## GENERAL SERVICES ADMINISTRATION

### Public Building Service; Record of Decision, Proposed Disposal of Governors Island, New York Harbor, New York, NY

#### I. Introduction

The United States General Services Administration (GSA) announces its decision, in accordance with the National Environmental Policy Act of 1969, as amended (NEPA), and the regulations issued by the Council on Environmental Quality (40 CFR Parts 1500-1508), for the proposed disposal of federally-owned real property known as Governors Island, New York Harbor, New York, New York. The purpose of this Record of Decision (ROD) is to clearly communicate GSA's decision on implementing the Preferred Alternative identified in the Final Environmental Impact Statement dated November 4,

1998 (the FEIS) and the basis for that decision, and to identify any mitigation measures to be implemented as part of that decision. This ROD describes the alternatives considered and the rationale for selecting the chosen alternative and documents my decision regarding this proposal.

Public scoping meetings for the Draft Environmental Impact Statement (the DEIS) were held on December 16 and 17, 1997. The period for comments on the proposed disposal action was open from December 1, 1997 and ended on January 19, 1998. GSA released the DEIS for a 45-day public comment period on June 5, 1998. Public hearings were held during the comment period on June 24 and 25, 1998. The FEIS was released for a 30-day public comment period which closed on December 14, 1998. GSA provided written Notices of Availability for these documents in the **Federal Register**, local newspapers and direct mailings to interested parties.

The purpose and need for the proposed action is for GSA to comply with a legislative directive with respect to approximately 172 acres of Federally-owned property known as Governors Island, New York, as provided in the Balanced Budget Act of 1997 (Item 373:[17], Sec. 9101) as signed by President Clinton, described below:

(a) In General—Notwithstanding any other provision of law, the administrator of General Services shall, no earlier than fiscal year 2002, dispose of by sale at fair market value all rights, title, and interests of the United States in and to the land of, and improvements to, Governors Island, New York.

(b) Right of First Offer—Before a sale is made under subsection (a) to any other parties, the State of New York and the City of New York shall be given the right of first offer to purchase all or part at fair market value as determined by the Administrator of General Services, such right may be exercised by either the State of New York or the City of New York or by both the parties acting jointly.

(c) Proceeds—Proceeds from the disposal of Governors Island under subsection (a) shall be deposited in the general fund of the Treasury and credited as miscellaneous receipts.

In accordance with NEPA, GSA disclosed information concerning the potential environmental effects associated with the disposition of this property. GSA examined a range of reasonably foreseeable land use options that might be implemented on the island by another party after disposal. GSA has no authority to implement a reuse on Governors Island. Potential future reuses on Governors Island would be subject to their own environmental and land use review
