Notice of a Change in Status of an Extended Benefit (EB) Period for Alaska

This notice announces a change in benefit period eligibility under the EB Program for Alaska.

SUMMARY: The following change has occurred since the publication of the last notice regarding the State's EB status:

- February 27, 2000—Alaska triggered "on" EB. Alaska's 13-week insured unemployment rate rose above the 6.0 percent threshold necessary to be triggered "on" to EB for the week ending February 12, 2000.

Information for Claimants

The duration of benefits payable in the EB Program, and the terms and conditions on which they are payable, are governed by the Federal-State Extended Unemployment Compensation Act of 1970, as amended, and the operating instructions issued to the States by the U.S. Department of Labor. In the case of a State beginning an EB period, the State employment security agency will furnish a written notice of potential entitlement to each individual who has exhausted all rights to regular benefits and is potentially eligible for EB (20 CFR 15.13(c)(1)).

Persons who believe they may be entitled to EB, or who wish to inquire about their rights under the program, should contact the nearest State employment service office or unemployment compensation claims office in their locality.

Signed at Washington, DC on March 9, 2000.

Raymond Bramucci,

Assistant Secretary of Labor for Employment and Training.

[NAFTA-02634]

Condor DC Power Supplies, Inc., The Todd Products Group, Brentwood, New York; Amended Certification Regarding Eligibility To Apply for NAFTA-Transitional Adjustment Assistance

In accordance with Section 250(A), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974 (19 U.S.C. 2273), the Department of Labor issued a Certification for NAFTA Transitional Adjustment Assistance on November 9, 1998, applicable to all workers of Todd Products Corporation located in Brentwood, New York. The notice was published in the **Federal Register** on December 4, 1998 (63 FR 67141).

At the request of the company, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of electronic power supply devices. New information received from the company shows that in July, 1999, Condor DC Power Supplies, Inc., purchased Todd Products Corporation and became known as Condor DC Power Supplies, Inc., The Todd Products Group. Information also shows that

workers separated from employment at Todd Products Corporation had their wages reported under a separate unemployment insurance (UI) tax account for Condor DC Power Supplies, Inc., The Todd Products Group.

Accordingly, the Department is amending the certification to properly reflect this matter.

The intent of the Department's certification is to include all workers of Todd Products Corporation who were adversely affected by the shift of production to Mexico.

The amended notice applicable to NAFTA—02634 is hereby issued as follows:

"All workers of Condor DC Power Supplies, Inc., The Todd Products Group, Brentwood, New York who became totally or partially separated from employment on or after September 15, 1997 through November 9, 2000 are eligible to apply for NAFTA—TAA under Section 250 of the Trade Act of 1974."

Signed at Washington, DC this 10th day of March, 2000.

Grant D. Beale,

Program Manager, Division of Trade Adjustment Assistance.

In accordance with Section 250(a), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974, as amended (19 USC 2273), the Department of Labor issued a Certification of Eligibility to Apply for NAFTA Transitional Adjustment Assistance on August 7, 1997, applicable to workers of Levi Strauss and Company, located in El Paso, Texas. The notice was published in the **Federal Register** on September 29, 1999 (64 FR 52543). In addition, the Department denied eligibility for an additional eight Levi Strauss & Company facilities in Texas, Tennessee, and California because there had not been threats of employment loss at those facilities. The notice was also published in the **Federal Register** on September 29, 1999 (64 FR 52542).

The company requested that the seven of the eight facilities (NAFTA-03325H through NAFTA-03325L, and NAFTA-03325N and O) which were previously denied be certified because of reduced work hours at each facility and provided information to indicate that workers had their work hours reduced by at least 20 percent. In addition, the company requested that contractors working full-

time at all of the facilities also be included in the certification. The company also requested that an additional eleven facilities and work sites in seven states (Texas, Tennessee, California, Florida, Kentucky, Mississippi, and Nevada) be included as a result of additional layoff announcements.

The intent of the Department's certification is to include all workers of Levi Strauss and Company, including full time contractors working at the identified facilities, who were adversely affected by increased imports of denim and Docker apparel from Mexico.

The amended notice applicable to NAFTA-03325 is hereby issued as follows:

All workers of the following Levi Strauss & Company facilities who became totally or partially separated from employment on or after August 8, 1999 through August 11, 2001 are eligible to apply for NAFTA—TAA under Section 250 of the Trade Act of 1974:
