

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Current List of Laboratories Which Meet Minimum Standards To Engage in Urine Drug Testing for Federal Agencies, and Laboratories That Have Withdrawn From the Program

AGENCY: Substance Abuse and Mental Health Services Administration, HHSS.

ACTION: Notice.

SUMMARY: The Department of Health and Human Services notifies Federal agencies of the laboratories currently certified to meet standards of Subpart C of Mandatory Guidelines for Federal Workplace Drug Testing Programs (59 FR 29916, 29925). A similar notice listing all currently certified laboratories will be published during the first week of each month, and updated to include laboratories which subsequently apply for and complete the certification process. If any listed laboratory's certification is totally suspended or revoked, the laboratory will be omitted from updated lists until such time as it is restored to full certification under the Guidelines.

If any laboratory has withdrawn from the National Laboratory Certification Program during the past month, it will be identified as such at the end of the current list of certified laboratories, and will be omitted from the monthly listing thereafter.

This Notice is now available on the internet at the following website:

SUPPLEMENTARY INFORMATION: Mandatory Guidelines for Federal Workplace Drug Testing were developed in accordance with Executive Order 12564 and section 503 of Pub. L. 100-71. Subpart C of the Guidelines, "Certification of Laboratories Engaged in Urine Drug Testing for Federal Agencies," sets strict standards which laboratories must meet in order to conduct urine drug testing for Federal agencies. To become certified an applicant laboratory must undergo three

rounds of performance testing plus an on-site inspection. To maintain that certification a laboratory must participate in a quarterly performance testing program plus periodic, on-site inspections.

Laboratories which claim to be in the applicant stage of certification are not to be considered as meeting the minimum requirements expressed in the HHS Guidelines. A laboratory must have its letter of certification from SAMHSA, HHS (formerly: HHS/NIDA) which attests that it has met minimum standards.

In accordance with Subpart C of the Guidelines, the following laboratories meet the minimum standards set forth in the Guidelines:

* The Standards Council of Canada (SCC) voted to end its Laboratory Accreditation Program for Substance Abuse (LAPSA) effective May 12, 1998. Laboratories certified through that program were accredited to conduct forensic urine drug testing as required by U.S. Department of Transportation (DOT) regulations. As of that date, the certification of those accredited Canadian laboratories will continue under DOT authority. The responsibility for conducting quarterly performance testing plus periodic on-site inspections of those LAPSA-accredited laboratories was transferred to the U.S. DHHS, with the DHHS' National Laboratory Certification Program (NLCP) contractor continuing to have an active role in the performance testing and laboratory inspection processes. Other Canadian laboratories wishing to be considered for the NLCP may apply directly to the NLCP contractor just as U.S. laboratories do.

Upon finding a Canadian laboratory to be qualified, the DHHS will recommend that DOT certify the laboratory (Federal Register, 16 July 1996) as meeting the minimum standards of the "Mandatory Guidelines for Workplace Drug Testing" (59 Federal Register, 9 June 1994, Pages 29908-29931). After receiving the DOT certification, the laboratory will be included in the monthly list of DHHS certified laboratories and participate in the NLCP certification maintenance program.

Executive Officer, Substance Abuse and Mental Health Services Administration.

BILLING CODE 4160-20-U

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

Privacy Act of 1974; Creation of a New System of Records

Pursuant to the provisions of the Privacy Act of 1974, as amended (5 U.S.C. 552a), notice is hereby given that the Department of the Interior proposes to establish a new system of records, INTERIOR/BLM-35, to be maintained by the Bureau of Land Management (BLM).

This system of records is being established by the BLM to provide and maintain a new automated collections

and billings system, to replace the paper processing system previously used by BLM. The purpose of this system is to track the money owed the BLM, issue bills, and collect funds due the BLM in compliance with the Debt Collection Act of 1987.

5 U.S.C. 552a(e)(11) requires that the public be provided a 30-day period in which to comment on the intended use of the information in the system of records. The Office of Management and Budget (OMB), in its Circular A-130, requires an additional 10-day period (for a total of 40 days) in which to make these comments. Any persons interested in commenting on this new system of records may do so by submitting comments in writing to the BLM Privacy Act Officer, Information Resources Management Policy Group, Department of the Interior, WO520/725 LS, 1849 C. St. NW, Washington, DC 20240. Comments received on or before February 14, 2000, will be considered. The system will be effective as proposed at the end of the comment period, unless comments are received which would require a contrary determination.

As required by the Privacy Act of 1974, as amended (5 U.S.C. 552a(r)), the OMB, the Senate Committee on Governmental Affairs, and the House Committee on Government Operations have been notified of this action.

The new system description, "Collections and Billings System" INTERIOR/BLM-35 will read as set forth below.

Dated: December 20, 1999.

Michael D. Nedd,

Deputy Assistant Director, Information Resources Management.

Specifically, the system will be used for the billing of uses of public lands (such as, collection of payments for recreation sites, sand and gravel extraction, and timber harvesting). It is also used for billing of other goods and services received from BLM received (such as declining deposit accounts in BLM public rooms), follow-up, updating program files when payments are made, and accounting for monies. It will also include money which BLM employees owe the Bureau.
