

*Final Results of Review*

As a result of our review, we determine that the following weighted-average margin exists:

| Weighted-average | Exporter/<br>manufacturer margin<br>(percent) |
|------------------|---|
| Akzo .....       | 2.90  |

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. The Department will issue appraisement instructions on each exporter directly to the Customs Service. Because we have only one importer of the subject merchandise, we have calculated an importer specific duty assessment rate for the merchandise based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of sales examined.

Furthermore, the following deposit requirements will be effective upon publication of this notice of final results of review for all shipments of PPD-T aramid fiber from the Netherlands entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for the reviewed company will be the rate listed above; (2) if the exporter is not a firm covered in this review, a prior review, or the original Less Than Fair Value ("LTFV") investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (3) for all other producers and/or exporters of this merchandise, the cash deposit rate shall be 66.92 percent, the "all others" rate established in the LTFV investigation (59 FR 32678, June 24, 1994). These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

**Notification to Interested Parties**

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305 and 19 CFR 351.306. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This administrative review and notice are in accordance with section 751(a)(1) of the Act and 19 CFR 351.221.

Dated: November 5, 1999.

**Background**

On March 31, 1999, the Department of Commerce (the Department) received a

request from Cablesa, S.A. de C.V. (Cablesa) for a new shipper review of its sales to the United States of merchandise subject to the antidumping duty order on carbon steel wire rope from Mexico. We initiated the review, which covers the period March 1, 1998 through February 28, 1999, on April 30, 1999 (*Carbon Steel Wire Rope From Mexico: Initiation of New Shipper Antidumping Duty Review*, 64 FR 24573 (published May 7, 1999)).

On March 29, 1999 and March 31, 1999, in accordance with 19 CFR 351.213(b)(1) and (2), the Department received requests from Aceros Camesa, S.A. de C.V. (Camesa), and the Committee of Domestic Steel Wire Rope and Specialty Cable Manufacturers, respectively, to conduct an administrative review of Camesa's sales to the United States of merchandise subject to the antidumping duty order on carbon steel wire rope from Mexico. The administrative review covers the period March 1, 1998 through February 28, 1999, and was initiated on April 22, 1999 (64 FR 23269, published April 30, 1999).

**Postponement of Results of New  
Shipper Review**

On July 29, 1999, Cablesa submitted a waiver of the normal time limits for a new shipper review, as set forth in 19 CFR 351.214(i). Thus, in accordance with 19 CFR 351.214(j)(3), we are conducting this new shipper review concurrently with the ongoing administrative review of carbon steel wire rope from Mexico. The signature date for preliminary results of review is now December 1, 1999.

Certain Cold-Rolled Flat-Rolled

#### **Postponement of Preliminary Determinations**

The Department of Commerce ("the Department") is postponing the preliminary determinations in the antidumping duty investigations of cold-rolled flat-rolled carbon-quality steel products from Indonesia, the People's Republic of China, Taiwan and Turkey. The deadline for issuing the preliminary determinations in these investigations is now December 8, 1999.

On June 21, 1999, the Department initiated antidumping investigations of cold-rolled flat-rolled carbon-quality steel products from Indonesia, the People's Republic of China, Taiwan and Turkey. See *Initiation of Antidumping Duty Investigations: Certain Cold-Rolled Flat-Rolled Carbon-Quality Steel Products from Argentina, Brazil, the People's Republic of China, Indonesia, Japan, the Russian Federation, Slovakia, South Africa, Taiwan, Thailand, Turkey, and Venezuela*, 64 FR 34194. The notice stated that the Department would issue its preliminary determinations no later than 140 days after the date of initiation (i.e., November 8, 1999). On October 19, 1999, the Department postponed the date of the preliminary determination in the case involving Slovakia. See *Notice of Postponement of Preliminary Antidumping Duty Determination: Certain Cold-Rolled Flat-Rolled Carbon-Quality Steel Products from Slovakia*, 64 FR 57842 (October 27, 1999). The Department issued preliminary determinations in the cases involving Argentina, Brazil, Japan, the Russian Federation, South Africa, Thailand and Venezuela on November 1, 1999.

The Department has now concluded, consistent with section 733(c)(1)(B) of the Act, that the four cases at issue here are extraordinarily complicated, and that additional time is necessary to issue the preliminary determinations, due to (a) the complexity of the issues raised in these cases, requiring the issuance of multiple supplemental questionnaires, (b) the inherent difficulty of coordinating the analysis of cross-cutting issues for several related antidumping investigations, (c) the need to allow additional time for respondents in Taiwan and Turkey to respond to our questionnaires resulting from the recent

natural disasters in those countries, and (d) an electrical fire at the Department's main building and technical problems, which rendered the Import Administration computer network inoperative for one week. Therefore, in light of the fact that parties to this proceeding have been cooperating, pursuant to section 733(c)(1) of the Act, the Department is postponing the deadline for issuing these determinations until December 8, 1999.

This extension is in accordance with section 733(c) of the Act and 19 CFR 351.205(b)(2).

Dated: November 5, 1999.

#### **The Applicable Statute**

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department of Commerce (Department) regulations are to the regulations at 19 CFR Part 351, (April, 1999).

#### **Preliminary Determination**

We preliminarily determine that cold-rolled flat-rolled carbon-quality steel products (cold-rolled steel products) from Venezuela are being, or are likely to be, sold in the United States at less than fair value (LTFV), as provided in

section 733 of the Act. The estimated margin of sales at LTFV is shown in the "Suspension of Liquidation" section of this notice.

#### **Case History**

On June 21, 1999, the Department initiated antidumping duty investigations of imports of certain cold-rolled flat-rolled carbon-quality steel products from Argentina, Brazil, the People's Republic of China, Indonesia, Japan, the Russian Federation, Slovakia, South Africa, Taiwan, Thailand, Turkey, and Venezuela. See *Notice of Initiation of Antidumping Duty Investigations: Certain Cold-Rolled Flat-Rolled Carbon-Quality Steel Products*, 64 FR 34194 (June 25, 1999) (*Initiation Notice*). Since the initiation of this investigation, the following events have occurred:

On June 21, 1999, the Department invited interested parties to submit comments on the proposed model match criteria. On June 28, 1999, Bethlehem Steel Corporation, Gulf States Steel, Inc., Ispat Inland, Inc., LTV Steel Company, Inc., National Steel Corporation, Steel Dynamics, Inc., U.S. Steel Group, a unit of USX Corporation, Weirton Steel Corporation, and United Steelworkers of America (collectively, "petitioners") stated that we should revise the category "annealing" to account more precisely for important differences in processing, pricing, functions, and customer expectations. In addition, petitioners recommended that the Department include an additional category under "QUALITY," for motor lamination steels. On June 22, 1999, the Department issued Section A of the antidumping duty questionnaire to Sidor, the only known exporter of subject merchandise in Venezuela. On July 9, 1999, the Department issued Sections B through E to Sidor. On July 16, 1999, the United States International Trade Commission (ITC) notified the Department of its affirmative preliminary injury determination in this case. The Department received Sidor's response to Section A of the questionnaire on July 20, 1999. Petitioners filed comments on Sidor's response to Section A on August 3, 1999. The Department issued a supplemental questionnaire for Section A on August 24, 1999 in order to clarify and/or correct the information and data submitted in the original questionnaire. Sidor failed to respond to Sections B through D of the questionnaire and the Department's supplemental questionnaire for Section A.

The Department set aside a period for all interested parties to raise issues regarding product coverage. From July through October 1999, the Department
