SUPPLEMENTARY INFORMATION: Section 832 of the Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001, Public Law 106-398, Oct. 30, 2000, directs the Comptroller General of the United States to convene a panel of experts to study the policies and procedures governing the transfer of commercial activities for the federal government from government personnel to a federal contractor. The Panel's study is to include a review of: (1) procedures for determining whether functions should continue to be performed by government personnel; (2) procedures for comparing the costs of performing functions by government personnel with the costs of performing those functions by federal contractors; (3) implementation by the Department of Defense of the Federal Activities Inventory Reform (FAIR) Act of 1998 (Pub. L. 105-270, 112 Stat. 2382, 31 U.S.C. 501 note); and (4) procedures of the Department of Defense for public-private competitions under Office of Management and Budget (OMB) Circular A-76. By May 1, 2002, the Comptroller General must submit to Congress a report of the Panel on the results of the study, including recommended changes with regard to implementing policies and enactment of legislation.

During the course of its work, the Panel will hold several public hearings. Interested parties are invited to attend these hearings to provide their perspectives on sourcing issues. The first public hearing will be held on June 11, 2001, in the Walsh-Reckord Hall of States at One Massachusetts Avenue,

NW, Washington, DC. The hearing will begin at 9:00 a.m. The focus of this first hearing will be the principles and policies underlying outsourcing. Specifically, the Panel is interested in hearing views on the principles and policies that should govern decisions concerning whether particular functions should be performed by the public sector or by the private sector. Future hearings will focus on other aspects of outsourcing.

Any party who would like to attend the hearing or make a presentation should contact William T. Woods at (202) 512-8214 or woodsw@gao.gov. The Panel will attempt to accommodate all interested parties who respond before the deadline. Each presenter will have 3 to 5 minutes to make an oral statement at the hearing. Interested parties who would like to make electronic presentations during the hearing must indicate their desire to do so by the June 4 deadline. More detailed guidance on hearing procedures will be provided to presenters by E-mail in advance of the hearing. Any interested party may submit full statements for inclusion in the hearing record by 5:30 p.m. on June 15. The hearing will be transcribed.

Two additional hearings currently are planned outside of Washington, DC. Another public hearing will be held in San Antonio, Texas, on August 15, 2001, and will address current processes under OMB Circular A-76 and the FAIR Act. Further information, including the exact locations and times of these hearings, will be announced in a later **Federal Register** notice. DEPARTMENT OF HEALTH AND HUMAN SERVICES

GENERAL SERVICES ADMINISTRATION

Guidelines for Public Access Defibrillation Programs in Federal Facilities

AGENCY: Office of Public Health and Science, Office of the Secretary, HHS and Office of Governmentwide Policy, GSA.

ACTION: Notice of availability of guidelines.

SUMMARY: The Department of Health and Human Services (HHS) and the General Services Administration (GSA) have worked collaboratively to develop the following guidelines, entitled "Guidelines for Public Access Defibrillation Programs in Federal Facilities." These guidelines were prepared, in part, in response to a May 19, 2000, Presidential Memorandum pertaining to the establishment of guidelines for the placement of automated external defibrillators (AEDs) in Federal buildings.

In addition, the Department of Health and Human Services is publishing this notice pursuant to section 7 of the Healthcare Research and Quality Act of 1999, Public Law 106-129, 42 U.S.C. 241 note, and section 247 of the Public Health Service Act, 42 U.S.C. 238p (as added by section 403 of the Public Health Improvement Act, Public Law 106-505).

The guidelines provide a general framework for initiating a design process for public access defibrillation (PAD) programs in Federal facilities and provide basic information to familiarize facilities leadership with the essential elements of a PAD program. The guidelines are not intended to exhaustively address or cover all aspects of AED or PAD programs. They are aimed at outlining the key elements of a PAD program so that facility-specific, detailed plans and programs can be developed in an informed manner.
