

information on the quality of services that Head Start Quality Improvement Centers (QICs) provide to Head Start grantees. Respondents will include QIC staff, collaborative partners of QIC organizations, and Head Start grantees. Specifically, site visit interviews will be conducted with QIC Directors and QIC Area Specialists, while telephone interviews will be conducted with QIC Directors, Grantee Directors, and Partner Agencies.

Training and technical assistance are critical in supporting the continuous improvement efforts of Head Start grantee and delegate agencies serving children birth to five and their families. The report of the Advisory Committee on Head Start Quality and Expansion in December 1993 reaffirmed the importance of T/TA and recommended

that the Head Start Bureau reassess and design the T/TA system to support program quality and expansion. The Head Start Act of 1994 (Pub. L. 103-252) also emphasized the importance of T/TA and stated that T/TA activities must ensure that needs of local Head Start agencies relating to improving program quality and expansion are addressed to the maximum extent feasible. The Advisory Committee on Services for Families with Infants and Toddlers also stressed the need for ongoing staff training and training programs to ensure that staff are "cross-trained" in the areas of child development, family development, and community building.

The assessment is designed to gather information for program management and planning purposes about the kind

and quality of services provided by each QIC. Information collected will be used by the Bureau to: (1) Identify the quality of approaches undertaken in each phase of the strategic planning cycle; (2) identify any patterns or changes over time in the delivery of T/TA; and (3) determine the feasibility of future initiatives and funding decisions. The data collected will provide a means for the Head Start Bureau to carry out the Federal role outlined in the Cooperative Agreement establishing the QICs. These data also may be used, in part, to fulfill the Department's requirement to report to Congress on the Head Start program under the Government Performance and Results Act (GPRA).

Respondents: Head Start Partner Agencies and Head Start Quality Improvement Centers.
