

Under this engagement, management evaluates and documents its review of the effectiveness of the institution's internal control over financial reporting in the identified risk areas as of a specific report date. Management prepares a written assertion, which specifies the criteria on which management based its evaluation about the effectiveness of the institution's internal control over financial reporting in the identified risk areas and states management's opinion on the effectiveness of internal control over this specified financial reporting. The independent public accountant is engaged to perform tests on the internal control over the specified financial reporting in order to attest to management's assertion. If the accountant concurs with management's assertion, even if the assertion discloses one or more instances of material internal control weakness, the accountant would provide a report attesting to management's assertion.

**Risk areas.** Those particular activities of an institution that expose it to greater potential losses if problems exist and go undetected. The areas with the highest financial reporting risk in most institutions generally are their lending and investment securities activities.

**Specified procedures.** Procedures agreed-upon by the institution and the auditor to test its activities in certain areas. The auditor reports findings and test results, but does not express an opinion on controls or balances. If performed by an independent public accountant, these procedures should be performed under generally accepted standards for attestation engagements (GASAE).

By order of the Board of Directors.

Dated at Washington, DC this 15th day of October, 1999.

### Correction Notice—Schedules of Per-Visit and Per-Beneficiary Limitations on Home Health Agency Costs for Cost Reporting Periods Beginning on or After October 1, 1999 and Portions of Cost Reporting Periods Beginning Before October 1, 2000 (Medical Program)—ACTION

**Schedules of Per-Visit and Per-Beneficiary Limitations on Home Health Agency Costs for Cost Reporting Periods Beginning on or After October 1, 1999 and Portions of Cost Reporting Periods Beginning Before October 1, 2000 (Medical Program)**

**AGENCY:** Health Care Financing Administration (HCFA), HHS.

**ACTION:** Correction of notice with comment period.

**SUMMARY:** In the August 5, 1999 issue of the **Federal Register** (64 FR 42766), we published a notice with comment period setting forth revised schedules of limitations on home health agency costs that may be paid under the Medicare program for cost reporting periods beginning on or after October 1, 1999. This document corrects technical errors made in that document.

**EFFECTIVE DATE:** October 1, 1999.

#### SUPPLEMENTARY INFORMATION:

## Background

In the August 5, 1999 notice, we announced the limitations for home health agencies for cost reporting periods beginning on or after October 1, 1999, including the per-visit limitations. We are correcting table 6A, Per-Visit Limitations, to account for an inadvertent misapplication of the 1.1 percent reduction related to the market basket update factors. The aggregate per-beneficiary limits were calculated correctly in the August 5 notice and are not affected.

In addition, there were inadvertent rounding errors and a typographical error in the three tables discussing OASIS adjustment. Due to these errors, we are correcting Table 1, Continuous Oasis Adjustment: Base; Table 2, Continuous OASIS Adjustment: 5-Year Depreciation Averaging; and Table 3, OASIS Adjustment: "One-Time". Below are the corrected figures and corrected Tables 1 through 3. The total continuous OASIS adjustment factor should be \$.118895, rather than \$.11916. The total continuous OASIS adjustment factor of \$.118895 when added to the one-time OASIS adjustment of \$.010267 yields an overall adjustment of \$.129162.

## Correction of Errors
