Title of Proposal: Data Collection for the Interim Impact Evaluation of the Moving to Opportunity Demonstration.

Description of the need for the information and proposed use: This request is for the clearance of several survey instruments for the Interim Evaluation of the Moving to Opportunity (MTO) demonstration program. Authorized by Congress in the Housing and Community Development Act of 1992, MTO is a unique experimental research demonstration designed to learn whether moving from a high-poverty neighborhood to a low-poverty neighborhood significantly improves the social and economic prospects of poor families. Families living in high poverty public and assisted housing in Baltimore, Boston, Chicago, Los Angeles and New York who applied for MTO were randomly assigned into two treatment groups and one control group between 1994 and 1998. Families assigned to the treatment groups were provided Section 8 to allow them to move out of the high poverty
