000]

CNG Transmission Corporation; Notice of Proposed Changes in FERC Gas Tariff

October 18, 1999.

Take notice that on October 18, 1999, CNG Transmission Corporation (CNG), filed as part of its FERC Gas Tariff, Second Revised Volume No. 1, the tariff sheets proposing two new rate schedules, Rate Schedules DPO and CSC, together with related changes. CNG requests an effective date of November 15, 1999, for these proposed tariff sheets.

CNG states that the purpose of its filing is propose two new rate schedules designed to allow CNG and its shippers

to better serve an unbundled retail market. The Delivery Point Operator or DPO service is designed to give local distribution companies (LDCs) and potentially others that operate physical points of interconnection between CNG and the LDC system (the citygate) the ability to meet any swings in demand or supply at the citygate without the necessity that the LDC itself continue to hold contract service rights sufficient to absorb the level of potential swings. The Citygate Swing Customer (CSC) Service is a companion service to the Rate Schedule DPO service. It gives shippers that are not delivery point operators the flexibility to match their deliveries into CNG's system with their receipts from CNG without being subject to imbalance penalties or other costs that otherwise would be barriers to entry of these shippers into the small-customer retail market—where seasonal, daily and hourly load variations are significant and commonplace.

CNG states that other, related tariff changes are also proposed. CNG proposes to modify Section 6.3 of its General Terms and Conditions to include references to the new services. Rate Schedules FT, IT and MCS (Wheeling) are modified to provide for explicit hourly flow limits. CNG states that it has also made changes to the intra-day nomination requirements under its tariff.

CNG states that copies of its filing have been served upon CNG's customers and interested state commissions. CNG also states that copies of this filing are available for public inspection during regular business hours, at CNG's principal offices in Clarksburg, West Virginia.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. Connecticut Light and Power Co.; Notice of Extension of Time

October 18, 1999.

On September 15, 1999, the United States Federal Energy Regulation Commission (FERC) issued a notice of Connecticut Light and Power Company's (CL&P), filing of application and soliciting additional study requests, to be filed by November 1, 1999, for the Housatonic and Falls Village projects. On September 25, 1999, the Appalachian Mountain Club (AMC) filed a request to extend the deadline to December 1, 1999. AMC's request states there were delays in getting copies of the License Application from CL&P, and that more review time is needed.

Upon consideration, notice is hereby given that the deadline for filing requests for additional studies is extended to December 1, 1999.

Southern Company Services, Inc., Notice of Extension of Time

October 18, 1999.

On October 7, 1999, Southern Company Services, Inc. (Southern Company) filed a motion for an extension of time to make refunds as required by the Commission's letter order issued September 17, 1999, in the above-docketed proceeding. In its motion, Southern Company states that because of the tremendous number of transmission transactions which must be reviewed and the press of other business involving company personnel, additional time is needed to calculate and make refunds pursuant to the Commission's order.

Upon consideration, notice is hereby given that an extension of time for making refunds is granted to and including December 2, 1999. A refund report should be filed within fifteen days after making the refunds.
