State and Tribal Environmental Justice Grants Program—FY 2000

The State and Tribal Environmental Justice (STEJ) Grants Program was intended, from its inception, to be a pilot program for states and tribes to develop model environmental justice programs for the benefit of other states and tribes. As published in the **Federal Register**, November 1, 1999, Volume 64, Number 210, the Agency had initially planned to award STEJ grants in FY 2000. However, the STEJ grants program will not be funded in fiscal year 2000, but instead will be evaluated to determine whether the objectives of the program are being met.

Over the past two years, the Agency awarded ten STEJ grants. These grants will be the focus of the evaluation. If you have any questions about the STEJ Grants Program and/or the Agency's plan to conduct an evaluation of the program, please contact Daniel Gogal, STEJ Grants Program Manager, Office of Environmental Justice, at (202) 564-2576, or 1-800-962-6215.

Dated: December 16, 1999.

Draft Health Assessment Document for Diesel Emissions

AGENCY: Environmental Protection Agency.

ACTION: Notice of extension of public comment period.

SUMMARY: The U.S. Environmental Protection Agency (EPA) is announcing the extension of the public comment period for the draft Health Assessment Document for Diesel Emissions (EPA/600/8-90/057D, November 1999). The

document was prepared by the National Center for Environmental Assessment Office (NCEA) within EPA's Office of Research and Development.

DATES: In the November 15, 1999, **Federal Register** (64 FR 61875), EPA announced a limited public comment period through December 17, 1999. The Agency is now extending the public comment period to January 28, 2000. Comments must be in writing and must be postmarked by January 28, 2000.

ADDRESSES: The draft document is available on the Internet at <http://www.epa.gov/ncea> under the What's New and Publications menus. A limited number of paper copies are available from the Technical Information Staff, (telephone: 202-564-3261; facsimile: 202-565-0050). If you are requesting a paper copy, please provide your name, mailing address, and the title and number for the draft: "Health Assessment Document for Diesel Emissions" (EPA/600/8-90/057D, November 1999).

Comments may be mailed to: Diesel Comments, NCEA-W/TIS (8623D), USEPA, Washington, DC 20460. Please submit one unbound original with pages numbered consecutively, and three copies. For attachments, provide an index, number pages consecutively with the comments, and submit an unbound original and three copies. If sent via overnight delivery, please use the following address: 808 17th St., 5th Floor, N.W., Washington, DC 20006. Please note that all technical comments received in response to this notice will be placed in a public record. For that reason, commenters should not submit personal information (such as medical data or home address), Confidential Business Information, or information protected by copyright. Due to limited resources, acknowledgments will not be sent.

FOR FURTHER INFORMATION CONTACT: For information contact Charles Ris (202-564-3203); mailing address: NCEA-W (8623D), USEPA, Washington, DC 20460; facsimile: 202-565-0078.

SUPPLEMENTARY INFORMATION: This revised draft assessment updates two earlier drafts (1998 and 1994) and focuses on health hazards (hazard identification and dose-response analysis for the purpose of characterizing the risk of diesel exhaust exposure), and also provides background information about diesel engine emissions and exposure that is useful for putting the health information into context. EPA risk assessment methods and practices have been followed in identifying possible human chronic health hazards for adverse

noncancer effects as well as carcinogenicity hazards. The Diesel Review Panel of the Clean Air Scientific Advisory Committee (CASAC) of the Science Advisory Board met on December 1, 1999, to review this draft Health Assessment Document for Diesel Emissions.

Dated: December 15, 1999.

William H. Farland,

Director, National Center for Environmental Assessment.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

You may be affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. Potentially affected categories and entities may include, but are not limited to:

Cat-egories	NAICS codes	Examples of poten-tially affected entities
Industry	111 112 311 32532	Crop production Animal production Food manufacturing Pesticide manufac-turing

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be

affected by this action. Other types of entities not listed in the table could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether or not this action might apply to certain entities. If you have questions regarding the applicability of this action to a particular entity, consult the person listed under "FOR FURTHER INFORMATION CONTACT."

B. How Can I Get Additional Information, Including Copies of this Document and Other Related Documents?

1. *Electronically.* You may obtain electronic copies of this document, and certain other related documents that might be available electronically, from the EPA Internet Home Page at <http://www.epa.gov/>. To access this document, on the Home Page select "Laws and Regulations" and then look up the entry for this document under the "Federal Register--Environmental Documents." You can also go directly to the **Federal Register** listings at <http://www.epa.gov/fedrgstr/>.

To access a fact sheet which provides more detail on this registration, go to the Home Page for the Office of Pesticide Programs at <http://www.epa.gov/pesticides/>, and select "fact sheet."

2. *In person.* The Agency has established an official record for this action under docket control number OPP-30465A. The official record consists of the documents specifically referenced in this action, any public comments received during an applicable comment period, and other information related to this action, including any information claimed as confidential business information (CBI). This official record includes the documents that are physically located in the docket, as well as the documents that are referenced in those documents. The public version of the official record does not include any information claimed as CBI. The public version of the official record, which includes printed, paper versions of any electronic comments submitted during an applicable comment period, is available for inspection in the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1921 Jefferson Davis Hwy., Arlington, VA, from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The PIRIB telephone number is (703) 305-5805.

In accordance with section 3(c)(2) of FIFRA, a copy of the approved label, the list of data references, the data and other scientific information used to support registration, except for material

specifically protected by section 10 of FIFRA, are also available for public inspection. Requests for data must be made in accordance with the provisions of the Freedom of Information Act and must be addressed to the Freedom of Information Office (A-101), 401 M St., SW., Washington, DC 20460. The request should: Identify the product name and registration number and specify the data or information desired.

A paper copy of the fact sheet, which provides more detail on this registration, may be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, VA 22161.

II. Did EPA Approve the Application?

The Agency approved the application after considering all required data on risks associated with the proposed use of (Z,E)-9,12-Tetradecadienyl acetate and (Z)-9-Tetradecen-1-ol, and information on social, economic, and environmental benefits to be derived from use. Specifically, the Agency has considered the nature of the chemical and its pattern of use, application methods and rates, and level and extent of potential exposure. Based on these reviews, the Agency was able to make basic health and safety determinations which show that use of (Z,E)-9,12-Tetradecadienyl acetate and (Z)-9-Tetradecen-1-ol when used in accordance with widespread and commonly recognized practice, will not generally cause unreasonable adverse effects to the environment.

III. Approved Application

EPA issued a notice, published in the **Federal Register** of December 16, 1998 (63 FR 69281) (FRL-6046-7), which announced that Biocontrol Limited, 400 East Evergreen Blvd., Suite 205, Vancouver, WA 98660, had submitted an application to register the pesticide product, Isomate - BAW Pheromone, a pheromone (EPA File Symbol 53575-ER), containing a mixture of 69% (Z,E)-9,12-Tetradecadienyl acetate and 26% (Z)-9-Tetradecen-1-ol. This product was not previously registered.

The application was approved on September 23, 1999, as Isomate BAW Pheromone (EPA Registration Number 53575-21) for use on alfalfa, asparagus, beans, beets, cabbage, celery, cole crops, cotton, cucumbers, ground nuts, lettuce, onions, peas, peppers, soybeans, strawberries, sweet potatoes, tomatoes and tobacco to control beet armyworm. It should be noted that since the publication of the **Federal Register** notice to announce the application to register the pesticide product, the address of the applicant has changed
