

The bridge owner also requested that the bridge be allowed to remain in the closed position at various times to facilitate several phases of the rehabilitation construction. MDOT anticipates that the closures will not occur more than once a week and should not exceed 48 hours in duration. MDOT will provide three days notice prior to each closure to the Bath Harbor master, the local newspapers, and the Coast Guard in order to notify the public and assist marine interests.

This deviation to the operating regulations, effective from July 5, 2001 through August 31, 2001, allows the Carlton Bridge to need not open for vessel traffic between 6:30 a.m. and 4:30 p.m., Monday through Friday; except that, from 9 a.m. to 9:15 a.m., 12 p.m. to 12:30 p.m., and 2 p.m. to 2:15 p.m., the draw shall remain open for vessel traffic. The bridge will remain in the open position from 4:30 p.m. to 6:30 a.m., Monday through Friday, and all day on weekends. The bridge will also be allowed to remain closed to vessel traffic for periods up to 48 hours once a week during this deviation to facilitate bridge repairs. Inbound commercial fishing vessels will be passed as soon as possible, except during the 48 hour closure periods.

The bridge owner did not provide the required thirty-day notice to the Coast Guard for this deviation; however, this deviation was approved because the repairs are necessary in order to keep the bridge operating and prevent an unscheduled closure due to component failure.

In accordance with 33 CFR 117.35(c), this work will be performed with all due speed in order to return the bridge to normal operation as soon as possible.

This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: July 5, 2001.

Gerald M. Davis,

*Captain, U.S. Coast Guard, Acting
Commander, First Coast Guard District.*

DEPARTMENT OF TRANSPORTATION

Coast Guard

33 CFR Part 165

[CGD09-01-067]

RIN 2115-AA97

Safety Zone; Lake Michigan, Grand Haven, MI

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for the Loeks-Star Theatres Fireworks in Grand Haven, Michigan. This safety zone is necessary to protect vessels and spectators from potential airborne hazards during a planned fireworks display over Lake Michigan. The safety zone is intended to restrict vessels from a portion of Lake Michigan off Grand Haven, Michigan.

DATES: This rule is effective from 9 p.m. until 10:30 p.m. (local), August 1, 2001.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of docket [CGD09-01-067] and are available for inspection or copying at Marine Safety Office Chicago, 215 W. 83rd Street, Suite D, Burr Ridge, Illinois 60521, between 7:30 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: MST2 Mike Hogan, U.S. Coast Guard Marine Safety Office Chicago, 215 W. 83rd Street, Suite D, Burr Ridge, IL 60521. The telephone number is (630) 986-2175.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM, and under 5 U.S.C. 553(d)(3), good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. The permit application was not received in time to publish an NPRM followed by a final rule before the necessary effective date. Delaying this rule would be contrary to the public interest of ensuring the safety of spectators and vessels during this event and immediate action is necessary to prevent possible loss of life or property. The Coast Guard has not received any complaints or negative comments with regard to this event.

Background and Purpose

This temporary safety zone is necessary to ensure the safety of vessels and spectators from hazards associated with a fireworks display. Based on recent accidents that have occurred in other Captain of the Port zones, and the explosive hazard of fireworks, the Captain of the Port Chicago has determined firework launches in close proximity to watercraft pose significant risks to public safety and property. The

likely combination of large numbers of recreational vessels, congested waterways, darkness punctuated by bright flashes of light, alcohol use, and debris falling into the water could easily result in serious injuries or fatalities. Establishing a safety zone to control vessel movement around the location of the launch platforms will help ensure the safety of persons and property at these events and help minimize the associated risks.

Entry into, transit through or anchoring within this safety zone is prohibited unless authorized by the Captain of the Port Chicago or his designated on-scene representative. The designated on-scene representative may be contacted on VHF/FM Marine Channel 16.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040, February 26, 1979). The Coast Guard expects the economic impact of this proposal to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule would not have a significant economic impact on a substantial number of small entities.

This rule will affect the following entities: the owners or operators of vessels intending to transit or anchor in a portion of Lake Michigan off Grand Haven from 9 p.m. to 10:30 p.m., August 1, 2001. This regulation would not have a significant economic impact for the following reasons. The regulation is only in effect for only 1 and 1/2 hours on one day. The designated area is being established to allow for maximum use of the waterway for commercial vessels to

enjoy the fireworks display in a safe manner. In addition, commercial vessels transiting the area can transit around the area. The Coast Guard will give notice to the public via a Broadcast to Mariners that the regulation is in effect.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104-121), we offered to assist small entities in understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking process. Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

We have analyzed this rule under Executive Order 13132, Federalism, and have determined that this rule does not have implications for federalism under that Order.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive

Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Environment

We have considered the environmental impact of this rule and concluded that under figure 2-1, paragraph (34)(g), of Commandant Instruction M16475.IC, this rule is categorically excluded from further environmental documentation. A "Categorical Exclusion Determination" is available in the docket for inspection or copying where indicated under ADDRESSES.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons set out in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191, 33 CFR 1.05-1(g), 6.04-1, 6.04-6, 160.5; 49 CFR 1.46.

2. A new temporary § 165.T09-957 is added to read as follows:

§ 165.T09-957 Safety Zone; Lake Michigan, Grand Haven, MI.

(a) *Location.* The following area is a safety zone: all waters of Lake Michigan within the arc of a circle with a 140-foot radius from the fireworks launch site with its center in approximate position 43° 00' 00" N, 086° 13' 7" W (off #50 Wilderness Drive) (NAD 1983).

(b) *Effective time and date.* This regulation is effective from 9 p.m. until 10:30 p.m. (local), on August 1, 2001.

(c) *Regulations.* This safety zone is being established to protect the boating public during a planned fireworks display. In accordance with the general regulations in § 165.23 of this part, entry into this zone is prohibited unless authorized by the Coast Guard Captain of the Port Chicago, or the designated Patrol Commander.

Dated: June 25, 2001.

R.E. Seebald,

Captain, U.S. Coast Guard, Captain of the Port Chicago.

BILLING CODE 4910-15-U

LIBRARY OF CONGRESS

Copyright Office

37 CFR Part 202

[Docket No. RM 95-7C]

Registration of Claims to Copyright, Group Registration of Photographs

AGENCY: Copyright Office, Library of Congress.

ACTION: Final regulations.

SUMMARY: The Copyright Office of the Library of Congress is announcing final regulations to establish a new procedure for group registration of published photographs. The new regulations permit submission of groups of published images in a variety of formats as deposit copies, together with an application and filing fee. This option applies to groups of works created by an individual photographer that are published within one calendar year. The Office is also modifying deposit requirements for groups of unpublished
