Definitions

The following definitions apply to
this review:

(1) Subject Merchandise is the class or
kind of merchandise that is within the
scope of the five-year review, as defined
by the Department of Commerce.

(2) The Subject Country in this review
is the Netherlands.

(3) The Domestic Like Product is the
domestically produced product or
products which are like, or in the
absence of like, most similar in
characteristics and uses with, the
Subject Merchandise. In its original
determination, the Commission found
one Domestic Like Product: all aramid
fiber formed of poly para-phenylene
terephthalamide.

(4) The Domestic Industry is the U.S.
producers as a whole of the Domestic
Like Product, or those producers whose
collective output of the Domestic Like
Product constitutes a major proportion
of the total domestic production of the
product. In its original determination,
the Commission found one Domestic
Industry: producers of all aramid fiber
formed of poly para-phenylene
terephthalamide. The Commission
included the subcontractors of E.I.
DuPont de Nemours & Co. as part of the
Domestic Industry.

(5) The Order Date is the date that the
antidumping duty order under review
became effective. In this review, the
Order Date is June 24, 1994.

(6) An Importer is any person or firm
engaged, either directly or through a
parent company or subsidiary, in
importing the Subject Merchandise into
the United States from a foreign
manufacturer or through its selling
agent.

Participation in the Review and Public Service List

Persons, including industrial users of
the Subject Merchandise and, if the
merchandise is sold at the retail level,
representative consumer organizations,
wishing to participate in the review as
parties must file an entry of appearance
with the Secretary to the Commission,
as provided in section 201.11(b)(4) of
the Commission's rules, no later than 21
days after publication of this notice in
the **Federal Register**. The Secretary will
maintain a public service list containing
the names and addresses of all persons,
or their representatives, who are parties
to the review.

Former Commission employees who
are seeking to appear in Commission

five-year reviews are reminded that they are required, pursuant to 19 CFR 201.15, to seek Commission approval if the matter in which they are seeking to appear was pending in any manner or form during their Commission employment. The Commission's designated agency ethics official has advised that a five-year review is the "same particular matter" as the underlying original investigation for purposes of 19 CFR 201.15 and 18 U.S.C. 207, the post employment statute for Federal employees. Former employees may seek informal advice from Commission ethics officials with respect to this and the related issue of whether the employee's participation was "personal and substantial." However, any informal consultation will not relieve former employees of the obligation to seek approval to appear from the Commission under its rule 201.15. For ethics advice, contact Carol McCue Verratti, Deputy Agency Ethics Official, at 202-205-3088.

Limited Disclosure of Business Proprietary Information (BPI) Under an Administrative Protective Order (APO) and APO Service List

Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI submitted in this review available to authorized applicants under the APO issued in the review, provided that the application is made no later than 21 days after publication of this notice in the **Federal Register**.

Authorized applicants must represent interested parties, as defined in 19 U.S.C. 1677(9), who are parties to the review. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Certification

Pursuant to section 207.3 of the Commission's rules, any person submitting information to the Commission in connection with this review must certify that the information is accurate and complete to the best of the submitter's knowledge. In making the certification, the submitter will be deemed to consent, unless otherwise specified, for the Commission, its employees, and contract personnel to use the information provided in any other reviews or investigations of the same or comparable products which the Commission conducts under Title VII of the Act, or in internal audits and investigations relating to the programs and operations of the Commission pursuant to 5 U.S.C. Appendix 3.

Written Submissions

Pursuant to section 207.61 of the Commission's rules, each interested party response to this notice must provide the information specified below. The deadline for filing such responses is January 20, 2000. Pursuant to section 207.62(b) of the Commission's rules, eligible parties (as specified in Commission rule 207.62(b)(1)) may also file comments concerning the adequacy of responses to the notice of institution and whether the Commission should conduct an expedited or full review. The deadline for filing such comments is February 11, 2000. All written submissions must conform with the provisions of sections 201.8 and 207.3 of the Commission's rules and any submissions that contain BPI must also conform with the requirements of sections 201.6 and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means. Also, in accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the review must be served on all other parties to the review (as identified by either the public or APO service list as appropriate), and a certificate of service must accompany the document (if you are not a party to the review you do not need to serve your response).

Inability To Provide Requested Information

Pursuant to section 207.61(c) of the Commission's rules, any interested party that cannot furnish the information requested by this notice in the requested form and manner shall notify the Commission at the earliest possible time, provide a full explanation of why it cannot provide the requested information, and indicate alternative forms in which it can provide equivalent information. If an interested party does not provide this notification (or the Commission finds the explanation provided in the notification inadequate) and fails to provide a complete response to this notice, the Commission may take an adverse inference against the party pursuant to section 776(b) of the Act in making its determination in the review.

the Subject Country since the Order Date, and significant changes, if any, that are likely to occur within a reasonably foreseeable time. Supply conditions to consider include technology; production methods; development efforts; ability to increase production (including the shift of production facilities used for other products and the use, cost, or availability of major inputs into production); and factors related to the ability to shift supply among different national markets (including barriers to importation in foreign markets or changes in market demand abroad). Demand conditions to consider include end uses and applications; the existence and availability of substitute products; and the level of competition among the Domestic Like Product produced in the United States, Subject Merchandise produced in the Subject Country, and such merchandise from other countries.
