## **NUCLEAR REGULATORY COMMISSION**

### **Consolidated Guidance About Materials Licenses: Program-Specific Guidance About Special Nuclear Material of Less Than Critical Mass Licenses**

**AGENCY:** Nuclear Regulatory Commission (NRC).

**ACTION:** Notice of availability.

**SUMMARY:** The NRC is announcing the availability of final NUREG-1556, Volume 17, "Consolidated Guidance about Materials Licenses: Program-Specific Guidance about Special Nuclear Material of Less Than Critical Mass Licenses," dated November 2000.

The NRC is using Business Process Redesign techniques to redesign its materials licensing process, as described in NUREG-1539, "Methodology and Findings of the NRC's Materials Licensing process Redesign." A critical element of the new process is consolidating and updating numerous guidance documents into a NUREG-series of reports. This final NUREG report is the 17th guidance document developed to support an improved materials licensing process.

This guidance is intended for use by applicants, licensees, and the NRC staff, and will also be available to Agreement States. This document combines and updates the guidance found in Regulatory Guide 10.3 "Guide for the preparation of Applications for Special Nuclear Material Licenses of Less Than Critical mass Quantities." This final report takes a more risk-informed, performance-based approach to licensing quantities of special nuclear material of less than critical mass, and reduces the information (amount and level of detail) needed to support an application to use this material.

A free single copy of final NUREG 1556, Volume 17, may be requested by writing to the US Nuclear Regulatory Commission, ATTN: Mrs. Carrie Brown, Mail Stop TWFN 9-C24, Washington, DC 20555-0001. Alternatively, submit requests through the Internet by addressing electronic mail to [cxb@nrc.gov](mailto:cxb@nrc.gov). A copy of this final

NUREG 1556 Volume 17, is available for inspection and/or copying for a fee in the NRC Public Document Room, 2120 L Street, NW. (Lower Level), Washington, DC 20555-0001.

### **Proposed Collection; Comment Request**

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comment on the collection of information described below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

### **Rule 15g-9, Sales Practice Requirements for Certain Low-Priced Securities**

Section 15(c)(2) of the Securities Exchange Act of 1934 (the "Exchange Act") authorizes the Commission to promulgate rules that prescribe means reasonably designed to prevent fraudulent, deceptive, or manipulative practices in connection with over-the-counter ("OTC") securities transactions. Pursuant to this authority, the Commission in 1989 adopted rule 15a-6 (the "Rule"), which was subsequently redesignated as rule 15g-9, 17 CFR 240.15g-9. The Rule requires broker-dealers to produce a written suitability determination for, and to obtain a written customer agreement to, certain recommended transactions in low-priced stocks that are not registered on

a national securities exchange or authorized for trading on NASDAQ, and whose issuers do not meet certain minimum financial standards. The Rule is intended to prevent the indiscriminate use by broker-dealers of fraudulent, high-pressure telephone sales campaigns to sell low-priced securities to unsophisticated customers.

The staff estimates that approximately 270 broker-dealers incur an average burden of 78 hours per year to comply with this rule. Thus, the total annual burden to comply with the Rule is estimated at 21,060 hours (270 x 78).

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information on respondents; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your comments to Michael E. Bartell, Associate Executive Director, Office of Information Technology, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-43798; File No. SR-BSE-00-12]

### Self-Regulatory Organizations; Order Approving Proposed Rule Change by the Boston Stock Exchange, Inc. Relating to the Time Period for Filing Claims Against Specialists

January 3, 2001.

#### I. Introduction

On September 21, 2000, the Boston Stock Exchange, Inc. ("BSE"), filed with

the Securities and Exchange Commission ("Commission") a proposed rule change pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),<sup>1</sup> and Rule 19b-4 thereunder.<sup>2</sup> On October 3, 2000, the BSE filed Amendment No. 1 to the proposed rule change.<sup>3</sup> Notice of the proposed rule change, as amended, was published for comment in the **Federal Register** on November 1, 2000.<sup>4</sup> No comments were received on the proposal. This order approves the proposed rule change.

#### II. Description of the Proposed Rule Change

The BSE proposes to amend Chapter XV, Section 14, of its rules, titled "Claims and Reports Against Specialists". The amendment shortens the permitted time period for: filing claims against specialists relating to erroneous comparisons and the omission of a report that was properly made, to three business days. The amendment will bring the time frames in the rule into parity with the settlement period required by Rule 15c6-1 under the Act.<sup>5</sup>

#### III. Discussion

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.<sup>6</sup> In particular, the Commission believes that the proposal is consistent with section 6(b)(5) of the Act,<sup>7</sup> which requires, among other things, that the rules of an exchange be designed to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities. The Commission believes that shortening the time frame within which a claim relating to an erroneous comparison must be made so that it is consistent with the settlement time frame mandated by Rule 15c6-1 under

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

<sup>3</sup> In Amendment No. 1, the Exchange made certain technical changes relating, *inter alia*, to the format of the filing, the date of effectiveness of the proposed rule change, and the authorization procedures of the Exchange. See Amendment No. 1, filed October 3, 2000.

<sup>4</sup> See Securities Exchange Act Release No. 43506 (November 1, 2000), 65 FR 67783 (November 13, 2000).

<sup>5</sup> 17 CFR 240.15c6-1.

<sup>6</sup> In approving this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).

<sup>7</sup> 15 U.S.C. 78f(b)(5).

the Act should promote timely settlement of securities transactions.

#### IV. Conclusion

For the foregoing reasons, the Commission finds that the proposed rule change is consistent with the requirements of the Act, and the rules and regulations thereunder.

*It Is Therefore Ordered*, pursuant to section 19(b)(2) of the Act,<sup>8</sup> that the proposed rule change (File No. SR-BSE-00-12), as amended, is approved.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.<sup>9</sup>

*Deputy Secretary.*
