

the Federal Food, Drug, and Cosmetic Act (the act) (21 U.S.C. 321(ff)). (See 62 FR 30678 at 30699 and 30700). FDA is publishing elsewhere in this issue of the **Federal Register** a notice announcing the availability of a guidance entitled "Street Drug Alternatives." The guidance is intended to inform industry and the public that FDA considers any product that is promoted as a street drug alternative to be an unapproved new drug and a misbranded drug in violation of the act. To date, the agency has taken action against several products marketed as alternatives to illicit street drugs, and it may do so in the future, as well.

Therefore, under the Federal Food, Drug, and Cosmetic Act and under authority delegated to the Commissioner of Food and Drugs, the proposed rule published on June 4, 1997 (62 FR 30678), is withdrawn in part for § 111.100(a), (b), (c), (e), and (f).

Dated: March 28, 2000.

Margaret M. Dotzel,

Acting Associate Commissioner for Policy.

[Notice No. 894]

RIN 1512-AB71

Implementation of Public Law 105-33, Section 9302, Requiring the Qualification of Tobacco Products Importers.

AGENCY: Bureau of Alcohol, Tobacco and Firearms (ATF), Department of the Treasury.

ACTION: Notice of proposed rulemaking; reopening of comment period.

SUMMARY: This document reopens the comment period for Notice No. 888, a notice of proposed rulemaking cross-referenced to temporary regulations, published in the **Federal Register** on December 22, 1999. ATF has received a request to extend the comment period in order to provide sufficient time for all interested parties to respond to the issues raised in the notice.

DATES: Written comments must be received on or before May 3, 2000.

ADDRESSES: Send written comments to: Chief, Regulations Division, Bureau of Alcohol, Tobacco and Firearms, P.O. Box 50221, Washington, DC 20091-0221, Attention: Notice Number 888.

SUPPLEMENTARY INFORMATION:

Background

On December 22, 1999, ATF published a notice of proposed rulemaking (NPRM) cross-referenced to temporary regulations in the **Federal Register** soliciting comments from the public and industry on proposed regulations implementing the provisions of the Balanced Budget Act of 1997, Public Law 105-33. These provisions amended the Internal Revenue Code of 1986 to require that, beginning January 1, 2000, importers of tobacco products qualify for a permit to conduct that activity (Notice No. 888; 64 FR 71955).

The comment period for Notice No. 888 was scheduled to close on February 22, 2000. Prior to the close of the comment period, ATF received a request from a manufacturer of tobacco products, RJ Reynolds Tobacco Company to extend the comment period. RJ Reynolds stated that it needed additional time to coordinate the comments of several departments within the company which have an interest in the importation of tobacco products.

In consideration of the above, ATF finds that a reopening of the comment period is warranted. Thus, the comment period is being reopened for an additional 30 days until May 3, 2000. The Bureau believes that a comment period totaling 90 days is a sufficient amount of time for all interested parties to respond.

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Part 21

RIN 2900-AJ23

Information Collection Needed in VA's Flight-Training Programs

AGENCIES: Department of Veterans Affairs.

ACTION: Proposed rule.

SUMMARY: We propose to amend our educational assistance and educational benefit regulations concerning flight-training courses for which the Department of Veterans Affairs (VA) pays for eligible students. In this regard, we propose to require that flight schools offering such flight-training courses maintain records regarding students to whom VA makes payments. The proposed rule is intended to provide information to VA for determining compliance with requirements for VA payments to students for pursuing flight-training courses. Also, when VA, rather than a separate State entity, is the approving agency, the proposed rule is intended to provide information to VA for determining whether to approve a flight-training course.

DATES: Comments must be received on or before June 2, 2000.

ADDRESSES: Mail or hand-deliver written comments to: Director, Office of Regulations Management (02D), Department of Veterans Affairs, 810 Vermont Ave., NW, Room 1154, Washington, DC 20420; or fax comments to (202) 273-9289; or e-mail comments to "OGCRegulations@mail.va.gov". Comments should indicate that they are submitted in response to "RIN 2900-AJ23." All comments received will be available for public inspection in the Office of Regulations Management, Room 1158, between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday (except holidays).

FOR FURTHER INFORMATION CONTACT: William G. Susling, Jr., Education

Advisor, Education Service, Veterans Benefits Administration, Department of Veterans Affairs, 202-273-7187.

SUPPLEMENTARY INFORMATION: VA payments are provided to eligible individuals for pursuit of approved flight-training courses under the Montgomery GI Bill—Active Duty, Montgomery GI Bill—Selective Reserve, and Post-Vietnam Era Veterans' Educational Assistance programs.

Educational institutions are required to make available for Government inspection records and accounts, pertaining to veterans who received VA educational assistance, which VA determines necessary to ascertain institutional compliance with requirements for assistance (38 U.S.C. 3676 and 3690(c)). We propose to add 38 CFR 21.4263(h)(3), which would require that flight schools offering approved flight-training courses maintain records as set out in the text portion of this document: i.e., various certificates, flight records, logs, invoices, account ledgers, instructor records, tuition records, and course and training records. It appears that these records regarding students receiving VA flight-training benefits are necessary to assist VA in determining that courses and students meet all requirements for payment of such benefits.

In addition, proposed § 21.4263(h)(3) requires flight schools to maintain those records under 38 U.S.C. 3676(b) and 3676(c)(4), (c)(5), (c)(6), (c)(7), and (c)(13) when VA, rather than a separate State approving agency, is the approving authority for flight-training courses. Maintaining the records specified in the proposed rule appears necessary to assist VA, when it is the approving authority, in determining whether it should approve a course.

This document also makes technical changes for purposes of clarification.

Paperwork Reduction Act

Under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520), a collection of information is set forth in the proposed 38 CFR 21.4263(h)(3). Accordingly, under section 3507(d) of the Act, VA has submitted a copy of this rulemaking action to the Office of Management and Budget (OMB) for its review of the proposed collection of information.

OMB assigns control numbers to collections of information it approves. VA may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Comments on the proposed collection of information should be submitted to the Office of Management and Budget, Attention: Desk Officer for the Department of Veterans Affairs, Office of Information and Regulatory Affairs, Washington, DC 20503, with copies mailed or hand-delivered to the Director, Office of Regulations Management (02D), Department of Veterans Affairs, 810 Vermont Ave., NW, Room 1154, Washington, DC 20420. Comments should indicate that they are submitted in response to "RIN 2900-AJ23."

Title: Recordkeeping at Flight Schools.

Summary of collection of information: Proposed § 21.4263(h)(3) specifies records that flight schools are required to maintain to show that the courses and students are in compliance with requirements for payment of VA benefits and to maintain for VA approval purposes under 38 U.S.C. 3676(b) and 3676(c)(4), (c)(5), (c)(6), (c)(7), and (c)(13) when VA, rather than a separate State approving agency, is the approving authority for the particular flight-training courses.

Description of need for information and proposed use of information: The records appear necessary to assist VA in determining that courses and students meet all requirements for payment to students of VA flight-training benefits and, in cases when VA is the approving authority for flight-training courses, to assist VA in determining whether to approve a course.

Description of likely respondents: Flight schools.

Estimated number of respondents: 310 per year.

Estimated frequency of responses: On occasion.

Estimated burden per collection: 1/3 hour.

Estimated total annual reporting and recordkeeping burden: 667 hours.

The Department considers comments by the public on proposed collections of information in—

Evaluating whether the proposed collections of information are necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; Evaluating the accuracy of the Department's estimate of the burden of the proposed collections of information, including the validity of the methodology and assumptions used; Enhancing the quality, usefulness, and clarity of the information to be collected; and Minimizing the burden of the collections of information on those

who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

OMB is required to make a decision concerning the collection of information contained in this proposed rule between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication. This does not affect the deadline for the public to comment to the Department on the proposed rule.

Regulatory Flexibility Act

The Secretary of Veterans Affairs hereby certifies that the adoption of this proposed rule would not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act, 5 U.S.C. 601-612. Adoption of this proposed rule would have a minuscule monetary effect, if any, on affected entities. Pursuant to 5 U.S.C. 605(b), this proposed rule, therefore, is exempt from the initial and final regulatory flexibility analyses requirements of sections 603 and 604.

The Catalog of Federal Domestic Assistance numbers for programs affected by this proposed rule are 64.120 and 64.124. This proposed rule would also affect the Montgomery GI Bill—Selected Reserve program which has no Catalog of Federal Domestic Assistance number.
