Description: Section 104(b)(1) of the Employee Retirement Security Act of 1974 (ERISA) requires that the administrator of an employee benefit plan furnish plan participants and beneficiaries with Summary Plan Descriptions (SPDs) which describe, in language understandable to an average plan participant, the benefits, rights and obligations of the participants in the plan. Plan administrators are required to furnish SPDs to participants and beneficiaries within 90 days after the participant is covered by the plan. The information required to be contained in the SPD is set forth in section 102(b) of the statute. To the extent that there is a material modification in the terms of the plan or a change in the information required to be contained in the SPD, section 104(b)(1) requires that the administrator furnish participants and beneficiaries with a summary of such changes within 210 days following the end of the plan year in which the change was adopted. Regulations published at 29 CFR 2520.102-3 provide guidance on the required contents of the SPD.

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-400]

Carolina Power & Light Company; (Shearon Harris Nuclear Power Plant, Unit No. 1); Order Approving Application Regarding Proposed Corporate Restructuring of Carolina Power & Light Company by Establishment of a Holding Company

I

CP&L and the North Carolina Eastern Municipal Power Agency are the holders of Facility Operating License No. NPF-63 for Shearon Harris Nuclear Power Plant, Unit No. 1 (Harris), issued January 12, 1987. CP&L owns an 83.83% interest in Harris.

II

Pursuant to Section 184 of the Atomic Energy Act of 1954, as amended, and 10 C.F.R. § 50.80, CP&L filed an application dated September 15, 1999, which was supplemented by letters dated October 8, and November 10, 1999, requesting approval of the indirect transfer of Facility Operating License No. NPF-63 for Harris that would result from a proposed corporate restructuring of CP&L. Under the proposed restructuring, a new holding company, CP&L Holdings, Inc. ("Holdings"), will be formed and will become the parent company of CP&L. Current holders of CP&L common stock will receive, on a one-for-one basis, shares of common stock of Holdings such that Holdings will then own the common stock of CP&L. CP&L's ownership interests in, and its operation of, its nuclear facilities will not change. No direct transfer of the license will occur, as CP&L will continue to hold the license. No physical changes to the facility, or operational changes are being proposed in the application. According to the application, as a result of the new corporate structure, Holdings will be able to respond more effectively to increased competition in the energy industry.
