

imports of the products manufactured at the subject plant can best reflect the impact of imports on sales, production and employment at that plant. From 1999 to 2000 there was an increase in aggregate U.S. imports for consumption of papers like or directly competitive with those produced by the workers at Lock Haven, Pennsylvania.

This worker group was previously certified under petition number TA-W-35, 445, which expired February 10, 2001.

Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that increased imports of articles like or directly competitive with reprographic and printing paper contributed importantly to the declines in sales or production and to the total or partial separation of workers of International Paper, Lock Haven, Pennsylvania. In accordance with the provisions of the Act, I make the following certification:

All workers of International Paper, Lock Haven, Pennsylvania, who became totally or partially separated from employment on February 11, 2001, through two years from the date of this certification, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed in Washington, DC this 13th day of June 2001.

Edward A. Tomchick,

Director, Division of Trade Adjustment Assistance.

J.E. Morgan Knitting Mills, Inc. Tamaqua, Pennsylvania; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 USC 2273) the Department of Labor issued a Notice of Certification Regarding Eligibility to Apply for Worker Adjustment Assistance on May 3, 2001, applicable to workers of J.E. Morgan Knitting Mills, Inc., Tamaqua, Pennsylvania. The notice was published in the **Federal Register** on May 18, 2001 (FR 66 27691).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of thermal underwear for men, women and children and baby blankets. New findings show that there was a previous certification TA-W-35,209B, issued on February 22, 1999, for workers of J.E. Morgan Knitting Mills, Inc., Tamaqua, Pennsylvania who were engaged in employment related to the production of thermal underwear for men, women and children and baby blankets. That certification expired February 22, 2001. To avoid an overlap in worker group coverage, the certification is being amended to change the impact date from March 7, 2000 to February 23, 2001, for workers of the subject firm.

The amended notice applicable to TA-W-38, 897 is hereby issued as follows:

All workers of J.E. Morgan Knitting Mills, Inc., Tamaqua, Pennsylvania who became totally or partially separated from employment on or after February 23, 2001 through May 3, 2003 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.
