**Stingray Pipeline Company; Notice of
Tariff Filing**

November 3, 1999.

Take notice that on October 29, 1999, Stingray Pipeline Company (Stingray), tendered for filing to become part of its FERC Gas Tariff, Third Revised Volume No. 1, the revised tariff sheets listed in Appendix A to the filing. Stingray proposes that the foregoing tariff sheets be made effective on November 1, 1999.

Stingray states this filing is made to reflect ministerial tariff changes resulting from the assumption of operating duties by Leviathan Operating Company (Leviathan). Stingray further states that the instant filing specifically modifies the company's address, telephone numbers and personnel titles and designations from its currently effective tariff to conform with the changes due to the assumption of operating duties by Leviathan. Stingray further states that the changes effected by this filing are purely ministerial.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

**Tennessee Gas Pipeline Company;
Notice of Request for Waiver**

November 3, 1999.

Take notice that on November 1, 1999, Tennessee Gas Pipeline Company (Tennessee), tendered for filing a Request for Waiver. Tennessee requests that the Commission approve its request by November 15, 1999.

Tennessee states that it is requesting a waiver of two provisions of Article X of the General Terms and Conditions of its FERC Gas Tariff to permit it to conduct routine, non-emergency maintenance during a period other than May 1 through November 1, without the obligation to post a tentative schedule of the planned maintenance on Tennessee's Electronic Bulletin Board no later than fifteen days prior to the scheduled activity.

Tennessee states that it is seeking a waiver from the Commission of the first of the two provisions because Tennessee believes that the maintenance work is necessary to avoid any unplanned outages resulting from the failure of any of the related facilities. Tennessee states that it is seeking a waiver from the Commission of the second of the two provisions because Tennessee believes the requirement is unnecessary since Tennessee has already consulted with each of the parties affected by the maintenance and because Tennessee believes that the EBB posting requirement could result in Tennessee missing the opportune time to complete the maintenance work for each project while waiting for the fifteen days to elapse.

Tennessee indicates that the filing does not include revised tariff sheets.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed on or before November 10, 1999. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference

Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

**Texas Eastern Transmission
Corporation; Notice of Proposed
Changes in FERC Gas Tariff**

November 3, 1999.

Take notice that on October 26, 1999, Texas Eastern Transmission Corporation (Texas Eastern) tendered for filing as part of its FERC Gas Tariff, Sixth Revised Volume No. 1 and Original Volume No. 2, the tariff sheets listed on Appendix A to the filing to become effective December 1, 1999.

Texas Eastern asserts that the purpose of this filing is to comply with the Stipulation and Agreement filed by Texas Eastern on December 7, 1991 in Docket Nos. RP88-67, *et al.* (Phase II/PCBs) and approved by the Commission on March 18, 1992 (Settlement), and with Section 26 of Texas Eastern's FERC Gas Tariff, Sixth Revised Volume No. 1.

Texas Eastern states that such tariff sheets reflect a decrease in the PCB-Related Cost component of Texas Eastern's currently effective rates. For example, the decrease in the 100% load factor average cost of long-haul service under Rate Schedule FT-1 to Market Zone 3 is \$0.0074 per dekatherm.

Texas Eastern states that copies of the filing were mailed to all affected customers of Texas Eastern and interested state commissions. Copies of this filing have also been mailed to all parties on the service list in Docket Nos. RP88-67, *et al.* (Phase II/PCBs).

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party

must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Texas Eastern Transmission Corporation; Notice of Proposed Changes in FERC Gas Tariff

November 3, 1999.

Take notice that Texas Eastern Transmission Corporation (Texas Eastern) on October 29, 1999 tendered for filing as part of its FERC Gas Tariff, Sixth Revised Volume No. 1 and Original Volume No. 2, revised tariff sheets listed on Appendix A to the filing to become effective December 1, 1999.

Texas Eastern states that the revised tariff sheets are being filed (i) pursuant to Section 15.6, Applicable Shrinkage Adjustment (ASA), contained in the General Terms and Conditions of Texas Eastern's FERC Gas Tariff, Sixth Revised Volume No. 1, and (ii) pursuant to Texas Eastern's Docket No. RP85-177-119, et al. Stipulation and Agreement (Settlement) filed January 31, 1994 and approved by Commission order issued May 12, 1994.

Texas Eastern states that it has recently filed its Annual PCB-Related Cost Filing to reflect the PCB-Related Cost rate components to be effective for the twelve month period December 1, 1999 through November 30, 2000 (PCB Year 10).

Texas Eastern states that the combined impact on Texas Eastern's rates at December 1, 1999 of this filing in combination with the PCB Year 10 Filing for typical long haul service under Rate Schedule FT-1 from Access Area Zone East Louisiana to Market Zone 3 (ELA-M3) equates to an overall decrease of 1.41 cents as follows:

	100% LF Impact (\$/dth)
Rate Impact:	
PCB Year 10 Filing	(0.0074)
ASA Surcharge	0.0017
Total	(0.0057)

	100% LF Impact (\$/dth)
Fuel Retention Impact:	
Annual Avg. ASA Percentage Decrease—(0.28%)	
Rate Equivalent at P.I.R.A. pro- jected price of \$3.0167/dth ...	(\$0.0084)
Net Impact	\$(0.0141)

Texas Eastern states that the changes proposed to become effective beginning December 1, 1999 consist of: (1) ASA Percentages designed to retain in-kind the projected quantities of gas required for the operation of Texas Eastern's system in providing service to its customers; (2) the ASA Surcharge designed to recover the net monetary value recorded in the Applicable Shrinkage Deferred Account as of August 31, 1999, as reduced by the transfer of the final net credit of the balances in the Spot Fuel Deferred Account and the Account No. 858 Costs Deferred Account; and (3) a Fuel Reservation Charge Adjustment designed to recover the excess (limited to a maximum rate specified by the Settlement) of the August 31, 1999 balance in the Non-Spot Fuel Deferred Account over the threshold amount of \$10 million specified in Appendix E of the Settlement.

Texas Eastern states that this filing also constitutes Texas Eastern's report of the annual reconciliation of the interruptible revenues under Rate Schedules IT-1, PTI and ISS-1, as well as for Rate Schedule LLIT and for Rate Schedule VKIT.

Texas Eastern states that copies of its filing have been mailed to all affected customers of Texas Eastern and interested state commissions, as well as all parties to the Settlement in Docket No. RP85-177-119, et al.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. Transcontinental Gas Pipe Line Corporation; Notice of Compliance Filing

November 3, 1999.

Take notice that on October 15, 1999, Transcontinental Gas Pipe Line Corporation (Transco) tendered for filing a supplement to its September 2, 1999 request for waiver of Transco's Tariff, and orders and regulations of the Federal Energy Regulatory Commission, for the limited time period of December 28, 1999 through January 7, 2000. Transco states that this filing is to comply with the Commission's September 30, 1999 order. Transco states that the purpose of this filing relates to Transco's nomination, scheduling and capacity release deadline requirements, in order to provide transportation services during the first week of the Year 2000 (Y2K), should any Y2K issues arise which prevent Transco from being able to communicate with its customers.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed on or before November 12, 1999. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
