

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Project No. 2899-099 Idaho]

Idaho Power Company; Notice of Availability of Environmental Assessment

May 9, 2001.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47910), the Office of Energy Projects has reviewed Idaho Power Company's application for license amendment to waive for 1 year the target flow requirements at the Milner Hydroelectric project, located on the Snake River in Twin Falls and Cassia Counties, Idaho, and has prepared an environmental assessment (EA). The project includes about 109 acres of federal land administered by the Bureau of Land Management.

The EA contains the staff's analysis of the potential environmental impacts of the proposed amendment and concludes that the approval of the proposed amendment with staff's modifications would not constitute a major federal action that would significantly affect the quality of the human environment.

The EA is attached to a Commission order issued on May 8, 2001, for the above application. Copies of the EA can be obtained by calling the Commission's Public Reference Room at (202) 208-1371. Copies of the EA can also be obtained through the Commission's homepage at <http://www.ferc.fed.us>.

For further information, contact Kenneth Hogan at (202) 208-0434.

Proposed Settlement, Clean Air Act Citizen Suit**AGENCY:** Environmental Protection Agency.**ACTION:** Notice of proposed consent decree; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended ("Act"), 42 U.S.C. 7413(g), notice is hereby given of a proposed consent decree which was lodged with the

United States District Court for the Northern District of California by the United States Environmental Protection Agency ("EPA") on April 16, 2001 to address a lawsuit filed by Our Children's Earth Foundation. This lawsuit, which was filed pursuant to section 304(a) of the Act, 42 U.S.C. 7604(a), addresses EPA's alleged failure to publish a comprehensive document for each State in EPA Region 9, setting forth all requirements of each such State's applicable State Implementation Plan under section 110(h) of the Act, 42 U.S.C. 7410(h). *Our Children's Earth Foundation v. EPA*, Civil No. C-01-1475 EDL (N.D. Cal.).

DATES: Written comments on the proposed consent decree must be received by June 14, 2001.

ADDRESSES: Written comments should be sent to Jeff Wehling, Office of Regional Counsel, U.S. Environmental Protection Agency Region 9, 75 Hawthorne Street, San Francisco, CA 94105. Copies of the proposed consent decree are available from Janet Taber, (415) 744-1341.

SUPPLEMENTARY INFORMATION: The Clean Air Act requires EPA to assemble and publish a comprehensive document for each State setting forth all requirements of the applicable implementation plan for such State. See section 110(h), 42 U.S.C. 7410(h). Such an applicable plan is referred to as a State implementation plan or "SIP." Under the proposed consent decree, EPA shall make available to the general public on the Region 9 website (*i.e.*, make "web accessible") certain information concerning the SIPs. This information shall include a log of current EPA-approved SIP rules for each local air quality management district or air pollution control district within Region 9 (referred to as "District") showing approval dates and **Federal Register** citations and a copy of the rules themselves. In addition, EPA shall make web accessible summaries of the SIP commitments made by each District in local plans developed under part D of Title I of the Act, as amended in 1990. These plan summaries shall identify each control measure approved by EPA for adoption and implementation by the District, the emissions reductions to which the District has committed, the schedule of adoption and implementation dates to which the District has committed, and any rule number for the SIP rule adopted by the District relating to the control measure. The proposed consent decree provides for a series of deadlines for making these SIP requirements web accessible

with the last such deadline occurring on March 31, 2002.

For a period of thirty (30) days following the date of publication of this notice, EPA will receive written comments relating to the proposed consent decree from persons who were not named as parties to the litigation in question. EPA or the Department of Justice may withhold or withdraw consent to the proposed consent decree if the comments disclose facts or circumstances that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines, following the comment period, that consent is inappropriate, the final consent decree will then be executed by the parties.

Dated: April 24, 2001.

Anna L. Wolgast,

Acting General Counsel.

FEDERAL RESERVE SYSTEM

Agency Information Collection

Activities: Announcement of Board Approval Under Delegated Authority and Submission to OMB

In notice document 00-32911, beginning on page 81864, in the issue of Wednesday, December 27, 2000, the Federal Reserve discussed revisions to its structure reporting requirements for both domestic and foreign banking organizations. This notice listed the implementation date for the new event-generated structure reports, the Report of Changes in Organizational Structure and the Report of Changes in FBO Organizational Structure (FR Y-10 and FR Y-10F; OMB No. 7100-0297), as June 1, 2001. The Federal Reserve has postponed the implementation date for these new forms to September 1, 2001, to allow institutions more time to

prepare their systems for these reporting changes. For all event-generated structure reports filed prior to September 1, 2001, institutions should continue using the Changes in Investments and Activities of Top-Tier Financial Holding Companies, Bank Holding Companies, and State Member Banks (FR Y-6A; OMB No. 7100-0124) and the Foreign Banking Organization Structure Report on U.S. Banking and Nonbanking Activities (FR Y-7A; OMB No. 7100-0125). For reports that represent transactions occurring prior to September 1 and that are filed after September 1, institutions may use either the current or the new forms. For reports representing transactions that occur after September 1, institutions must use the new FR Y-10 and FR Y-10F reporting forms.

The Federal Reserve has also postponed the discontinuance of the Changes in Foreign Investments Made Pursuant to Regulation K (FR 2064; OMB No. 7100-0109) until September 1, 2001. The implementation date for revisions to the Annual Report of Bank Holding Companies (FR Y-6; OMB No. 7100-0124) and the Annual Report of Foreign Banking Organizations (FR Y-7; OMB No. 7100-0125) remains December 31, 2001.

In addition, the Federal Reserve will offer a new Internet-based tool to facilitate filing the FR Y-10 and FR Y-10F. This Internet-based tool will be available on September 1 for the FR Y-10 and in early 2002 for the FR Y-10F. Institutions will receive detailed information about this new online tool from their Reserve Banks closer to the implementation date.

The Federal Reserve will post the new FR Y-10 and FR Y-10F forms on the Board's public web site during the week of May 14, 2001, at <http://www.federalreserve.gov/> under the section for Reporting Forms and then under Information collections under review. The FR Y-6 and FR Y-7 forms will be posted on this site later this year.
