Medicare Program; Changes to the Hospital Inpatient Prospective Payment Systems and Fiscal Year 2001 Rates; Midyear Corrections Effective

December 1, 2000.

AGENCY: Health Care Financing Administration (HCFA), HHS.

ACTION: Final rule; correction notice.

SUMMARY: In the August 1, 2000 issue of the **Federal Register** (65 FR 47054), we published a final rule that revised the Medicare hospital inpatient prospective payment systems for operating costs and capital-related costs to implement necessary changes arising from our continuing experience with the system.

This document corrects wage index and related data errors identified after October 1, 2000.

EFFECTIVE DATE: December 1, 2000.

Anne Tayloe, (410) 786-4546.

SUPPLEMENTARY INFORMATION: This document corrects a limited number of errors in the August 1, 2000 final rule (65 FR 47054) identified after October 1, 2000. We are making these changes in accordance with 42 CFR 412.63(x)(2)(i), which specifies that we may make midyear corrections to the wage index for an area only if a hospital can show that—

- The intermediary or HCFA made an error in tabulating the hospital's data; and
- The hospital could not have known about the error or did not have the opportunity to correct the error, before the beginning of the Federal fiscal year (in this case before the beginning of FY 2001). In addition, § 412.63(x)(2)(ii) specifies that midyear corrections are effective prospectively from the date that the change is made to the wage index. On December 1, 2000, we issued a program memorandum entitled "Corrections to the Calculation of

Federal Fiscal Year (FY) 2001 Inpatient Payment Amounts" that made midyear corrections to the wage index (HCFA Pub. 60 A). This program memorandum included the midyear corrections presented in this notice; therefore, the effective date is the same as that of the program memorandum (December 1, 2000). The midyear corrections are as follows:

1. On page 47138, in Table 3C—Hospital Case Mix Indexes for Discharges Occurring in Federal Fiscal Year 1999; Hospital Average Hourly Wages for Federal Fiscal Year 2001 Wage Index, the average hourly wage for the specified provider is corrected to read as follows:

2. On pages 47149 through 47156, in Table 4A—Wage Index and Capital Geographic Adjustment Factor (GAF) for Urban Areas, the wage indexes and GAFs for the specified urban areas are corrected to read as follows:

Medicare Program; Changes to the Hospital Inpatient Prospective Payment Systems and Fiscal Year 2001 Rates; Correction

AGENCY: Health Care Financing Administration (HCFA), HHS.
ACTION: Final rule; correction notice.

SUMMARY: In the August 1, 2000 issue of the **Federal Register** (65 FR 47054), we published a final rule that revised the Medicare hospital inpatient prospective payment systems for operating costs and capital-related costs to implement necessary changes arising from our continuing experience with the system. This document corrects errors made in that final rule.

EFFECTIVE DATE: October 1, 2000.

FOR FURTHER INFORMATION CONTACT: Anne Tayloe, (410) 786-4546.

SUPPLEMENTARY INFORMATION: This document corrects a limited number of values to address technical errors in

preparing tables 3C and 4A through 4D for publication in the August 1, 2000

Federal Register. Table 3C reflects changes to the wage data and tables 4A through 4D reflect changes in the actual payments due to hospital reclassification with the exception of the change in table 4A for MSA 0240 (Allentown-Bethlehem-Easton, PA).

The August 1, 2000 final rule also contained other technical and typographical errors. Therefore, we are making the following corrections:

1. On page 47144, in Table 3C—Hospital Case Mix Indexes for Discharges Occurring in Federal Fiscal Year 1999; Hospital Average Hourly Wage for Federal Fiscal Year 2001 Wage Index, the average hourly wages for the specified providers is corrected to read as follows:

Provider	Case mix index	Average hourly wage
390263	1.3571	20.69

2. On pages 47149 and 47151, in Table 4A—Wage Index and Capital Geographic Adjustment Factor (GAF) for Urban Areas, the wage indexes and GAFs for the specified urban areas are corrected to read as follows:
