FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 64

[Docket No. FEMA-7720]

List of Communities Eligible for the Sale of Flood Insurance

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Final rule.

SUMMARY: This rule identifies communities participating in the National Flood Insurance Program (NFIP). These communities have applied to the program and have agreed

to enact certain floodplain management measures. The communities' participation in the program authorizes the sale of flood insurance to owners of property located in the communities listed.

EFFECTIVE DATES: The dates listed in the third column of the table.

ADDRESSES: Flood insurance policies for property located in the communities listed can be obtained from any licensed property insurance agent or broker serving the eligible community, or from the NFIP at: Post Office Box 6464, Rockville, MD 20849, (800) 638-6620.

FOR FURTHER INFORMATION CONTACT: Robert F. Shea, Jr., Division Director,

Program Support Division, Mitigation Directorate, 500 C Street SW., room 417, Washington, DC 20472, (202) 646-3619.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase flood insurance which is generally not otherwise available. In return, communities agree to adopt and administer local floodplain management measures aimed at protecting lives and new construction from future flooding. Since the communities on the attached list have recently entered the NFIP, subsidized flood insurance is now available for property in the community.

In addition, the Associate Director of the Federal Emergency Management Agency has identified the special flood hazard areas in some of these communities by publishing a Flood Hazard Boundary Map (FHBM) or Flood Insurance Rate Map (FIRM). The date of the flood map, if one has been published, is indicated in the fourth column of the table. In the communities listed where a flood map has been published, section 102 of the Flood Disaster Protection Act of 1973, as amended, 42 U.S.C. 4012(a), requires the purchase of flood insurance as a condition of Federal or federally related financial assistance for acquisition or

construction of buildings in the special flood hazard areas shown on the map.

The Associate Director finds that the delayed effective dates would be contrary to the public interest. The Associate Director also finds that notice and public procedure under 5 U.S.C. 553(b) are impracticable and unnecessary.

National Environmental Policy Act. This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Considerations. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Associate Director certifies that this rule will not have a significant economic impact on a substantial number of small entities in accordance with the Regulatory Flexibility Act, 5 U. S. C. 601 *et seq.*, because the rule creates no additional burden, but lists those communities eligible for the sale of flood insurance.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Paperwork Reduction Act. This rule does not involve any collection of

information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

Executive Order 12612, Federalism. This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, October 26, 1987, 3 CFR, 1987 Comp., p. 252.

Executive Order 12778, Civil Justice Reform. This rule meets the applicable standards of section 2(b)(2) of Executive Order 12778, October 25, 1991, 56 FR 55195, 3 CFR, 1991 Comp., p. 309.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

48 CFR Parts 1845 and 1852

Revisions to the NASA FAR Supplement on Property Reporting Requirements

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Final rule.

SUMMARY: This final rule amends the NASA FAR Supplement (NFS) to comply with OMB Bulletin 97-01 and makes other changes to NASA property reporting requirements. Specific changes include: raising the reporting

threshold for certain property categories from \$5,000 to \$100,000; adding a requirement to report Federal Supply Classification group codes for equipment, unit acquisition costs, and acquisition dates on shipping documents; and adding a statement that contractors are required to furnish, in addition to the information required by NASA Form (NF) 1018, any information specified in supplemental instructions issued by NASA for the current reporting period.

EFFECTIVE DATE: November 17, 1999.

FOR FURTHER INFORMATION CONTACT: James H. Dolvin, NASA Headquarters, Code HK, Washington, DC 20546, (202) 358-1279, jdolvin1@mail.hq.nasa.gov.

SUPPLEMENTARY INFORMATION:

A. Background

Federal Financial Accounting Standards Number 6, as implemented by OMB Bulletin 97-01, provides for new financial accounting requirements involving depreciation of Government property. Additional guidance is being

added to NFS Section 1845.7101, Instructions for preparing NASA Form 1018, to explain this change and to say that contractors will now be required to submit supplemental information with the form, and that this information may change from year to year, depending on OMB requirements.

A proposed rule was published in the **Federal Register** at 64 FR 26721-23, dated May 17, 1999. Revisions in this final rule consist of minor editorial changes in 1845.7101-1(b), 1845.7101-2(a), 1845.7101-3(e), and 1852.245-73 (b) and (d). Comments were received from the Aerospace Industries Association and the University of California at Berkeley. All comments were considered in the development of this final rule.

B. Regulatory Flexibility Act

NASA certifies that this final rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*)
