## DEPARTMENT OF THE INTERIOR

### Bureau of Reclamation

#### Bay-Delta Advisory Council Meeting; Policy Group Meeting

**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice of meeting.

**SUMMARY:** The Bay-Delta Advisory Council (BDAC) will meet on December 14, 1999 to discuss CALFED governance, the water management strategy, the draft preferred alternative and implementation issues. The Policy Group will meet on December 15, 1999 to discuss CALFED water management strategy and CALFED long-term governance. These meetings are open to the public. Interested persons may make oral statements to BDAC or Policy Group, or may file written statements for consideration.

**DATES:** The BDAC meeting will be held from 9:00 a.m. to 5:00 p.m. on Tuesday, December 14, 1999. The Policy Group will be held from 9:00 a.m. to 5:00 p.m. on Wednesday, December 15, 1999.

**ADDRESSES:** The BDAC will meet at the Sterling Hotel, 1300 H Street, Sacramento, CA (916) 448-1300. The Policy Group will meet at Sacramento Convention Center, 1400 J Street, Rooms 302 and 303, Sacramento, CA, (916) 264-5291.

**FOR FURTHER INFORMATION CONTACT:** For the Bay-Delta Advisory Council Meeting, Eugenia Laychak, CALFED Bay-Delta Program, at (916) 657-2666. For the Policy Group Meeting, Mary Selkirk, CALFED Bay-Delta Program, at (916) 657-2666. If reasonable accommodation is needed due to a disability, please contact the Equal Employment Opportunity Office at (916) 653-6952 or TDD (916) 653-6934 at least one week prior to the meeting.

**SUPPLEMENTARY INFORMATION:** The San Francisco Bay/Sacramento-San Joaquin Delta Estuary (Bay-Delta system) is a critically important part of California's natural environment and economy. In recognition of the serious problems facing the region and the complex resource management decisions that must be made, the state of California and the Federal government are working

together to stabilize, protect, restore, and enhance the Bay-Delta system. The State and Federal agencies with management and regulatory responsibilities in the Bay-Delta system are working together as CALFED to provide policy direction and oversight for the process.

One area of Bay-Delta management includes the establishment of a joint State-Federal process to develop long-term solutions to problems in the Bay-Delta system related to fish and wildlife, water supply reliability, natural disasters, and water quality. The intent is to develop a comprehensive and balanced plan which addresses all of the resource problems. This effort, the CALFED Bay-Delta Program (Program), is being carried out under the policy direction of CALFED. The Program is exploring and developing a long-term solution for a cooperative planning process that will determine the most appropriate strategy and actions necessary to improve water quality, restore health to the Bay-Delta ecosystem, provide for a variety of beneficial uses, and minimize Bay-Delta system vulnerability. A group of citizen advisors representing California's agricultural, environmental, urban, business, fishing, and other interests who have a stake in finding long-term solutions for the problems affecting the Bay-Delta system has been chartered under the Federal Advisory Committee Act (FACA). The BDAC provides advice to CALFED on the program mission, problems to be addressed, and objectives for the Program. BDAC provides a forum to help ensure public participation, and will review reports and other materials prepared by CALFED staff.

Minutes of the meeting will be maintained by the Program, Suite 1155, 1416 Ninth Street, Sacramento, CA 95814, and will be available for public inspection during regular business hours, Monday through Friday within 30 days following the meeting.

Dated: November 17, 1999.

[TA-W-36,471 and NAFTA-3084]

#### Fort James Corporation Packaging Division Portland, OR; Notice of Revised Determination on Reconsideration

By letter of August 13, 1999, the petitioner requested administrative reconsideration of the Department's negative determinations for Trade Adjustment Assistance (TAA) and North American Free Trade Agreement-Transitional Adjustment Assistance (NAFTA-TAA) for the workers and former workers of the subject firm.

Workers of the subject firm are engaged in employment related to the production of paper food packaging, primarily frozen food packaging.

On July 30, 1999, the workers were denied TAA because the "contributed importantly" test of Section 222(3) of the Group Eligibility Requirements of the Trade Act of 1974, as amended, was not met. A survey of the subject firm's major customers revealed that none of the customers increased import purchases of food packaging while reducing purchases from the subject firm.

On that same date, the same worker group was denied eligibility to apply for NAFTA-TAA based on the finding that criteria (3) and (4) of the worker group eligibility requirements of paragraph (a)(1) of Section 250 of the Trade Act of 1974, as amended were not met. There was no shift in production from the worker's firm to Mexico or Canada. Other investigation findings showed that there were no company or customer imports of food packaging from Mexico or Canada.

The Department has obtained new information from one of the subject firm's major declining customers showing increased import purchases of frozen food packaging from Canada while reducing purchases from Fort James.

#### Conclusion

After careful consideration of the new facts obtained on reconsideration, it is concluded that workers of Fort James
