Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Current Population Survey, September 2001 Computer and Internet Use Supplement.

Form Number(s): CPS-263(L), BC-1428.

Agency Approval Number: None.

Type of Request: New collection.

Burden: 7,600 hours.

Number of Respondents: 57,000.

Avg Hours Per Response: 8 minutes.

Needs and Uses: The purpose of this request for review is to obtain clearance for the supplemental inquiry concerning computer and Internet use to be conducted in conjunction with the September 2001 Current Population Survey (CPS). The proposed questions are designed to provide an up-to-date profile of American personal computer and Internet access and to provide information usage patterns using a variety of demographic and geographic measures. The resulting information will provide an objective and sound empirical basis for development of policies aimed to ensure that all Americans are able to participate in the Information Age. The survey will update the historical item series which began in 1989 and has expanded to Internet use topics such as main uses of the Internet, reasons for no household access, and locations other than the home where persons have access. This proposed collection expands on topics of interest such as use of alternative devices to access the Internet (cell phones, pagers, other hand-held devices), Internet use at school, and Internet use for job searches.

The data collection will be compiled and presented in a publication featuring an array of household demographic data, with breakouts by family income, age, race/origin, type of head of household, or reference person (e.g., female vs. male), households with or without children, level of educational attainment, and labor force status (employed vs. unemployed).

Geographically, data will be collected by urban/rural/central city on a national level and by state. Regional data will also be obtained.

Affected Public: Individuals or households.

Frequency: Annually.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 U.S.C., Section 182; Title 29 U.S.C., Sections 1-9.

OMB Desk Officer: Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202) 482-3129, Department of Commerce, room 6086, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at mclayton@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: June 14, 2001.

Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Generic Clearance for Questionnaire Pretesting Research.

Form Number(s): Various.

Agency Approval Number: 0607-0725.

Type of Request: Extension of a currently approved collection.

Burden: 5,500 hours.

Number of Respondents: 5,500.

Avg Hours Per Response: 1 hour.

Needs and Uses: The Census Bureau maintains a generic clearance which relaxes some of the time constraints and enables the Census Bureau to conduct extended cognitive and questionnaire design research as part of testing for its censuses and surveys. This research program is used by the Census Bureau and survey sponsors to improve questionnaires and procedures, reduce

respondent burden, and ultimately increase the quality of data collected in the Census Bureau censuses and surveys. Pretesting activities are generally small-scale and involve one of the following methods for identifying measurement problems with the questionnaire or survey procedure: field tests, respondent debriefings, split sample experiments, cognitive interviews, and focus groups.

A block of burden hours is reserved at the beginning of each fiscal year. The particular activities that will be conducted under the clearance are not specified in advance. The Census Bureau provides information to OMB about the specific pretesting activities on a flow basis throughout the year. OMB is notified of each pretesting activity in a letter that gives specific details about the activity, rather than by means of individual clearance packages. At the end of each year, a report is submitted to OMB that summarizes the number of hours used as well as the nature and results of the activities completed under the clearance.

This request is for an extension of the current OMB approval of the generic clearance. There is no change in the estimated number of activities to be conducted per fiscal year or in the types of testing to be undertaken.

Affected Public: Individuals or households, Businesses or other for profit, Farms.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

Legal Authority: Data collection for this project is authorized under the authorizing legislation for the questionnaire being tested. This may be Title 13, Sections 131, 141, 161, 181, 182, 193, and 301, for Census-Bureau sponsored surveys, and Title 13 and 15 for surveys sponsored by other Federal agencies.

OMB Desk Officer: Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202)482-3129, Department of Commerce, room 6086, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at mclayton@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: June 14, 2001.
