DEPARTMENT OF COMMERCE

Submission For OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Census 2000, Evaluation of the Facility Questionnaire.

Form Number(s): None.

Agency Approval Number: None.

Type of Request: New collection.

Burden: 220 hours.

Number of Respondents: 1,000.

Avg Hours Per Response: 12 minutes.

Needs and Uses: The Census Bureau must provide everyone in the United States and Outlying Areas the opportunity to be counted in Census 2000 as well as making sure that persons are counted in the appropriate

places such as places defined as special Places (SP). SPs include such places as colleges and universities, nursing homes, halfway houses, and correctional facilities. The Census 2000 Special Place Facility Questionnaire is an operation in which updated information is gathered from operators of SPs on the group quarters (GQs) and housing units located at the SP and GQ codes are assigned. The GQ code is a critical component to correctly tabulating census data for different types of GQs. Interviews are conducted either by telephone using Computer-assisted Telephone Interviewing (CATI) or by personal visit. This operation, cleared previously by the Office of Management and Budget under approval number 0607-0786, began in October 1998 and will conclude in July 1999.

To evaluate this operation, the Census Bureau is proposing to conduct a follow-up operation of 1,000 cases. The reinterview will be conducted via personal visits administered by specially trained interviewers using a paper questionnaire that has been modified from the production questionnaire. The information collected during the reinterviews will concern the types of services the facility provides, the number of persons that reside within the facility, and what types of GQs are associated with the facility. All information collected will be pertinent to verifying the accuracy of the GQ code.

We will use these data to determine: (1) How well the facility questionnaire performed by assessing the frequency with which the GQ code was different between the production interview and reinterview, (2) whether or not there was a significant difference in the occurrence of GQ code change by special place type, and (3) whether or not CATI versus personal visit increased data quality by computing item nonresponse rates. The evaluation interviews will be conducted in six regions during January 2000.

Affected Public: Individuals or households.

Frequency: One-time.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 U.S.C., Sections 141 and 193.

OMB Desk Officer: Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Linda Engelmeier, DOC Forms Clearance Officer, (202) 482-3272, Department of Commerce, room 5027, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at LEngelme@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: November 10, 1999.

Linda Engelmeier,

Departmental Forms Clearance Officer, Office of the Chief Information Officer.

International Trade Administration

Extension of Time Limit for Final Results of Five-Year Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limit for final Results of Five-Year ("Sunset") Reviews.

SUMMARY: The Department of Commerce ("the Department") is extending the time limit for the final results of 18 expedited sunset reviews initiated on July 1, 1999 (64 FR 35588) covering various antidumping and countervailing duty orders. Based on adequate responses from domestic interested parties and inadequate responses from respondent interested parties, the Department is conducting expedited sunset reviews to determine whether revocation of the antidumping and countervailing duty orders would be likely to lead to continuation or recurrence of dumping or a countervailable subsidy. As a result of these extensions, the Department intends to issue its final results not later than January 27, 2000.

EFFECTIVE DATE: November 16, 1999.

FOR FURTHER INFORMATION CONTACT: Mark D. Young or Melissa G. Skinner, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and

Constitution Avenue, NW, Washington, D.C. 20230; telephone: (202) 482-3207, or (202) 482-1560 respectively.

Extension of Final Results

In accordance with section 751(c)(5)(C)(v) of the Tariff Act of 1930, as amended ("the Act"), the Department may treat a sunset review as extraordinarily complicated if it is a review of a transition order (i.e., an order in effect on January 1, 1995). The Department has determined that the sunset reviews of the following antidumping and countervailing duty orders are extraordinarily complicated:

- A-570-805 Sulfur Chemicals (Sodium Thiosulfate) from the People's Republic of China
- A-428-807 Sulfur Chemicals (Sodium Thiosulfate) from Germany
- A-412-805 Sulfur Chemicals (Sodium Thiosulfate) from the United Kingdom
- A-533-808 Stainless Steel Wire Rods from India
- A-351-819 Stainless Steel Wire Rods from Brazil
- A-427-811 Stainless Steel Wire Rods from France
- C-469-004 Stainless Steel Wire Rods from Spain
- A-580-810 Welded Stainless Steel Pipes from Korea
- A-583-815 Welded Stainless Steel Pipes from Taiwan
- A-403-801 Fresh & Chilled Atlantic Salmon from Norway
- C-403-802 Fresh & Chilled Atlantic Salmon from Norway
- A-580-807 Polyethylene Terephthalate Film from Korea
- A-570-804 Sparklers from the People's Republic of China
- A-588-702 Stainless Steel Butt-Weld Pipe Fittings from Japan
- A-580-813 Stainless Steel Butt-Weld Pipe Fittings from Korea
- A-583-816 Stainless Steel Butt-Weld Pipe Fittings from Taiwan
- A-570-803 Heavy Forged Hand Tools (Axes and Adzes) from the People's Republic of China
- A-570-803 Heavy Forged Hand Tools (Picks and Mattocks) from the People's Republic of China

Therefore, the Department is extending the time limit for completion

of the final results of these reviews until not later than January 27, 2000, in accordance with section 751(c)(5)(B) of the Act.

Dated: October 18, 1999.

Richard W. Moreland,

Acting Assistant Secretary for Import Administration.
