Procurement Policies, Practices, and Initiatives; Notice of Meeting

SUMMARY: NASA will conduct an open forum meeting to solicit questions, views and opinions of interested persons or firms concerning NASA's procurement policies, practices, and initiatives. The purpose of the meeting is to have an open discussion between NASA's Associate Administrator for Procurement, industry, and the public.

Note: This is not a meeting about doing business with NASA for new firms, nor does it focus particularly on small businesses or specific contracting opportunities.

DATES: Thursday, May 3, 2001, from 9 a.m. to 11 a.m.

ADDRESSES: The meeting will be held at the NASA George C. Marshall Space Flight Center Morris Auditorium, Bldg. 4200, Huntsville, AL 35812.

FOR FURTHER INFORMATION CONTACT: Joseph Derrell Hobson, NASA Marshall Space Flight Center, Mail Code PS01, Huntsville, AL 35812, (256) 544-0375. Auditorium capacity is limited to approximately 90 persons; therefore, a maximum of two representatives per firm is requested. No reservations will be accepted. Questions for the open forum should be presented at the meeting and should not be submitted in advance. Position papers are not being solicited.

SUPPLEMENTARY INFORMATION:

Admittance

Admittance will be on a first-come, first-served basis. Attendees must be a U.S. Citizen or have a valid green card in their possession. Doors will open at a half-hour prior to the presentation.

Format

There will be a presentation by the Associate Administrator for Procurement, followed by a question and answer period. Procurement issues will be discussed, including NASA newest initiatives used in the award and administration of contracts.

Initiatives

In addition to the general discussion mentioned above, NASA invites comments or questions relative to its

ongoing Procurement Innovations, some of which include, but are not limited to, the following:

Focus on Safety & Health: This ensures that contractors take all reasonable safety and occupational health measures in performing NASA contracts.

Risk-Based Acquisition Management: This initiative seeks to integrate the principles of risk management throughout the acquisition process by purposefully considering the various aspects of risk when developing the acquisition strategy, selecting sources, choosing contract type, structuring fee incentives, and conducting contractor surveillance.

Consolidated Contracting Initiative: The CCI initiative emphasizes developing, using, and sharing contracts to meet Agency objectives.

Performance Based Contracting: This initiative is focused on structuring an acquisition around the purpose of the work to be performed rather than using broad, imprecise statements or prescribing how the work is to be performed.

Award Term Initiative: This initiative will test a non-traditional method of motivating and rewarding contractor performance. Contractors will receive periodic performance evaluations and scores, which can result in an extension of the term of the contract in return for excellent performance.

Tom Luedtke,

Associate Administrator for Procurement.

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-387 and 50-388]

PPL Susquehanna, LLC, Susquehanna Steam Electric Station, Units 1 and 2; Notice of Consideration of Approval of Application Regarding Proposed Corporate Restructuring and Opportunity for a Hearing

The U.S. Nuclear Regulatory Commission (the Commission) is considering the issuance of an order under 10 CFR 50.80 approving the indirect transfer of Facility Operating Licenses Nos. NPF-14 and NPF-22 for the Susquehanna Steam Electric Station (SSES), Units 1 and 2 to the extent held by PPL Susquehanna, LLC (PPL Susquehanna, the licensee). The indirect transfer would result from the establishment of an intermediary parent company that will indirectly own PPL Susquehanna.

PPL Susquehanna is a wholly owned, direct subsidiary of PPL Generation, LLC, which is a wholly owned, direct subsidiary of PPL Energy Funding Corporation. PPL Energy Funding Corporation is a wholly owned, direct subsidiary of PPL Corporation, the ultimate parent of PPL Susquehanna. According to PPL Susquehanna's application dated March 6, 2001, as supplemented on April 4, 2001, PPL Energy Supply, LLC will become an intermediary, indirect parent company of PPL Susquehanna. Specifically, PPL Energy Supply will become a subsidiary of PPL Energy Funding Corporation and the new direct parent of PPL Generation, LLC. The proposed corporate restructuring will not involve any transfer of assets to or from PPL Susquehanna, nor will it affect SSES management, organization, or day-to-day operations. No physical or operational changes to SSES Units 1 and 2 are proposed in the application. The application does not involve Allegheny Electric Cooperative, Inc., the other owner of and co-holder of the licenses for SSES Units 1 and 2.

Pursuant to 10 CFR 50.80, no license, or any right thereunder, shall be transferred, directly or indirectly, through transfer of control of the license, unless the Commission shall give its consent in writing. The Commission will approve an application for the indirect transfer of a license, if the Commission determines that the underlying transaction that will effectuate the indirect transfer will not affect the qualifications of the holder of the license, and that the transfer is otherwise consistent with applicable provisions of law, regulations, and

orders issued by the Commission pursuant thereto.

The filing of requests for hearing and petitions for leave to intervene, and written comments with regard to the license transfer application, are discussed below.

By May 15, 2001, any person whose interest may be affected by the Commission's action on the application may request a hearing and, if not the applicant, may petition for leave to intervene in a hearing proceeding on the Commission's action. Requests for a hearing and petitions for leave to intervene should be filed in accordance with the Commission's rules of practice set forth in Subpart M, "Public Notification, Availability of Documents and Records, Hearing Requests and Procedures for Hearings on License Transfer Applications," of 10 CFR part 2. In particular, such requests and petitions must comply with the requirements set forth in 10 CFR 2.1306, and should address the considerations contained in 10 CFR 2.1308(a). Untimely requests and petitions may be denied, as provided in 10 CFR 2.1308(b), unless good cause for failure to file on time is established. In addition, an untimely request or petition should address the factors that the Commission will also consider, in reviewing untimely requests or petitions, set forth in 10 CFR 2.1308(b)(1)-(2).

Requests for a hearing and petitions for leave to intervene should be served upon John E. Matthews, counsel for PPL Susquehanna, LLC, at Morgan, Lewis & Bockius, LLP, 1800 M Street, NW., Washington, DC 20036-5869 (tel: 202-467-7524; fax: 877-432-9652; e-mail: jemathews@morganlewis.com); the General Counsel, U.S. Nuclear Regulatory Commission, Washington, DC 20555 (e-mail address for filings regarding license transfer cases only: OGCLT@NRC.GOV); and the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemakings and Adjudications Staff, in accordance with 10 CFR 2.1313.

The Commission will issue a notice or order granting or denying a hearing request or intervention petition, designating the issues for any hearing that will be held and designating the Presiding Officer. A notice granting a hearing will be published in the **Federal Register** and served on the parties to the hearing.

As an alternative to requests for hearing and petitions to intervene, by May 25, 2001, persons may submit written comments regarding the license transfer application, as provided for in
