

surveillance and related activities along the Texas-Mexico border, focusing on infectious diseases and conditions that are important in the region.

B. Eligible Applicants

Assistance will be provided to the University of Texas Medical Branch at Galveston (UTMB-G). No other applications are solicited. Eligibility is limited to UTMB-G because fiscal year 2001 Federal appropriations specifically directs CDC to award this applicant funds to conduct a project to monitor infectious diseases along the Texas-Mexico border.

Note: Title 2 of the United States Code, Chapter 26, Section 1611 states that an organization described in section 501(c)(4) of the Internal Revenue Code of 1986 that engages in lobbying activities is not eligible to receive Federal funds constituting an award, grant, cooperative agreement, contract, loan, or any other form.

C. Availability of Funds

Approximately \$961,000 is available in FY 2001 to fund the award. It is expected that the award will begin on or about August 1, 2001, and will be made for a 12-month budget period within a project period of one year. The funding estimate may change.

Administration for Children and Families

[Program Announcement No. ACYF-CCB-2201-04]

Child Care Policy Research Discretionary Grants

AGENCY: Administration on Children, Youth, and Families (ACYF), ACF, DHHS.

ACTION: Announcement of the availability of funds and request for applications for Field Initiated Child Care Research Projects, Child Care Research Scholars, and State Child Care Data and Research Capacity Projects.

SUMMARY: The purpose of this program announcement is to announce the availability of \$3.7 million in fiscal year 2001 funds for child care research, demonstration, and evaluation activities. Grants will be funded in the following three priority areas: (1) Field Initiated Child Care Research Projects; (2) Child Care Research Scholars; and (3) State Child Care Data and Research Capacity Projects. Universities and colleges, public agencies, non-profit organizations, and for-profit organizations agreeing to waive their fees are invited to submit applications for Field Initiated Child Care Research Projects. Accredited universities and colleges may submit a Child Care Research Scholar application on behalf of a doctoral student conducting dissertation research on a child care policy topic. Child Care and Development Fund Lead Agencies seeking to improve their capacity for data analysis and policy-relevant research are invited to submit applications for the State Child Care Data and Research Capacity Projects.

Projects funded under each of the priority areas are expected to address critical questions with implications for children and families, especially low-income working families and families transitioning off welfare. In addition, projects will contribute to a comprehensive research agenda designed to increase the capacity for child care research at the national, State, and local levels and promote better linkages among research, policy, practice, and outcomes for children and families.

Statutory authority: The Child Care and Development Block Grant Act of 1990 as amended (CCDBG Act); section 418 of the Social Security Act; Consolidated Appropriations Act, 2001 (P.L. 106-554).

DATES: The closing date for submission of applications is June 28, 2001. Mailed applications postmarked after the closing date will be classified as late.

Note: The full announcement, including all the Standard Federal Forms can be downloaded from the Internet at <http://www.acf.dhhs.gov/programs/ccb> or by contacting ACYF's Operations Center at 1-800-351-2293. For each priority area, the required Standard Federal Forms are identified under "Project Description and Application Requirements."

Notice of Intent to Submit Application: If you intend to submit an application, please contact ACYF's Operations Center at 1-800-351-2293 with the number and title of this announcement; your organization's name and address; and your contact person's name, phone number, fax number, and Email address. The information will be used to determine the number of expert reviewers need to evaluate applications and to update the mailing list for program announcements.

FOR FURTHER INFORMATION CONTACT: For information about the application process contact ACYF Operations Center, 1815 North Fort Myer Drive, Suite 300, Arlington, VA 22209, Phone: 800-351-2293. For program information contact Dr. Ivelisse Martinez-Beck, Policy Fellow, Administration for Children and Families, Child Care Bureau, Room 2046, Mary E. SUPPLEMENTARY INFORMATION:

Priority Area 1: Field Initiated Child Care Research Projects

A. Number of Awards

Approximately 7-10 grants will be awarded during fiscal Year 2001, for an initial budget period of twelve months, subject to the availability of funds and results of the evaluation process.

B. Project Duration, Funding Levels and Budget Periods

This priority area is soliciting applications for project periods up to three years. Awards, on a competitive basis, will be for a one-year budget period, although project periods may be for three years. Application for continuation grants funded under these awards beyond the one-year budget period, but within the three year project period, will be entertained in subsequent years on a non-competitive basis, subject to the availability of funds, satisfactory progress of the grantee, and a determination that continued funding would be in the best interest of the government. Significant findings by the end of the first budget period will be necessary to demonstrate satisfactory progress on the part of the grantee.

Funding for Field Initiated Child Care Research Projects will range between \$150,000 and \$250,000 for the first budget period and up to \$200,000 per year (12 months) in subsequent periods.

C. Federal State

To maximize the Federal investment in Field Initiated Child Care Research Projects and in the interest of project sustainability, a financial commitment by the applicant organization (or other participating entities) is required. The Grantee must provide at least 20 percent of the total approved cost of the project. The total approved cost is the sum of the Federal share and the non-Federal share. Therefore, a project requesting \$250,000 for the first budget period must include a match of at least \$62,500. A project receiving the maximum total of \$650,000 for the three-year project period must include a match of at least \$162,500 for the three-year project period. Applicants are encouraged to meet their match requirements through cash contributions. However, the non-Federal share may also be in-kind contributions of staff time, employee benefits, facilities, utilities, equipment, materials, supplies or other forms of project support. Grantees will be held accountable for the commitment of non-Federal resources and failure to provide the required amount will result in
