[STB Finance Docket No. 34027]

#### Public Service Company of Colorado d/b/a Xcel Energy—Acquisition Exemption—The Burlington Northern and Santa Fe Railway Company

Public Service Company of Colorado d/b/a Xcel Energy (Xcel), a noncarrier, has filed a verified notice of exemption under 49 CFR 1150.31 to acquire non-exclusive trackage rights from The Burlington Northern and Santa Fe Railway Company (BNSF) over a segment of BNSF trackage in the vicinity of Pueblo, CO. The trackage extends from a connection between BNSF and the Union Pacific Railroad Company (UP) at Pueblo Junction, at or near milepost 119.45 (BNSF's Spanish Peak Sub-division), to a connection with Xcel's Comanche Electric Generating Station (Comanche Station) spur track near Southern Junction, at milepost

124.74 (BNSF's Spanish Peak Sub-division), a distance of 5.29 miles.<sup>1</sup>

The verified notice states that the parties expected to consummate the transaction on or around March 28, 2001. Counsel for Xcel has been contacted and has expressed his understanding that the earliest the transaction can be consummated is the April 6, 2001 effective date of the exemption (7 days after the exemption was filed).

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to reopen the proceeding to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 34027 must be filed with the Surface Transportation Board, Office of the Secretary, Case Control Unit, 1925 K Street, NW., Washington, DC 20423-0001.
