

responsibility for and interest in providing for the needs of their citizens, and because the success of the program will depend upon their authority and ability to broadly coordinate a variety of resources.

- Amount: Up to \$30.0 million will be available to support awards under this program in FY 2000. Of this amount, approximately \$22.1 million is available for general program applications from units of local government or Indian Tribes and tribal organizations. As specified in Congressional report language, up to \$1.5 million is reserved for the Anchorage Southcentral Foundation; up to \$1.5 million is reserved for the Yukon-Kuskokwim Health Corporation in Bethel, Alaska; up to \$235,000 is reserved for the San Francisco Treatment on Demand Project; up to \$200,000 is reserved for Center Point/Marin County Project; and up to \$4.4 million is reserved for residential Pregnant and Post-Partum Women projects.

All applications requesting FY 2000 funding under the Targeted Capacity Expansion Program will be considered for funding on the basis of their overall technical merit as determined through the initial peer review and CSAT's National Advisory Council review processes. In addition to the criteria listed in the "Award Decision Criteria" section of the PA, special funding consideration is being given in FY 2000 to scored applications from units of local government that propose to work with community-based indigenous racial/ethnic providers because SAMHSA/CSAT experience and research have shown that cultural competency and an understanding of the client community increase access, retention, and positive treatment outcomes. SAMHSA/CSAT is committed to expanding the community's capacity to provide high-quality, comprehensive treatment services.

Period of Support: Support may be requested for a period of up to three (3) years.

- *Catalog of Federal Domestic Assistance Number:* 93.230.

- Program Contact: For questions concerning program issues, contact: Clifton Mitchell, Branch Chief, Treatment Systems Improvement Branch /Division of Practice and Systems Development, Center for Substance Abuse Treatment, Substance Abuse and Mental Health Services Administration, Rockwall II, Suite 740, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-8404.

For questions regarding grants management issues, contact: Peggy Jones, Grants Management Officer, Division of Grants Management, OPS, Substance Abuse and Mental Health Services Administration, Rockwall II, 6th Floor, 5600 Fishers Lane, Rockville, Maryland 20857; (301) 443-9666.

- Application kits are available from: National Clearinghouse for Alcohol and Drug Information (NCADI), P.O. Box 2345, Rockville, MD 20857-2345, Telephone: 1-800-729-6686.

4. Public Health System Reporting Requirements

The Public Health System Impact Statement (PHSIS) is intended to keep State and local health officials apprised of proposed health services grant and cooperative agreement applications submitted by community-based nongovernmental organizations within their jurisdictions.

Community-based nongovernmental service providers who are not transmitting their applications through the State must submit a PHSIS to the head(s) of the appropriate State and local health agencies in the area(s) to be affected not later than the pertinent receipt date for applications. This PHSIS consists of the following information:

- a. A copy of the face page of the application (Standard form 424).
- b. A summary of the project (PHSIS), not to exceed one page, which provides:
 - (1) A description of the population to be served.
 - (2) A summary of the services to be provided.
 - (3) A description of the coordination planned with the appropriate State or local health agencies.

State and local governments and Indian Tribal Authority applicants are not subject to the Public Health System Reporting Requirements.

Application guidance materials will specify if a particular FY 2000 activity is subject to the Public Health System Reporting Requirements.

5. PHS Non-use of Tobacco Policy Statement

The PHS strongly encourages all grant and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the PHS mission to protect and advance the

physical and mental health of the American people.

6. Executive Order 12372

Applications submitted in response to the FY 2000 activity listed above are subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR Part 100. E.O. 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to: Division of Extramural Activities, Policy, and Review, Substance Abuse and Mental Health Services Administration, Parklawn Building, Room 17-89, 5600 Fishers Lane, Rockville, Maryland 20857.

The due date for State review process recommendations is no later than 60 days after the specified deadline date for the receipt of applications. SAMHSA does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.

Dated: January 13, 2000.

Richard Kopanda,
Executive Officer, SAMHSA.
