In addition, unless otherwise indicated, all citations to the Department's regulations are to the regulations as set forth at 19 CFR 351 (2000).

Background

The Department published in the **Federal Register** on August 18, 2000 an antidumping duty order on structural steel beams from Korea. See *Structural Steel Beams from Korea: Notice of Antidumping Duty Order* 65 FR 50502 (August 18, 2000). In an August 30, 2000 letter to the Department, petitioners in the above case requested that the Department conduct a changed circumstances review pursuant to section 751(b) of the Act to determine whether Incheon should properly be considered the successor firm to the pre-merger Incheon and Kangwon, and if, as such, Incheon should maintain the cash deposit rate assigned to Incheon in the investigation. See *Final Determination of Sales at Less Than Fair Value: Structural Steel Beams from Korea*, 65 FR 41437 (July 5, 2000) (as amended 65 FR 50501 (August 18, 2000)). We published a notice of initiation of a changed circumstances review on September 15, 2000 to determine whether Incheon is the successor to the merger of Incheon and Kangwon. See *Initiation of Changed Circumstances Antidumping Duty Administrative Review: Structural Steel Beams from Korea*, 65 FR 55944. The Department issued questionnaires on September 29, 2000 and December 1, 2000 and received responses on November 6, 2000 and December 15, 2000. As provided in section 782(i) of the Act, from January 17–19, 2001, the Department conducted an on-site verification of the information on the record. See January 29, 2001 Verification Report at 1. (A public version is located in Room B–099 of the main Department building.) On March 21, 2001, the Department published in the **Federal Register** the preliminary results of its antidumping duty changed circumstance review. As noted above, the Department did not receive comments from interested parties.

The Department is conducting the changed circumstances review in accordance with 19 CFR 353.22(f).

Scope of Review

The products covered by this review are doubly-symmetric shapes, whether hot-or cold-rolled, drawn, extruded, formed or finished, having at least one

dimension of at least 80 mm (3.2 inches or more), whether of carbon or alloy (other than stainless) steel, and whether or not drilled, punched, notched, painted, coated or clad. These products include, but are not limited to, wide-flange beams ("W" shapes), bearing piles ("HP" shapes), standard beams ("S" or "I" shapes), and M-shapes.

All products that meet the physical and metallurgical descriptions provided above are within the scope of this investigation unless otherwise excluded. The following products are outside and/or specifically excluded from the scope of this investigation: structural steel beams greater than 400 pounds per linear foot or with a web or section height (also known as depth) over 40 inches.

The merchandise subject to this investigation is classified in the Harmonized Tariff Schedule of the United States ("HTSUS") at subheadings: 7216.32.0000, 7216.33.0030, 7216.33.0060, 7216.33.0090, 7216.50.0000, 7216.61.0000, 7216.69.0000, 7216.91.0000, 7216.99.0000, 7228.70.3040, 7228.70.6000. Although the HTSUS subheadings are provided for convenience and Customs purposes, the written description of the merchandise under investigation is dispositive.

Successorship

On the basis of the record developed in this proceeding, we determine that Incheon is the successor-in-interest to the merger of Incheon and Kangwon for the purposes of determining antidumping duty liability. For a complete discussion of the basis for this decision, see the "Preliminary Results."

Final Results of Changed Circumstances Antidumping Duty Administrative Review

The Department determines Incheon is the successor to the merger of Incheon and Kangwon, and thus, Incheon shall retain the antidumping duty deposit rate assigned to Incheon by the Department in the investigation. We are issuing and publishing this determination and notice in accordance with sections 751(b)(1) and 777(i)(1) of the Act and section 19 CFR 351.221(c)(3)(i).

Dated: June 18, 2001.

Faryar Shirzad,

Assistant Secretary for Import Administration.

FOR FURTHER INFORMATION CONTACT: Simona P. Roberts, (301) 713-2322, ext 106 or Christina Fahy, (562) 980-4023.

SUPPLEMENTARY INFORMATION:

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, notice of a proposed authorization is provided to the public for review.

Permission may be granted if NMFS finds that the taking will have no more than a negligible impact on the species or stock(s) and will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses and that the permissible methods of taking and requirements pertaining to the monitoring and reporting of such taking are set forth.

On April 10, 1996 (61 FR 15884), NMFS published an interim rule establishing, among other things, procedures for issuing incidental harassment authorizations (IHAs) under section 101(a)(5)(D) of the MMPA for activities in Arctic waters. For additional information on the procedures to be followed for this authorization, please refer to that document.

Summary of Request

On May 23, 2001, NMFS received an application from NBVC requesting an authorization for the harassment of small numbers of marine mammals incidental to the demolition and removal of approximately 12 buildings and associated infrastructures. The demolition site encompasses a total area of approximately 8 acres (3.2 hectares (ha)) at the entrance of Mugu Lagoon in Point Mugu, CA.
