**GL&V/Black Clawson-Kennedy,  
Watertown, New York; Notice of  
Negative Determination on  
Reconsideration**

On August 25, 1998, the Department issued an Affirmative Determination Regarding Application for Reconsideration for the workers and former workers of the subject firm. The notice was published in the **Federal Register** on September 4, 1998 (63 FR 47326).

The Department initially denied TAA to workers of GL&V/Black Clawson-Kennedy because the "contributed importantly" group eligibility requirement of Section 222(3) of the Trade Act of 1974, as amended, was not met. The production of dryers and dryer systems was transferred to another company-owned domestic facility. The company does not import and has no plans to start importing like or directly competitive products. The workers at the subject firm was engaged in employment related to the production of dryers and dryer systems.

The petitioner asserted that increased foreign competition was a major factor in the closing of the facility and provided additional information which warranted reconsideration of the Department's previous denial.

On reconsideration, the Department requested that the subject firm provide additional information about the sales and lost bids. The Department conducted a survey of lost domestic bids by the subject firm. The respondent indicated the manufacture of the dryers was subcontracted to a U.S. company which manufactured the dryers in the U.S.

**Conclusion**

After reconsideration, I affirm the original notice of negative determination of eligibility to apply for worker adjustment assistance for workers and former workers of GL&V/Black Clawson-Kennedy, Watertown, New York.

Signed at Washington, DC this eighth day of February 1999.
