assisting FEMA in providing policy direction for the program of Federal assistance to State and local governments in their radiological emergency preparedness and planning activities. The Transportation Accidents Subcommittee of the FRPCC prepared FEMA–REP–5, Revision 2.

FEMA REP-5, Revision 2 guides State, Tribal and local government officials who prepare or revise emergency response plans for transportation accidents involving radioactive materials. Although use of the guidance is not mandatory, FEMA and the other members of the FRPCC recommend it for use in developing hazard specific plans as part of allhazards emergency response plans at all levels of government. REP-5 was first published in March 1983. Revision 1 was published in June 1992. Its availability was noticed in 57 FR 33094 (July 24, 1992). A draft version of REP-5 Revision 2 was circulated for public comment on August 5, 1999. 64 FR 42697 (August 5, 1999). The final version of REP-5, Revision 2, which is the subject of this notice, incorporates comments submitted in response to the August 5, 1999 **Federal Register** notice, as appropriate, and supersedes all previous versions.

To Order Documents: FEMA has mailed 10 copies to each State; 5 of which were sent to the radiological health agency and the to the emergency management agency. Tribal governments, local governments and other interested parties may obtain copies by written request addressed to: Federal Emergency Management Agency, P.O. Box 70274, Washington, DC 20024, or by telephoning the FEMA Distribution Center at 1–800–480–2520. Please refer to FEMA–REP–5, Revision 2 dated November 2000 when requesting this document.

Section 7A of the Clayton Act, 15 U.S.C. 18a, as added by Title II of the Hart-Scott-Rodino Antitrust Improvements Act of 1976, requires persons contemplating certain mergers or acquisitions to give the Federal Trade Commission and the Assistant Attorney General advance notice and to wait designated periods before consummation of such plans. The grants were made by the Federal Trade Commission and the Assistant Attorney General for the Antitrust Division of the Department of Justice. Analysis of Proposed Consent Order To Aid Public Comment

The Federal Trade Commission has accepted an agreement to a proposed consent order with Natural Organics, Inc. and Gerald A. Kessler, the principal who controlled this corporation (referred to collectively as "Respondents"). The agreement would settle a complain by the Federal Trade Commission that Respondents engaged in unfair or deceptive acts or practices in violation of sections 5 and 12 of the Federal Trade Commission Act.

The proposed consent order has been placed on the public record for thirty (30) days for reception of comments by interested persons. Comments received during this period will become part of

the public record. After thirty (30) days, the Commission will again review the agreement and the comments received and will decide whether it should withdraw from the agreement or make final the agreement's proposed order.

This matter concerns advertising representations made about Pedi-Active A.D.D., a dietary supplement. The administrative complain alleged that Respondents violated the FTC Act by disseminating advertisements that made unsubstantiated efficacy claims about the ability of Pedi-Active A.D.D. to treat Attention Deficit Hyperactivity Disorder ("ADHD") or certain symptoms of that disorder. Specifically, the complaint alleged that Respondents made unsubstantiated claims that Pedi-Active A.D.D. will: (1) Improve the attention span of children who have difficulty focusing on school work; (2) improve the scholastic performance of children who have difficulty focusing on school work; (3) improve the attention span of children who suffer from ADHD; (4) improve the scholastic performance of children who suffer from ADHD; and (5) treat or mitigate ADHD or its symptoms.

The proposed consent order contains provisions designed to prevent Respondents from engaging in acts and practices similar to those alleged in the complain in the future. Part I of the proposed consent order prohibits Respondents from claiming that Pedi-Active A.D.D. or any other food, drug, or dietary supplement (1) will improve the attention span of children who have difficulty focusing on school work, (2) will improve the scholastic performance of children who have difficulty focusing on school work, (30 will improve the attention span of children who suffer from ADHD, (4) will improve the scholastic performance of children who suffer from ADHD, or (5) can treat or mitigate ADHD in children, unless they posses competent and reliable scientific evidence substantiating the claim. In addition, Part II of the proposed consent order requires Respondents to possess competent and reliable scientific
