*Title:* Inspection and Testing of Portable Tanks and Intermediate Bulk Containers.

*OMB Control Number:* 2137-0018.

*Type of Request:* Extension of a currently approved collection.

*Abstract:* This information collection consolidates provisions for documenting qualifications, inspections, tests and approvals pertaining to the manufacture and use of portable tanks and intermediate bulk containers under various provisions of the Hazardous Materials Regulations (49 CFR Parts 171-180). It is necessary to ascertain whether portable tanks and intermediate bulk containers have been qualified, inspected and retested in accordance with the HMR. The information is used to verify that certain portable tanks and intermediate bulk containers meet required performance standards prior to their being authorized for use and to document periodic requalification and testing to ensure the packagings have not deteriorated due to age or physical abuse to a degree that would render them unsafe for the transportation of hazardous materials.
