

Note: The enhancement/expansion grant category will not be funded.

Availability of Funds

(Replace the existing Availability of Funds section with the following.)

It is estimated that \$2.5 million will be available to support awards under this PA in FY 2000. The amount of an award is expected to range as follows (amounts include direct and indirect costs):

Full studies: up to \$500,000;

Exploratory/Pilot studies: up to \$250,000;

Funds will be divided between the two grant categories. The number of applications funded in each category will depend on the quality of applications as determined by the peer review process. Funds may be used to conduct all aspects of data collection and evaluation. Limited funds are available to support substance abuse treatment intervention services and substance abuse related services necessary for successful conduct of the proposed study. Applicants are strongly encouraged to verify future receipt dates and availability and terms of funding before preparing and submitting applications (see Application Receipt and Review Schedule).

Period of Support

(Replace the existing Period of Support section with the following.)

Support for full studies and for exploratory/pilot studies may be requested for up to 3 years. Annual awards will be made subject to continued availability of funds and progress achieved.

Section II—Program Description and Project Requirements, B. Program Plan, (3) Enhancement/Expansion Grants

(Section 3—Enhancement/Expansion Grants has been deleted.)

Note: The enhancement/expansion grant category will not be funded.

National Park Service

Sleeping Bear Dunes National Lakeshore

AGENCY: National Park Service, Interior.

ACTION: Notice of availability of the Draft Historic Properties Management Plan/Draft Environmental Impact Statement for Sleeping Bear Dunes National Lakeshore, Benzie and Leelanau Counties, Michigan.

SUMMARY: Pursuant to section 102(2) of the National Environmental Policy Act of 1969, the National Park Service announces the availability of the Draft Historic Properties Management Plan/Draft Environmental Impact Statement (DHPMP/DEIS) for Sleeping Bear Dunes National Lakeshore.

The DHPMP/DEIS describes and analyzes three alternative future directions for the management of selected historic properties within Sleeping Bear Dunes National Lakeshore. The alternatives were based on the Lakeshore's enabling legislation and recent investigations into the significance of historic properties in the Lakeshore. The DHPMP/DEIS is intended to provide a blueprint to guide park management decisions regarding these historic properties for the next 10-20 years. The DHPMP/DEIS is a conceptual document that establishes and articulates a management philosophy and framework for decision making and problem solving. Since partners would implement many preservation and adaptive use activities, this plan will function as a guide for both the National Park Service and potential partners.

Alternative I is the no-action alternative. It provides a baseline for comparison of the other alternatives. Each of the action alternatives would strive to achieve all desired conditions for the Lakeshore relating to select historic properties. The primary difference between the two action alternatives is their central emphasis. Alternative II would emphasize preservation of the exteriors of structures, through partnership agreements, with no adaptive uses by partners. The Preferred Alternative (Proposed Action), Alternative III, would emphasize the rehabilitation and adaptive use of historic structures through partnership agreements. It would also permit limited compatible uses of cultural landscapes. Under all alternatives, the National Park Service may adapt historic structures for its use.

DATES: There will be a 60-day public review period for comments on this document. Comments on the DHPMP/DEIS must be received no later than February 15, 2000.

ADDRESSES: If you wish to comment, you may submit your comment by any one of several methods. You may mail comments to Superintendent, Sleeping Bear Dunes National Lakeshore, 9922 Front Street, Empire, Michigan 49630. You also may comment via e-mail to slbe_hmp@nps.gov. If you attach a file to your e-mail, please ensure the file is in ASCII format avoiding the use of

special characters and any form of encryption. Please also include your name and return address in your e-mail message. If you do not receive a confirmation from the system that we have received your e-mail message, contact the plan coordinator, Michael Duwe, directly at (231) 326-5134, ext. 502. Finally, you may hand-deliver comments to the Sleeping Bear Dunes National Lakeshore headquarters at the address above. Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the record, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold from the record a respondent's identity, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

FOR FURTHER INFORMATION CONTACT: Superintendent, Sleeping Bear Dunes National Lakeshore, at the address and telephone listed above.

Dated: December 3, 1999.

DEPARTMENT OF THE INTERIOR

Pictured Rocks National Lakeshore

AGENCY: National Park Service, Interior.

ACTION: Notice of Intent to prepare a Wilderness Suitability Study and Environmental Impact Statement for Pictured Rocks National Lakeshore, Michigan.

SUMMARY: The National Park Service (NPS) will prepare a wilderness

suitability study to evaluate portions of Pictured Rocks National Lakeshore for possible designation as wilderness. The study will be included as part of a General Management Plan (GMP), currently in preparation. A notice of intent to prepare an Environmental Impact Statement with that GMP was published in the **Federal Register** of August 5, 1999 (64 FR 42713). That environmental impact statement now will be expanded to include an evaluation of the impacts associated with possible designation of wilderness within the lakeshore. This notice is being furnished as required by National Environmental Policy Act regulations 40 CFR 1501.7.

To facilitate sound planning and analysis of environmental impact, the NPS is gathering information necessary for the preparation of the GMP, the wilderness suitability study, and the Associated Environmental Impact Statement and is obtaining suggestions and information from other agencies and the public on the scope of issues to be addressed. Comments and participation in this scoping process are invited.

ADDRESSES: Written comments and information concerning the scope of the EIS and other matters, or requests to be added to the project mailing list should be directed to: Mr. Grant Petersen, Superintendent, Pictured Rocks National Lakeshore, P.O. Box 40, Munising, Michigan 49862. Telephone: 906-387-2607. E-mail:

piro_superintendent@nps.gov

FOR FURTHER INFORMATION CONTACT: Superintendent, Pictured Rocks National Lakeshore, at the address and telephone number above.

SUPPLEMENTARY INFORMATION: Persons who previously submitted comments on the scope of the EIS as it relates to the GMP need not resubmit those comments. The NPS already is considering that input as planning continues. However, persons who have not previously submitted comments on the scope of the EIS, or who wish to submit additional comments related to the scope of the EIS in consideration of the wilderness suitability study are encouraged to do so.

The NPS is publishing newsletters about the GMP process, with "General Management Plan, Issue 1" having been released during the summer of 1999. Subsequent newsletters will include discussions of planning to-date, on the wilderness suitability study being prepared with the GMP, and will provide a response form whereby the public can provide additional input to the planning process.
