Conveyance of Mineral Interests in California

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of segregation.

SUMMARY: The private land described in this notice, aggregating 40.00 acres, is segregated and made unavailable for filings under the general mining laws

and the mineral leasing laws to determine its suitability for conveyance of the reserved mineral interest pursuant to section 209 of the Federal Land Policy and Management Act of October 21, 1976. The purpose is to allow consolidation of surface and subsurface of minerals ownership where there are no known mineral values or in those instances where the reservation interferes with or precludes appropriate nonmineral development and such development is a more beneficial use of the land than the mineral development.

Notice of Intent to Repatriate Cultural Items in the Possession of the Augusta Richmond County Museum, Augusta, GA

AGENCY: National Park Service, Interior.

ACTION: Notice

Notice is hereby given under the Native American Graves Protection and Repatriation Act, 43 CFR 10.10 (a)(3), of the intent to repatriate cultural items in the possession of the Augusta Richmond County Museum, Augusta, GA which meet the definition of "unassociated funerary object" under Section 2 of the Act.

The 50 cultural items are white and red porcelain beads.

During the 1930s, these cultural items were donated to the Augusta Richmond County Museum by Mr. C.E. Storey. Prior to 1932, these cultural items were bought by Mr. Storey from Mr. T.O. Young. Donor information indicates these cultural items came from Cayuga, NY.

Based on appearance and accession information indicating that most of the material from this donation came from graves, these cultural items have been determined to come from a burial during post-contact times. The Cayuga Nation of New York lived in the area of Cayuga, NY during the post-contact period.

Based on the above-mentioned information, officials of the Augusta Richmond County Museum have determined that, pursuant to 43 CFR 10.2 (d)(2)(ii), these 50 cultural items are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony and are believed, by a preponderance of the evidence, to have been removed from a specific burial site of a Native American individual. Officials of the Augusta Richmond County Museum have also determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity which can be reasonably traced between these items and the Cayuga Nation of New York.

This notice has been sent to officials of the Cayuga Nation of New York and

the Seneca-Cayuga Tribe of Oklahoma. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these objects should contact Gordon Blaker, Curator, Augusta Richmond County Museum, 560 Reynolds Street, Augusta, GA 30901; telephone: (706) 722-8454 before January 18, 2000. Repatriation of these objects to the Cayuga Nation of New York may begin after that date if no additional claimants come forward.

The National Park Service is not responsible for the determinations within this notice.

Dated: December 7, 1999.
