**CMI Industries Inc.; Amended  
Certification Regarding Eligibility To  
Apply for Worker Adjustment  
Assistance**

In accordance with section 223 of the Trade Act of 1974 (19 USC 2273) the Department of Labor issued a Notice of Certification Regarding Eligibility to Apply for Worker Adjustment Assistance on December 28, 2000, applicable to workers of CMI Industries, Inc., Geneva, Alabama. The notice was published in the **Federal Register** on January 11, 2001 (66 FR 2450).

At the request of the company, the Department reviewed the certification for workers of the subject firm. New information shows that worker separations occurred at the New York Sales Offices, Greige Division Sales of CMI Industries, New York, New York. Workers at the New York Sales Offices, Greige Division Sales provide administrative services to support the production of greige woven fabric at the subject firms' manufacturing facilities.

Based on these findings, the Department is amending the certification to include workers of the New York Sales Offices, greige Division Sales, CMI Industries, Inc., New York, New York.

The intent of the Department's certification is to include all workers of CMI Industries, Inc. who were adversely affected by increased imports of greige woven fabric.

The amended notice applicable to TA-W-38, 303 is hereby issued as follows:

All workers of CMI Industries, Inc., Geneva, Alabama (TA-W-38, 303) and New York Sales Offices, Greige Division Sales, New York, New York (TA-W-38, 303A) who became totally or partially separated from employment on or after October 27, 1999, through December 28, 2002 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

**Grove U.S., LLC, Shady Grove, PA;  
Amended Certification Regarding  
Eligibility to Apply for Worker  
Adjustment Assistance**

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on April 30, 2001, applicable to workers producing scissor aerial work platforms at Grove U.S., LLC, Shady Grove, Pennsylvania. The notice was published in the **Federal Register** on May 18, 2001 (66 FR 27690).

At the request of State agency, the Department reviewed the certification for workers of the subject firm. The workers produce aerial work platforms. New information provided by the company show that workers of the subject firm are not separately identifiable by product line.

The intent of the certification is to provide coverage to all workers of the subject firm impacted by increased imports of articles like or directly competitive with those produced by the workers' firm. Therefore, the Department is amending the certification to provide coverage to all

workers separated from employment at the subject firm, and not limit the coverage to those workers producing scissor aerial work platforms.

The amended notice applicable to TA-W-39,063 is hereby issued as follows:

"All workers of Grove U.S., LLC, Shady Grove, Pennsylvania, who became totally or partially separated from employment on or after March 28, 2000, through April 30, 2003, are eligible to apply for adjustment assistance under Section 233 of the Trade Act of 1974."

Signed in Washington, DC this 6th day of June 2001.

**International Paper, Lock Haven, PA;  
Notice of Revised Determination on  
Reconsideration**

On May 24, 2001, the Department issued a Notice of Affirmative Determination Regarding Application for Reconsideration regarding the petition for workers of the subject firm. The notice was published in the **Federal Register** on June 8, 2001 (66 FR 30949).

The initial investigation resulted in a negative determination issued on February 1, 2001, based on the finding that during the time period relevant to the petition investigation, sales and production of reprographic and printing paper produced by workers of International Paper, Lock Haven, Pennsylvania, increased. The denial notice was published in the **Federal Register** on March 2, 2001 (64 FR 13086).

Officials of International Paper, Lock Haven, Pennsylvania, presented new information on sales, production, and employment at the Lock Haven plant. This new information on reconsideration, confirms that criterion: (1) Of the group eligibility requirements of Section 222 of the Trade Act of 1974 is met, and shows that criterion (2) is met. There are declines in employment and production of paper at the subject firm plant.

The reprographic and printing paper produced by International Paper are sold both directly and indirectly to a large number of customers nationwide. Because of the nature of their market, an analysis of aggregate United States

imports of the products manufactured at the subject plant can best reflect the impact of imports on sales, production and employment at that plant. From 1999 to 2000 there was an increase in aggregate U.S. imports for consumption of papers like or directly competitive with those produced by the workers at Lock Haven, Pennsylvania.

This worker group was previously certified under petition number TA-W-35, 445, which expired February 10, 2001.

#### Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that increased imports of articles like or directly competitive with reprographic and printing paper contributed importantly to the declines in sales or production and to the total or partial separation of workers of International Paper, Lock Haven, Pennsylvania. In accordance with the provisions of the Act, I make the following certification:

All workers of International Paper, Lock Haven, Pennsylvania, who became totally or partially separated from employment on February 11, 2001, through two years from the date of this certification, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed in Washington, DC this 13th day of June 2001.
