33 CFR Part 100

[CGD07-01-046]

RIN 2115-AE46

Special Local Regulations: Skull Creek, Hilton Head, SC

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: Temporary Special Local Regulations are being adopted for the Skull Creek July 4th celebration Fireworks Display, Skull Creek, Hilton Head, SC. These regulations are needed to provide for the safety of life on navigable waters during the event.

DATES: This rule becomes effective at 8:30 p.m. and terminates at 10:30 p.m. on July 4, 2001.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket are part of [CGD07-01-046] and are available for inspection or copying at Coast Guard Group Charleston, 196 Tradd St., Charleston SC 29401 between 7:30 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: ENS Bill Walsh, Coast Guard Group Charleston at 843-724-7600 x203.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. Publishing an NPRM would be contrary to national safety interests since immediate action is needed to minimize potential danger to the public because there will be numerous spectator craft in the area.

For the same reasons, under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**.

Background and Purpose

These regulations are required to provide for the safety of life on navigable waters because of the inherent

danger of fireworks during the Skull Creek July 4th celebration on Skull Creek, Hilton Head, SC. The event sponsor expects approximately 120 spectator craft to observe the show. The fireworks barge will be located in approximate position 32 13.95' N, 080 45.1' W, offshore from Hudsons Seafood. This rule creates a regulated area that will prohibit non-participating vessels from entering the regulated area during the event.

Regulatory Evaluation

This regulation is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. The Office of Management and Budget has not reviewed it under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The regulated area will only be in effect for approximately 2 hours.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612) we considered whether this rulemaking will have a significant economic impact on a substantial number of small entities. Small entities include small business, not-for-profit organizations that are independently owned and operated and are not dominant under their fields, and governmental jurisdictions with populations of less than 50,000.

This rule will affect the following entities, some of which may be small entities: the owners and operators of vessels intending to transit or anchor in a portion of the Skull Creek intercoastal waterway from 8:30 p.m. to 10:30 p.m., July 4, 2001. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities because the rule will only be in effect for 2 hours.

Assistance for Small Entities

Under section 213 (a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104-221), we offer to assist small entities in understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking process. Small entities may contact the person listed under **FOR FURTHER INFORMATION CONTACT** for assistance in understanding and participating in this rulemaking. We also have a point of contact for commenting on actions by employees of the Coast Guard. Small businesses may send comments on the

actions of Federal employees who enforce, or otherwise determine compliance with Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-GAIR (1-888-734-3247)

Collection of Information

This rule contains no collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501-3520).

Federalism

We have analyzed this rule under Executive Order 13132 and have determined that this rule does not have implications for federalism under that order.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) governs the issuance of Federal regulations that require unfunded mandates. An unfunded mandate is a regulation that requires a State, local, or tribal government or the private sector to incur direct costs without the Federal Government's having first provided the funds to pay those unfunded mandate costs. This rule will not impose an unfunded mandate.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or safety that may disproportionately affect children.

Environment

The Coast Guard has considered the environmental impact of this action and

has determined pursuant to Figure 2-1, paragraph 34(h) of Commandant Instruction M16475.1C, that this action is categorically excluded from further environmental documentation.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 100 as follows:

PART 100—MARINE EVENTS

33 CFR Part 117

[CGD01-01-076]

Drawbridge Operation Regulations: Annisquam River, Blynman Canal, MA

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation from the drawbridge operation regulations for the SR 127 Bridge, mile 0.0, across the Annisquam River, Blynman Canal, in Gloucester, Massachusetts. This deviation from the regulations allows the bridge owner to keep the bridge in the closed position from June 18, 2001 through June 27, 2001, at various times to facilitate the emergency repair of the bridge power supply cable.

DATES: This deviation is effective from June 18, 2001 through June 27, 2001.

FOR FURTHER INFORMATION CONTACT: John McDonald, Project Officer, First Coast Guard District, at (617) 223-8364.

SUPPLEMENTARY INFORMATION: The SR 127 Bridge, at mile 0.0, across the Annisquam River Blynman Canal in Gloucester, Massachusetts, has a vertical clearance of 7 feet at mean high water, and 16 feet at mean low water in the closed position.

The existing drawbridge operation regulations require the draw to open on signal at all times.

The bridge owner, Massachusetts Highway Department (MHD), requested a temporary deviation from the drawbridge operating regulations to facilitate the emergency repair of the bridge power supply cable.

The contractor must work five four-hour days from June 18, 2001 through June 22, 2001, during daylight hours, at slack tide in order to excavate the underwater trench for the new power supply cable. The working hours will vary each day depending upon the time period that slack tide occurs. During these four-hour work periods each day the bridge will not open for vessel traffic.

The bridge will operate according to its normal schedule, opening on demand, from June 23, 2001 through 7 a.m. June 25, 2001. From 7 a.m. June 25, 2001 through midnight on June 27, 2001 the bridge will not open for vessel traffic in order to change over to the new cable and connect all the power supply wires at the bridge.

This deviation to the operating regulations allows the owner of the SR 127 Bridge to keep the bridge in the closed position four-hours a day during daylight hours at slack tide from June 18, 2001 through June 22, 2001 and from 7 a.m. on June 25, 2001 through midnight on June 27, 2001.

In accordance with 33 CFR 117.35(c), this work will be performed with all due speed in order to return the bridge to normal operation as soon as possible. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: May 24, 2001.

G.N. Naccara,

Rear Admiral, U.S. Coast Guard, Commander, First Coast Guard District.
