OMB Number: 0581-0031.

Expiration Date of Approval: July 31, 2001.

Type of Request: Extension and revision of a currently approved information collection.

Abstract: The PACA was enacted by Congress in 1930 to establish a code of fair trading practices covering the marketing of fresh and frozen fruits and vegetables in interstate or foreign commerce. It protects growers, shippers, and distributors dealing in those commodities by prohibiting unfair and fraudulent trade practices.

The law provides for the enforcement of contracts by providing a forum for resolving contract disputes, and a mechanism for the collection of damages from anyone who fails to meet contractual obligations and for excluding from the industry firms or individuals who violate the law's standards for fair business practices. In addition, the PACA imposes a statutory trust on licensees for perishable agricultural commodities received, products derived from them, and any receivables or proceeds due from the sale of the commodities for the benefit of produce suppliers, sellers, or agents that have not been paid.

The PACA is enforced through a licensing system. All commission merchants, dealers, and brokers engaged in business subject to the PACA must be licensed. Retailers and grocery wholesalers must renew their licenses every three years. All other licensees have the option of a one, two, or three-year license term. Those who engage in practices prohibited by the PACA may have their licenses suspended or revoked.

The information collected is used to administer licensing provisions under the PACA, to adjudicate contract disputes, and for the purpose of enforcing the PACA and the regulations. The purpose of this notice is to solicit comments from the public concerning our information collection.
